COSTLY FIRE IN ALLIANCE AND LIVES ENDANGERED

Swept Away $50,000 Worth of Property and Resulted in Two Fatal Accidents.

FIERCE BLAZE IN THE HEART OF THE TOWN

Alliance, August 22.—(Special)—A great fire that caused the loss of many thousands of dollars in property, and may cost several lives, occurred here this morning. So grave was the danger to the entire street, upon which the burned buildings stood, that business was suspended in all parts of the city and the people turned out to help the firemen avert the threatened disaster.

At the very start of the fire, the horses attached to a chemical engine became frightened at a street car and dashed through the crowd. The rear wheels of the engine passed over Charles White, a fireman, and he was so badly injured that it is feared he will die. Miss Dinger, a young lady employed in a store, was watching the blaze, was struck by the fleeing animals and knocked to the ground. The heavy engine passed over her body, seriously crushing her about the chest and limbs. A short time later a section of iron railing fell from the second story of the burning buildings and struck Wm. Spring, aged about 10 years, on the head. The boy was painfully but not seriously injured.

Three buildings located in the heart of the business section, on Main street, between Arch and Linden avenues, were entirely consumed. Two of the structures were the property of Dr. J. I. Tressel and stood upon the north side of the street. The third stood opposite and was the property of Dr. W. S. Hoffman, who occupied it. The other buildings were occupied by the Graham sisters' millinery store, J. Shaffer's piano and music store. All of these structures were of wood. On either side of them stands the large Crist and Russell brick blocks. The Crist block is occupied by the big dry goods store of Spring, Holzwarth & Co. Their stock of merchandise was badly damaged by smoke and water. The Russell grocery occupies the other building and this stock was also badly damaged by fire, water and smoke.

The fire started from a bonfire back of the Graham store and fanned by the wind soon communicated with the building. The flames spread with great rapidity and had gained a firm hold by the time the department arrived. The wildest confusion prevailed for a time.

A passing street car frightened the horses attached to the chemical engine and ran away, dragging the heavy wheels over Hunt's stomach. He was

CARTWRIGHT BROS. CONCERNED

Meet Members of Council and Protest Against the Railroad Ordinance—Action Comes Too Late.

Feeling that they are to be losers as the result of the passage of the railroad ordinance, the active members of Cartwright Bros.' pottery called at the city hall yesterday afternoon and protested against the ordinance going into effect. Their protests were in vain, however, the ordinance having become a law at midnight Thursday. For the purpose of having their interests defended, the gentlemen were instrumental in having a number of councilmen and the board of public service meet at the city hall last evening. Members of the two bodies explained that it was too late to tamper with the ordinance and an endeavor was made to show them that they will not suffer according to the provisions of the measure.

The provision to which the firm objects is rather misleading, specific mention not being made concerning the railroad track which is to pass the Cartwright Bros.' plant. They are of the opinion, and say that their judgment is based on the words of a railroad official, that the railroad company intends to cut off their transportation facilities to a great degree. The board of service members and a few of the councilmen stated to them that there was no such understanding with the railroad officials and that such proceedings will not be made by the railroad.

City Solicitor Davidson was asked regarding the ordinance and he gave it as his opinion that the ordinance was a law on Thursday at 12 o'clock, midnight. That settled any re-consideration last evening, and after the matter had been fully explained, every one seemed to be satisfied. However, this morning the Cartwright Bros. were again a little nervous, and Councilman Moon had a long conference with them while the ground in question was being inspected. It is the wish of the pottery people that the ordinance be amended at the next regular meeting of council, but it is not likely that it will be tampered with in the least.

Relative to any action taken by the railroad company on this proposition, a member of the service board and another prominent citizen had a conversation last evening. They were decidedly of the opinion that nothing would be done that would in any manner hamper the pottery. One of them said:

"Do you suppose for one minute that the railroad officials are a pack of greenies? They have always treated the pottery manufacturers in this city with great consideration. Had they not done so, the railroad situation would be much different at the present time. There has never been a time that the manufacturers asked for something that they really needed that the railroad company did not concede it. That is the reason we only have the one railroad passing through the city. The company has been very obliging to the manufacturers in the past, and they are not going to chop off their own heads now." If the manufacturers were very desirous that another company get into this city, don't think for a moment that their capital and influence would not get it."

THE POSTOFFICE SITE TO BE DECIDED SEPT. 21

Postmaster Surles has received information that will be welcome to East Liverpool. The question of a site for the government building will be settled inside of the next month. Mr. Surles is in receipt of a communication from the treasury department and of the following notice signed by L. M. Shaw, secretary of the architects' department:

"Notice is hereby given that final consideration and selection will be made of site for United States government building to be erected at East Liverpool, O., and purchase thereof closed on the 21st day of Sept. 1903. Any persons being desirous to submit further statements in writing relative to any of the sites offered are informed that they will be given consideration if on file before final action."

No inkling has been given out of the site favored by the government agent who made an inspection of sites here recently.

SHOT AND KILLED HIS PLAYMATE

Gus Dawson, Cousin of the Officer, Figures in a Pittsburg Tragedy.

Gus Dawson, aged 12 years, a cousin of Officer Clifford Dawson, living in Pittsburg, accidentally shot and killed a young playmate Thursday. Young Dawson was held for examination by the coroner who released him, the evidence being conclusive that the killing was accidental.

The Dawson boy and his playmate were playing with a Flobert rifle. Dawson put the gun over his shoulder and while his friend was walking in the rear the trigger of the gun caught on a twig and exploded, the entire load emptying into the neck of the boy.

NO ACTION YET ON GAS QUESTION

Various Reasons Why the Committee Has So Far Done Nothing.

PROMPT ACTION WANTED

It has been nearfly two weeks since President Horwell appointed the committee to take up the gas question with the corporations who have announced their intention of advancing the price, and the progress can be summed up in the words: Nothing accomplished. The committee is a good one, and there is no doubt of its interest in the cause, but without a leader no one seems disposed to take it on himself to call a meeting of the committee.

Messrs. Bullock, McKeone, Purinton, Smith and their associates on the committee have been waiting for a call from Mr. Horwell, who is acknowledged to be the proper party to make the first move but several obstacles have been encountered to prevent the committee getting together.

The president of council announced that a meeting would be held last Monday night, at which it was proposed to talk over and adopt some definite plan of action. Unfortunately a special meeting of council was also called for that evening and the two conflicted. President Horwell and the two members of the council who represented it upon the committee were compelled to give their attention to the city's business. Other members of the gas committee were on hand, but the meeting of the latter body was called off. They left the city hall with the understanding that Mr. Horwell would call them together later in the week, but he has failed to do so.

At the meeting of trades council held this week it was announced by the representatives of that body on the committee that a meeting would surely be held before the week was out. It was also stated that some of the members of the committee were acting in a manner which would indicate indifference, and though the delegates were loath to believe it, it was feared that the project would fail of ever being realized, unless more interest was manifested. A member of trades council, in discussing the matter this morning, said:

"I would hate to think that Mr. Horwell is not sufficiently interested to act promptly in this gas steal matter, but I have heard it hinted at more than once during the week. If he only knew how important the question is to the several thousand working people in this city he would surely make some move. I understand the gas corporations have begun the August reading and are preparing to put the new rate into effect early next month, and unless there is some united effort made to prevent it there is little doubt that they will go ahead with the unjust and uncalled for increase.

"The time will be very short in which to take the necessary steps, but I believe the trades council will act independently at its next meeting if the committee appointed by President Horwell fails to do its duty before the second of September. The central labor union has been put to considerable expense and its legislative committee has spent a great amount of time upon the accomplishment of this purpose, and it will not give up the fight so easily."

Mr. Horwell could not be found today, but it is likely he will call a meeting early in the week.

STILL IN LOVE WITH SHOW LIFE

Mabel Gromo Has Returned to Her Home, Apparently Not Sorry.

OFFICER FOUND HER EASILY

She Says She Still Loves Smith and Talks of the Possibility of Running Away Again—Her Story of Her Travels.

Weary and rather haggard looking from her journey which consumed the entire night, and during which she did not get a wink of sleep, the pretty adventuress, Miss Mabel Gromo, was landed at the city hall this morning by Officer Dawson, who was detailed yesterday morning to go to Coshocton and return her to this city.

Officer Dawson's trip was uneventful. He had no trouble whatever in locating the girl and she did not remonstrate against returning, notwithstanding that a local morning publication stated she was averse to coming home and would not accompany the officer. Dawson left Coshocton last night at 10 o'clock arriving at Steubenville attended the runaway until early this morning when they boarded the Panhandle train and landed in Chester shortly after 8 o'clock. When the officer arrived at the city hall he left the girl in the hands of Chief Wyman, who held her until noon, when her father arrived from his home in Hancock county and took her back to her brokenhearted mother.

In conversation with a News Review reporter Mabel told the entire story of her trip. She said she left East Liverpool on Sunday morning, her sister younger than she, accompanying her to the train. She met Charles Smith, who runs a side show with the carnival company, at Alliance, and they both went from there to Coshocton, where she remained during the entire time. Her reason for staying in Coshocton when Smith was absent was because he had promised to send for her when he got located. She said he was very good to her and that she loved him dearly.

"I tell you carnival life beats slinging mud a good deal," she said. I don't like the boys of East Liverpool, anyway. They are too slow. It takes a man with a show to attract me. I am going over home to stay with my parents for a few days and maybe I will stay for good, but if they mistreat me in the least I intend to run away again and the next time I go it will be so far that they can not locate me either by letters or telegrams."

In explanation for the letter that was published in the News Review exclusively, stating that she was in Ravenna she said: "I have been in Coshocton all of the time. I know how you came get that letter. It was from a soft fellow who wanted me to go with him. He followed me to Coshocton and cried and begged me on his knees to leave Charley. I would not do so and he thought he would help locate me. The reason he thought I was in Ravenna was because the carnival company went there from Coshocton. His home is in Kittanning."

WHERE FISH BITE WELL

Boston, August 22.—The fishermen have had phenomenal luck this week and catches landed at "T" wharf, the great fish market, the past three days, were valued at $300,000. More than 100,000 pounds of cod, hake and haddock, caught just outside Boston Harbor, were landed Tuesday, 100,000 pounds yesterday and 500,000 pounds today. Besides this, there were 400 swordfish brought in Sunday, ranging in size from an 80-pounder to 600 pounds, and there were at least one hundred that weighed 500 pounds each.

The largest fish caught was brought in by David Blotchford, a Provincetown fisherman. It was a veritable Goliath among horse mackerel, weighing 1,000 pounds and measuring nine feet from nose to tail. In capturing it Blotchford had the aid of two men, one of whom was dragged overboard and nearly drowned. Despite the enormous catches, prices rule high.

HIT HIM HARD WITH A PLATE

Angry Young Woman Threw Dishes in a Second Street Restaurant.

A young woman went into a restaurant on Second street yesterday afternoon and when five young men directed a few remarks to her, she jumped from a seat at a table and threw several dishes at them. One of the plates hit a man on the shoulder, nearly dislocating it and another went through a $20 plate glass. Officer McDermott apprehended the girl this afternoon, but released her on her promise to pay for the damage done.

RELIANCE LEADS IN FIRST HALF

Predictions and Bets Freely Offered That She Will Win Today.

REMARKABLE GAIN MADE

Sandy Hook, August 22.—(Special)—The Reliance has a sufficient lead to overcome her time handicap and will win the race if the wind holds out strong enough for her to finish within the time limit. At 2:25 the Reliance was three quarters of a mile in the lead and was nearing the turn. The turn had not been made when this bulletin was sent out. In this manuever the skill of the Reliance's crew is expected to gain additional advantage.

The Shamrock crossed the starting line at 11:45 and the Reliance a minute later. The wind was 12 knots an hour and the weather clear. The challenger soon lost her actual lead, a handicap of 1 minute and 54 seconds for the cup defender. While the sea was rolling considerably the day is ideal for the race. The gain of the defender upon the challenger was slow and steady from the very start and increased as the race progressed.

The course is 15 miles to the windward and return and the entire length of it is lined with sea craft, containing thousands of interested spectators. The betting today has favored the American boats and odds 3 to 1 on her victory were freely offered.

For the first 50 minutes the race was so close as to cause great excitement. At last accounts the Reliance maintained her lead, but it was feared the boats could not finish on time to call it a race.

Four miles of the return course have been sailed, the Reliance leading and apparently sure to win.

BABY MADE USE OF TO DECEIVE HUSBAND

Strange Story Told in Pittsburg Regarding Unfortunate Irene Mitchell's Child.

A stange story comes from Pittsburg concerning the infant that was born to Miss Irene Mitchell, formerly of East Liverpool, in a hospital in that city. At the time of Miss Mitchell's death it was stated that the infant had been adopted by a Pittsburg family, but it could not be learned by whom. A dispatch from Pittsburg says:

"In a little home in Schoenville a Polish young man and his wife lived. The father was fondly waiting the arrival of a child. His wife secured from the Reinemann Maternity hospital the little waif born on July 24, and with the collusion of a doctor made her husband believe it was theirs.

"Just what steps will be taken by Miss Mitchell's relatives to secure the child have not yet been determined upon. Inspector W. D. Shannon, of the bureau of health, is anxious to locate the child for fear it may develop small pox within the next few days, as its mother had the disease. He knows the name of the doctor in the case, but the latter refuses to divulge the name of the Polish family, saying he does not wish to disrupt the happy family.

"Shannon has written to the girl's relatives, but has not heard from them. Meanwhile, the body of the beautiful young girl, reposes in a lonely grave in Allegheny cemetery."

ANOTHER PRETTY GIRL STRANGELY DISAPPEARS

Gertrude Cooper, a Well known Decorator in a Local Pottery, Is Missing.

RELATIVES ARE VERY DEEPLY CONCERENED

Another East Liverpool girl is thought to have joined the romantic band of elopers. At least, she has disappeared from her home and relatives have been searching for her in vain. This girl is Gertrude Cooper, 17 years old, a decorator at the K. T. & K. pottery, and one of the prettiest girls known in the Crockery City.

Gertrude has been missing since Tuesday evening. She boards and rooms with relatives on Fenton street and on Tuesday evening, according to them, she left the house without stating where she was going and has not returned. A diligent search has revealed the fact that she did not leave the city Tuesday evening, she having been seen Wednesday. The police were notified last evening of her disappearance, and were asked to run down any clue that might result in her capture.

The relatives of Miss Cooper, with whom she has been living, are deeply concerned over their niece's actions and it is feared that her uncle will suffer considerably, he being now in poor health. The shock to him has been severe up to the present time and his wife stated to a News Review reporter that she thought he would not be able to stand her absence, if it is of long duration.

There are said to be at least a half dozen young men of the city with whom Gertrude has been intimate during the past few months, and it is the belief of her relatives that one of them has induced her to act so imprudently. All of the men are prominent in society circles and today, after they learned that report of the affair had reached the police, they were very much frightened. She is said to have a very dear friend in Pittsburg also and some think she may have gone there to meet him.

Miss Cooper is well known in the city. She has worked at the pottery above named for a long time and is well liked by all who know her. She was intimate with Mabel Gromo, who said this morning that Gertrude had told her many times of her courtship with the Pittsburg man.

The father of Gertrude is dead. He died in this country and a short time afterwards the family moved back to England. Gertrude was allowed to come to this city by the solicitation of her relatives on Fenton street.

SALEM OFFICIALS BOLDLY DEFIED

Columbiana County Telephone Company Pays No Attention to City Solicitor's Orders.

Salem, August 22.—The officials of the Columbiana County Telephone company are still openly defying the city and refusing to comply with the provisions of the franchise notwithstanding the recent instructions of the council to the solicitor. They are not recognizing the law under which they gained entrance into the city, says the Herald.

On Tuesday General Manager W. F. Crossley went to the grocery store of Henry Stiffler and told him that he would have to sign a contract for $36 if he wanted service. This new contract and rates were to take effect at once. Mr. Stiffler offered the money to Manager Crossley at the regular rate, but the latter refused to accept it. Manager Crossley said he would send a man up and have Mr. Stiffler sign up at the rates advanced by the company, and which it is trying to bluff and force its subscribers to sign. Mr. Stiffler refused to sign at the advanced rate but offered to pay them the lawful rate.

On Wednesday morning his telephone service was stopped and remained so all day. This was because he had refused to sign at the company's price. Mr. Stiffler got busy and saw the judiciary committee of the council and told them about the actions of Manager Crossley. The councilmen were indignant at the open defiance of the company. The committee held a conference with the city solicitor regarding the matter.

The city solicitor in turn saw Carey & Mullins, the attorneys for the company. Mr. Mullins told the told the officials to again give Mr. Shiffler telephone service for the time being. Mr. Crossley was out of the city today. A number of the councilmen wanted a special meeting of the council called to take action in regard to the company. The city solicitor did not think it would be advisable, however, and none will be held. There is considerable feeling in the city concerning the actions of the company officials about the way they attempt to raise rates.

ANGRY ITALIAN ARRESTED FOR HIS THREAT TO SHOOT

Charged with pointing firearms at Tom Guardi, who lives in close quarters to his home, Salvatore Cirone was arrested this afternoon and taken before Mayor Weaver. He pleaded not guilty to the allegations. Several witnesses were summoned for the preliminary hearing, which was held at about 3 o'clock.

Guardi appeared at the mayor's office early this morning in a very excited condition. He claimed that Cirone had made a desperate attempt to kill him and that he was afraid he would carry out some dire threats if not locked up. A warrant was issued for Cirone' arrest and he was landed at the city hall by an officer at 1:30 o'clock.

According to the statement of Guardi and several others who claimed to have been eye witnesses, the trouble started when the wife of Cirone approached Guardi in the rear of his lot where he had gone to get a bucket of water from the hydrant and spit on him several times. Guardi told the woman that he did not care to quarrel with her and ordered her away. She replied that she would tell her husband and they could settle things.

Guardi did not think the woman meant anything by her retort and a few moments later when he started to return to his house he was terribly frightened by Cirone who had climbed to the roof of a one-story barn and said he was going to shoot him. Guardi was scared so badly that he was unable to move at the time but he soon regained his composure and ran with great haste.

Guardi and Cirone are shoemakers and have been fighting for months. It is thought the trouble this morning was simply the end of a long feud.

"I tell you carnival life beats slinging mud a good deal," she said. I don't like the boys of East Liverpool, anyway. They are too slow. It takes a man with a show to attract me. I am going over home to stay with my parents for a few days and maybe I will stay for good, but if they mistreat me in the least I intend to run away again and the next time I go it will be so far that they can not locate me either by letters or telegrams."

In explanation for the letter that was published in the News Review exclusively, stating that she was in Ravenna she said: "I have been in Coshocton all of the time. I know how you came get that letter. It was from a soft fellow who wanted me to go with him. He followed me to Coshocton and cried and begged me on his knees to leave Charley. I would not do so and he thought he would help locate me. The reason he thought I was in Ravenna was because the carnival company went there from Coshocton. His home is in Kittanning."

WHERE FISH BITE WELL

Boston, August 22.—The fishermen have had phenomenal luck this week and catches landed at "T" wharf, the great fish market, the past three days, were valued at $300,000. More than 100,000 pounds of cod, hake and haddock, caught just outside Boston Harbor, were landed Tuesday, 100,000 pounds yesterday and 500,000 pounds today. Besides this, there were 400 swordfish brought in Sunday, ranging in size from an 80-pounder to 600 pounds, and there were at least one hundred that weighed 500 pounds each.

The largest fish caught was brought in by David Blotchford, a Provincetown fisherman. It was a veritable Goliath among horse mackerel, weighing 1,000 pounds and measuring nine feet from nose to tail. In capturing it Blotchford had the aid of two men, one of whom was dragged overboard and nearly drowned. Despite the enormous catches, prices rule high.

HIT HIM HARD WITH A PLATE

Angry Young Woman Threw Dishes in a Second Street Restaurant.

A young woman went into a restaurant on Second street yesterday afternoon and when five young men directed a few remarks to her, she jumped from a seat at a table and threw several dishes at them. One of the plates hit a man on the shoulder, nearly dislocating it and another went through a $20 plate glass. Officer McDermott apprehended the girl this afternoon, but released her on her promise to pay for the damage done.

Three Officers on Duty.

Lisbon, August 22.—(Special)—Sheriff Leonard and Deputies David and Bert Eells and Frank Marquis are on duty at the harvest home picnic at Shelton's grove today.

RELIANCE LEADS IN FIRST HALF

Predictions and Bets Freely Offered That She Will Win Today.

REMARKABLE GAIN MADE

Sandy Hook, August 22.—(Special)—The Reliance has a sufficient lead to overcome her time handicap and will win the race if the wind holds out strong enough for her to finish within the time limit. At 2:25 the Reliance was three quarters of a mile in the lead and was nearing the turn. The turn had not been made when this bulletin was sent out. In this maneuver the skill of the Reliance's crew is expected to gain additional advantage.

The Shamrock crossed the starting line at 11:45 and the Reliance a minute later. The wind was 12 knots an hour and the weather clear. The challenger soon lost her actual lead, a handicap of 1 minute and 54 seconds for the cup defender. While the sea was rolling considerably the day is ideal for the race. The gain of the defender upon the challenger was slow and steady from the very start and increased as the race progressed.

The course is 15 miles to the windward and return and the entire length of it is lined with sea craft, containing thousands of interested spectators. The betting today has favored the American boats and odds 3 to 1 on her victory were freely offered.

For the first 50 minutes the race was so close as to cause great excitement. At last accounts the Reliance maintained her lead, but it was feared the boats could not finish on time to call it a race.

Four miles of the return course have been sailed, the Reliance leading and apparently sure to win.

BABY MADE USE OF TO DECEIVE HUSBAND

Strange Story Told in Pittsburg Regarding Unfortunate Irene Mitchell's Child.

A stange story comes from Pittsburg concerning the infant that was born to Miss Irene Mitchell, formerly of East Liverpool, in a hospital in that city. At the time of Miss Mitchell's death it was stated that the infant had been adopted by a Pittsburg family, but it could not be learned by whom. A dispatch from Pittsburg says:

"In a little home in Schoenville a Polish young man and his wife lived. The father was fondly waiting the arrival of a child. His wife secured from the Reinemann Maternity hospital the little waif born on July 24, and with the collusion of a doctor made her husband believe it was theirs.

"Just what steps will be taken by Miss Mitchell's relatives to secure the child have not yet been determined upon. Inspector W. D. Shannon, of the bureau of health, is anxious to locate the child for fear it may develop small pox within the next few days, as its mother had the disease. He knows the name of the doctor in the case, but the latter refuses to divulge the name of the Polish family, saying he does not wish to disrupt the happy family.

"Shannon has written to the girl's relatives, but has not heard from them. Meanwhile, the body of the beautiful young girl reposes in a lonely grave in Allegheny cemetery."

ANOTHER PRETTY GIRL STRANGELY DISAPPEARS

Gertrude Cooper, a Well known Decorator in a Local Pottery, Is Missing.

RELATIVES ARE VERY DEEPLY CONCERENED

Another East Liverpool girl is thought to have joined the romantic band of elopers. At least, she has disappeared from her home and relatives have been searching for her in vain. This girl is Gertrude Cooper, 17 years old, a decorator at the K. T. & K. pottery, and one of the prettiest girls known in the Crockery City.

Gertrude has been missing since Tuesday evening. She boards and rooms with relatives on Fenton street and on Tuesday evening, according to them, she left the house without stating where she was going and has not returned. A diligent search has revealed the fact that she did not leave the city Tuesday evening, she having been seen Wednesday. The police were notified last evening of her disappearance, and were asked to run down any clue that might result in her capture.

The relatives of Miss Cooper, with whom she has been living, are deeply concerned over their niece's actions and it is feared that her uncle will suffer considerably, he being now in poor health. The shock to him has been severe up to the present time and his wife stated to a News Review reporter that she thought he would not be able to stand her absence, if it is of long duration.

There are said to be at least a half dozen young men of the city with whom Gertrude has been intimate during the past few months, and it is the belief of her relatives that one of them has induced her to act so imprudently. All of the men are prominent in society circles and today, after they learned that report of the affair had reached the police, they were very much frightened. She is said to have a very dear friend in Pittsburg also and some think she may have gone there to meet him.

Miss Cooper is well known in the city. She has worked at the pottery above named for a long time and is well liked by all who know her. She was intimate with Mabel Gromo, who said this morning that Gertrude had told her many times of her courtship with the Pittsburg man.

The father of Gertrude is dead. He died in this country and a short time afterwards the family moved back to England. Gertrude was allowed to come to this city by the solicitation of her relatives on Fenton street.

SALEM OFFICIALS BOLDLY DEFIED

Columbiana County Telephone Company Pays No Attention to City Solicitor's Orders.

Salem, August 22.—The officials of the Columbiana County Telephone company are still openly defying the city and refusing to comply with the provisions of the franchise notwithstanding the recent instructions of the council to the solicitor. They are not recognizing the law under which they gained entrance into the city, says the Herald.

On Tuesday General Manager W. F. Crossley went to the grocery store of Henry Stiffler and told him that he would have to sign a contract for $36 if he wanted service. This new contract and rates were to take effect at once. Mr. Stiffler offered the money to Manager Crossley at the regular rate, but the latter refused to accept it. Manager Crossley said he would send a man up and have Mr. Stiffler sign up at the rates advanced by the company, and which it is trying to bluff and force its subscribers to sign. Mr. Stiffler refused to sign at the advanced rate but offered to pay them the lawful rate.

On Wednesday morning his telephone service was stopped and remained so all day. This was because he had refused to sign at the company's price. Mr. Stiffler got busy and saw the judiciary committee of the council and told them about the actions of Manager Crossley. The councilmen were indignant at the open defiance of the company. The committee held a conference with the city solicitor regarding the matter.

The city solicitor in turn saw Carey & Mullins, the attorneys for the company. Mr. Mullins told the told the officials to again give Mr. Shiffler telephone service for the time being. Mr. Crossley was out of the city today. A number of the councilmen wanted a special meeting of the council called to take action in regard to the company. The city solicitor did not think it would be advisable, however, and none will be held. There is considerable feeling in the city concerning the actions of the company officials about the way they attempt to raise rates.

ANGRY ITALIAN ARRESTED FOR HIS THREAT TO SHOOT

Charged with pointing firearms at Tom Guardi, who lives in close quarters to his home, Salvatore Cirone was arrested this afternoon and taken before Mayor Weaver. He pleaded not guilty to the allegations. Several witnesses were summoned for the preliminary hearing, which was held at about 3 o'clock.

Guardi appeared at the mayor's office early this morning in a very excited condition. He claimed that Cirone had made a desperate attempt to kill him and that he was afraid he would carry out some dire threats if not locked up. A warrant was issued for Cirone' arrest and he was landed at the city hall by an officer at 1:30 o'clock.

According to the statement of Guardi and several others who claimed to have been eye witnesses, the trouble started when the wife of Cirone approached Guardi in the rear of his lot where he had gone to get a bucket of water from the hydrant and spit on him several times. Guardi told the woman that he did not care to quarrel with her and ordered her away. She replied that she would tell her husband and they could settle things.

Guardi did not think the woman meant anything by her retort and a few moments later when he started to return to his house he was terribly frightened by Cirone who had climbed to the roof of a one-story barn and said he was going to shoot him. Guardi was scared so badly that he was unable to move at the time but he soon regained his composure and ran with great haste.

Guardi and Cirone are shoemakers and have been fighting for months. It is thought the trouble this morning was simply the end of a long feud.

Picnic Day Oration.

Lisbon, August 22.—(Special)—Dr. Ward Beecher Pickard, pastor of the Epworth Memorial M. E. church, of Cleveland, will give his lecture on "The House that Jack Built," at the Harvest Home picnic, Shelton's grove, today. He was entertained in Lisbon by Captain Nicholas Way.

PARENTS FIGHTING OVER THEIR CHILD

Each With Millions of Dollars They Take Their Case to a Supreme Court.

WELL KNOWN OIL MAN

One of the Alleged Principals in a Mysterious Case—The Other Is His Former Nurse—Child Now in a Convent.

The name of T. N. Barnsdall, the Pittsburger, is familiar throughout West Virginia and the Ohio oil regions by virtue of his extensive operations in oil and is well known in river and iron circles. He is now connected with a sensational effort to get possession of a child in Los Angeles. A dispatch from Columbus says a pretty little girl bearing the name of Arvilla Bell, a name belonging to neither father or mother, is the object of a fight out in Los Angeles, between her parents, each backed by millions; a fight that has many sensational details, and which has been carried to the supreme court of California.

The fight brings in the name of T. N. Barnsdall, a wealthy oil and iron magnate of Pittsburg; a man interested in oil wells in Marietta, and claiming beet sugar interests in Michigan. The mother is Cora Davis, the wife of Sol Davis of Los Angeles, and she is enedavoring to get the child from the sisters of the Pico Heights convent.

The woman used to live in Columbus, and apparently had a limitless bank account to judge from the manner of her living and her luxurious surroundings.

She kept herself closely housed, only going out in the evening with her maid, and at stated times she was visited by a man who was known as being from Pittsburg. This much she told a business man in town. She engaged the services of a leading physician of the East Side for her accouchment, which was expected, and then engaged another several months before the time stated to the first physician. At the critical time a nurse from no one knows where attended her. A local business man was called hurriedly to her house when the baby was but a few days old, testified to the fact of asking to see the new baby, that it was at least six weeks old.

The entire affair was wrapped in mystery, but the physician who was engaged, and who was not bidden to the house at the time of the birth of the child, took up a line of detective work himself.

The woman calling herself Mrs Bell had been a professional nurse taking care of Mr. Barnsdall while he was at Mt. Clemens some time before, and after the rupture between them which came shortly after the child's appearance, she sued him for several thousand dollars for the child's support.

Subsequently Mrs. Bell was married to Mr. Davis, who was a workman in one of the steel plants.

The Davis family moved to California and the millionaire had A. A. Hopkins of Los Angeles appointed guardian of the child and had her placed in a convent.

Mrs. Davis has testified that she was compelled to sign a petition for the guardianship of the child which enabled Hopkins to gain control of her.

COMBINATION FORMED

Of Independent Sheet and Tin Plate Companies Operating In Ohio.

Pittsburg, August 22.—By the merging of a number of sheet and tin plate companies in the Pittsburg district, an independent combine has been formed. The United Sheet and Tin Plate company, with headquarters in Pittsburg and Columbus, has just been organized, with the absorption of the following companies: Marietta Sheet and Tin Plate company, Marietta, O.; the Tin Dipping Branch of the American Tin and Terne Plate company, Philadelphia; Tuscarora Steel company, with rolling mill and galvanizing plant at Newcomerstown, O.; Cambridge-Byesville Sheet company, now building a 50 ton open hearth steel furnace with blooming and bittlet mills at Byesville, O.; the Byesville Coal company, Byesville, and the Tucker Steel Roofing company, Newark, O., also owning natural gas wells at Marietta and Byesville, O.

The estimated output annually of the company will be 40,000 to 50,000 tons of billets, sheet and tin plate, bars, 30,000 tons of black sheets, plate and tin plates and galvanized iron, some of which will be in the shape of corrugated iron conductor pipe and stel ceiling. M. F. Straus, of Philadelphia, is president of the new combine.

THE WEATHER.

Ohio—Fair; continued warm; Sunday partly cloudy, probably showers and cooler in afternoon; brisk southwest to northwest winds.

Western Pennsylvania—Fair; Sunday partly cloudy, probably showers and cooler; fresh to brisk southwest to northwest winds.

West Virginia—Fair and warmer; Sunday fair.

CARROLLTON NOTES.

Another kiln of 800 saggers was fired yesterday.

The bins and benches are being put up in the biscuit ware house.

The pottery people will install their own electric light plant as soon as the machinery is put in motion.

The third ware kiln has been completed all but the flooring, and the fourth will be in the same shape by Saturday.

The second decorating kiln is about half topped out, but will not be finished until the ware kilns have been lined.

The pottery management is anxious to have all those delinquent to pay up immediately. There is still $6,000 unpaid, and the money is needed badly.

All the machinery for the slip house is in place excepting three cylinders—glaze, frit and color cylinders—and besides these the turning lathes are to come, and that will complete the machinery.

AMONG THE WORKERS.

The new Columbia pottery at Kokomo is about ready to start.

Jacob McBee has taken a position at the Taylor, Smith & Taylor pottery.

Will Gillespie has accepted a pressing job at the Taylor, Smith & Taylor.

Albert Welch, who recently quit at East Palestine, is sticking up at Sebring.

The French and Oliver companies, Sebring, are getting out new lines of specialties.

The Ohio China company, Sebring, has received an order for ware from Porto Rico.

Thomas Farmer, who has been working at Salem, returned to this city a few days ago.

Foster Mackall was in Sebring a few days this week calling on old associates in the potteries.

James Bradley has taken a baker bench at the Shenango and will leave for New Castle next week.

A. S. Allen, of the Ohio China company, Sebring, has been entertaining a distinguished guest in the person of P. H. Arthur, an offical of the Mexican railway.

Benjamin Conkle, who has been employed for a long time as saggermaker at the Thompson pottery, has accepted a position at the Edwin M. Knwoles plant.

Orlando Ralston, who resigned as decorating kiln fireman at the Sevres to accept a similar job at the Taylor, Smith & Taylor, will start on his new work Monday.

Subsequently Mrs. Bell was married to Mr. Davis, who was a workman in one of the steel plants.

The Davis family moved to California and the millionaire had A. A. Hopkins of Los Angeles appointed guardian of the child and had her placed in a convent.

Mrs. Davis has testified that she was compelled to sign a petition for the guardianship of the child which enabled Hopkins to gain control of her.

COMBINATION FORMED

Of Independent Sheet and Tin Plate Companies Operating In Ohio.

Pittsburg, August 22.—By the merging of a number of sheet and tin plate companies in the Pittsburg district, an independent combine has been formed. The United Sheet and Tin Plate company, with headquarters in Pittsburg and Columbus, has just been organized, with the absorption of the following companies: Marietta Sheet and Tin Plate company, Marietta, O.; the Tin Dipping Branch of the American Tin and Terne Plate company, Philadelphia; Tuscarora Steel company, with rolling mill and galvanizing plant at Newcomerstown, O.; Cambridge-Byesville Sheet company, now building a 50 ton open hearth steel furnace with blooming and bittlet mills at Byesville, O.; the Byesville Coal company, Byesville, and the Tucker Steel Roofing company, Newark, O., also owning natural gas wells at Marietta and Byesville, O.

The estimated output annually of the company will be 40,000 to 50,000 tons of billets, sheet and tin plate, bars, 30,000 tons of black sheets, plate and tin plates and galvanized iron, some of which will be in the shape of corrugated iron conductor pipe and stel ceiling. M. F. Straus, of Philadelphia, is president of the new combine.

THE WEATHER.

Ohio—Fair; continued warm; Sunday partly cloudy, probably showers and cooler in afternoon; brisk southwest to northwest winds.

Western Pennsylvania—Fair; Sunday partly cloudy, probably showers and cooler; fresh to brisk southwest to northwest winds.

West Virginia—Fair and warmer; Sunday fair.

J. Sasser, a presser, has resigned his position and will go to Cameron, W. Va.

CARROLLTON NOTES.

Another kiln of 800 saggers was fired yesterday.

The bins and benches are being put up in the biscuit ware house.

The pottery people will install their own electric light plant as soon as the machinery is put in motion.

The third ware kiln has been completed all but the flooring, and the fourth will be in the same shape by Saturday.

The second decorating kiln is about half topped out, but will not be finished until the ware kilns have been lined.

The pottery management is anxious to have all those delinquent to pay up immediately. There is still $6,000 unpaid, and the money is needed badly.

All the machinery for the slip house is in place excepting three cylinders—glaze, frit and color cylinders—and besides these the turning lathes are to come, and that will complete the machinery.

AMONG THE WORKERS.

The new Columbia pottery at Kokomo is about ready to start.

Jacob McBee has taken a position at the Taylor, Smith & Taylor pottery.

Will Gillespie has accepted a pressing job at the Taylor, Smith & Taylor.

Albert Welch, who recently quit at East Palestine, is sticking up at Sebring.

The French and Oliver companies, Sebring, are getting out new lines of specialties.

The Ohio China company, Sebring, has received an order for ware from Porto Rico.

Thomas Farmer, who has been working at Salem, returned to this city a few days ago.

Foster Mackall was in Sebring a few days this week calling on old associates in the potteries.

James Bradley has taken a baker bench at the Shenango and will leave for New Castle next week.

A. S. Allen, of the Ohio China company, Sebring, has been entertaining a distinguished guest in the person of P. H. Arthur, an offical of the Mexican railway.

Benjamin Conkle, who has been employed for a long time as saggermaker at the Thompson pottery, has accepted a position at the Edwin M. Knowles plant.

Orlando Ralston, who resigned as decorating kiln fireman at the Sevres to accept a similar job at the Taylor, Smith & Taylor, will start on his new work Monday.

EAST END

RAILROAD COMPANY READY TO RESUME

Work of Double Tracking Through the East End Will Be Commenced Early Next Week.

Announcement was made this morning by a well posted railroader that the track work of completing the double tracking through the East End would be resumed early next week by the contractors as a result of the adjustment of the company's differences with the city. That the company was confident all along of a satisfactory settlement is apparent from the amount of material that was placed along the line ready to be used as soon as the railroad ordinance became effective. Near Mulberry street the plates for the new crossing have been on the ground for some time and a few days ago the ties for the additional track were distributed from the crossing west to Ralstons.

The work of raising the old track to a height of 18 inches will be taken up with the work of double tracking.

A NOVEL PLAN

Is Being Successfully Worked to Have New Christian Church Edifice Painted.

A novel plan for the painting of the new Christian church edifice on Maple street, has been adopted by the members of the congregation and that it is a successful one is evidenced by the fact that the work is well under way this morning. The building of the edifice taxed the financial means of the small congregation to some extent and when the additional expenditure for the painting was about to be incurred the plan was brought forward.

A voluntary contribution was asked for to purchase the necessary paints, oils, and brushes and then volunteer workmen were asked for. To both requests there was a liberal response and the edifice will be beautified at a very small cost.

TWO CONCERNS

Are Negotiating for a Valuable Factory Site In the East End.

It was reliably reported this morning that two Pittsburg enterprises have been negotiating with East End parties for the purchase of a factory site near that of the Juniata Silica company. The site in question is owned by the Supplee Land company and is considered one of the most desirable in this section. Mr. Supplee admitted this morning that representatives of two Pittsburg concerns had been negotiating for the site, when confronted with the rumor.

It is understood that neither concern manufactures clay products, a pleasing bit of information to East Enders, who are anxious to see a diversity of industries.

IN GOOD CONDITION

Investigation of Health Officer Yesterday Reflects Credit to People of the East End.

Complaints as to the condition of a number of out houses were investigated yesterday afternoon by Health Officer Ogden and Sanitary Policeman Burgess. Through the lack of a sewerage system the people of the East End are a great deal handicapped in the disposal of garbage and other refuse matter but that they take a great pride in the sanitary condition is apparent from the result of the numerous investigations of the authorities. With few exceptions all premises have been found in good sanitary condition.

At the present time the East End is free from malignant and infectious disease, with the exception of one mild case of scarlet fever in Sandy oottom.

Not After May Apples.

Col. Sam Dixon appeared on Mulberry street early this morning with a hoe and a spade over his shoulder and a look of determination on his face. Since he disposed of his steamboat interests there has been considerable speculation as to what business Col. Dixon would engage in, and it was reported this morning that he was going out to dig May apple roots. This was untrue, as the implements were used in repairing the damage to a sidewalk wrought by the recent storm.

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It.

NAU'S DYSPEPSIA CURE—IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter." (Signed) N. M. CHURCH, Cashier La Grande, Oregon National Bank.

NERVOUS PROSTRATION CURED BY PE-RU-NA.

HAL. P. DENTON.

Mr. Hal. P. Denton, Chief Department Publicity and Promotion of National Export Exposition, writes:

Philadelphia, Dec. 20, 1899.

The Peruna Medicine Co., Columbus, O.

Gentlemen:—"Toward the latter part of August I found myself in a very much run-down condition. I suffered particularly from catarrh of the stomach, aggravated no doubt by the responsibilities and worriment incident to the exploitation of a great international exposition. What I ate distressed me and I would lie awake at night 'threshing over,' if I may use that expression, the affairs of the previous day.

"My family physician said I had nervous prostration and recommended a sea voyage. I gradually grew worse. A kind friend whom I had known in Ohio recommended Peruna. Though skeptical, I finally yielded to his advice. After using one bottle I was much improved and with the fifth bottle came complete recovery. I am in perfect health to-day and owe everything to Peruna."

Very truly yours,

HAL. P. DENTON.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Degree Team Drilling.

Buckeye Castle No. 98, Knights of the Golden Eagle, held an interesting meeting last night at the hall in the Larkins building and several candidates were given the degrees. The new parahhernalia and regalia, ordered some time ago, has arrived and were used last night for the first time. Members of the degree team held practice before the meeting and will soon be in shape to do the large amount of work in prospect for the winter season.

Usual Services Tomorrow.

Arrangements have been made to supply the pulpit of the Second Presbyterian church at both the morning and evening services tomorrow Rev. Mr. Ackerman, of the Chester church will conduct the morning service and Rev. Mr. Snyder, of the Long's Run church will preach in the evening. Both divines are well known to the members of the congregation and they will be pleased at the opportunity to hear them.

Brownlee Getting Well.

Alex. Brownlee, of Dry Run, the man who had an arm severed a short time ago under the wheels of a C. & P. train, was able today to be out upon the streets. He called upon several East End friends during the morning and visited his physician's office to have the wound dressed. The wound is healing nicely. Mr. Brownlee has been unusually unfortunate of late, he having sustained a broken leg in a fall last New Year's eve.

Planned a Surprise.

Dr. F. F. Davis and family, of St. George street, drove to New Sheffield this morning to spend the day with Mrs. McGivens. Today is the anniversary of Mrs. McGiven's birth and the visit was planned as a surprise to her. Several other near relatives will be present and quite a pleasant time is anticipated.

A Farewell Visit.

Miss May Marshall, the Indian missionary, who visited East End relatives a short time ago, is expected here again next week. Miss Marshall is a cousin of Rev. J. N. Swan, of Ohio avenue, and she will be a guest at his home. This will be her farewell visit before returning to India to resume her work.

Critically Ill From Pneumonia.

John Wilson, of Railroad street, who has been ill for several weeks was reported to be in a most critical condition this morning and very little hope is entertained of his recovery. The attending physicians have diagnosed his malady to be pleuro-pneumonia.

EAST END AFFAIRS.

J. M. Buckle, of Mulberry street, is suffering from a severe cold.

Dr. William Calhoun has returned from a two weeks visit with Jefferson county relatives.

Mrs. W. E. Baird and daughter, Allie, returned last evening from a visit with relatives at Scio and other points.

Mrs. R. J. Marshall and children, left this morning for Beaver, where they will make a brief visit with relatives.

Mr. and Mrs. William Ramsay, of Canonsburg, returned yesterday after a pleasant visit with Thomas Ramsay and family.

Miss Jennie Cowan, of the Chambers store, has returned from her vacation, passed at Burgettstown, with friends and relatives.

COUNTY AND NEIGHBORHOOD

Mayor Thomas, of Niles, had his pocket picked on a street car and lost $800.

While chopping wood, Daniel Wagner, of Leetonia, cut four of his toes almost off.

W. J. Hayes & Son, Cleveland, gave $990 premium for $27,000 of Salem's five per cent refunding bonds.

Conrad Grund, aged 83 years, a civil war veteran, died at his home in Hanoverton a few days ago after a long illness.

Jack Finley, of Salem, caught a turtle that was 30 inches across the back and could not be placed in an ordinary wash tub.

About 25 men employed by the Irondale Coal company went out on a strike. The dispute is in regard to pay on different lines of coal.

The centennial reunion and anniversary of the Ewing family was held at Camp park, in Austintown township, Mahoning county. About 300 members of the historic old family were in attendance.

Mrs. John Tullis, of Lisbon, is lying very ill with blood poisoning at the home of her aunt, Mrs. Ferguson, between Elkton and Columbiana. Mrs. Tullis is a daughter of Frank Nuzum and is said to have contracted blood poisoning by washing his clothes after his death.

A dispatch has been received in Toronto, announcing the death of Mrs. Amelia Pracht, wife of Harry Rarey, who left Toronto a few months ago accompanied by her husband and little son to recover her health in New Mexico. Mrs. Rarey died in Texas, en route home.

New Kind of Life Insurance.

For twenty five cents you can insure yourself and family against any serious results from an attack of bowel complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected.
Dangerous urinary troubles follow.
An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills, I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold at the W. & W. Pharmacy.

Doctor

Pronounced My Case Incurable, Said I Would Die Of Heart Disease.

Dr. Miles' Heart Cure Brought Good Health.

"I have every reason to recommend the Dr. Miles Remedies as the Heart Cure saved my life. I am a large man, considerably over six feet in height, weigh nearly three hundred pounds. Some years ago my heart was so seriously affected that I never expected to get well. Doctors pronounced my case incurable. I noticed your advertisement in some paper, and bought six bottles of the Heart Cure. I felt great relief and improved so I continued until I had taken twelve bottles. My trouble was organic and I never expected to be permanently cured, but thanks to Dr. Miles' Heart Cure, I have kept in good health and have been able to follow my profession continually since first taking the remedies eight years ago. I am a musician, teacher of instrumental and vocal music, musical conductor, etc. I have taught all over the state of Michigan and have recommended Dr. Miles' Heart Cure to thousands of persons in all parts of the state and have heard nothing but good reports of it. I have induced dozens of persons in my own county to take Dr. Miles' Heart Cure as my word is never doubted by those who know me."—C. H. Smith, Flint, Mich.

"I am a druggist and have sold and recommended Dr. Miles' Heart Cure, for I know what it has done for me, and I wish I could state more clearly the splendid good health I am enjoying now. Your Restorative Nervine gives excellent satisfaction."—Dr. T. H. Watts, Druggist, Hot Springs, S. D.

LIFE PLANT

THE GREAT DISEASE EXTERMINATOR OF THE 20th CENTURY.

LIFE PLANT

A WARRANTY GOES WITH THIS MEDICINE

It cures to stay cured—all diseases of the STOMACH—LIVER—KIDNEYS—BLOOD and SKIN DISEASES. Its rapid cures are marvelous. It is a system restorer and tissue builder of the highest standard. There is no failure or disappointment. It does the work quickly and thoroughly—it brings back the color to the cheeks—the lips grow red—the eyes bright—unsightly blotches and pimples disappear—the head is held erect—the step becomes quick and buoyant—sleep is sweet and refreshing. No dreams leave their shadows for the next day—the mind becomes clear and active—appetite and digestion are perfect—the love of life is sweet again and the weak, tired, worn-out, moody and despondent self is buried irrevocably in the past.

Mr. J. C. Lukens, of Tippecanoe, Ohio, says: I have been greatly relieved of Nervousness, Stomach and Kidney Trouble by the use of Life Plant. As a family medicine to keep the blood in order and tone up the system and prevent sickness, I think it stands at the head of the list. Tippecanoe, March 1, 1900.

LIFE PLANT is sold at $1.00 per bottle—6 bottles $5.00. Sold by all druggists—sent anywhere on receipt.

EAST END

RAILROAD COMPANY READY TO RESUME

Work of Double Tracking Through the East End Will Be Commenced Early Next Week.

Announcement was made this morning by a well posted railroader that the track work of completing the double tracking through the East End would be resumed early next week by the contractors as a result of the adjustment of the company's differences with the city. That the company was confident all along of a satisfactory settlement is apparent from the amount of material that was placed along the line ready to be used as soon as the railroad ordinance became effective. Near Mulberry street the plates for the new crossing have been on the ground for some time and a few days ago the ties for the additional track were distributed from the crossing west to Ralstons.

The work of raising the old track to a height of 18 inches will be taken up with the work of double tracking.

A NOVEL PLAN

Is Being Successfully Worked to Have New Christian Church Edifice Painted.

A novel plan for the painting of the new Christian church edifice on Maple street, has been adopted by the members of the congregation and that it is a successful one is evidenced by the fact that the work is well under way this morning. The building of the edifice taxed the financial means of the small congregation to some extent and when the additional expenditure for the painting was about to be incurred the plan was brought forward.

A voluntary contribution was asked for to purchase the necessary paints, oils, and brushes and then volunteer workmen were asked for. To both requests there was a liberal response and the edifice will be beautified at a very small cost.

TWO CONCERNS

Are Negotiating for a Valuable Factory Site In the East End.

It was reliably reported this morning that two Pittsburg enterprises have been negotiating with East End parties for the purchase of a factory site near that of the Juniata Silica company. The site in question is owned by the Supplee Land company and is considered one of the most desirable in this section. Mr. Supplee admitted this morning that representatives of two Pittsburg concerns had been negotiating for the site, when confronted with the rumor.

It is understood that neither concern manufactures clay products, a pleasing bit of information to East Enders, who are anxious to see a diversity of industries.

IN GOOD CONDITION

Investigation of Health Officer Yesterday Reflects Credit to People of the East End.

Complaints as to the condition of a number of out houses were investigated yesterday afternoon by Health Officer Ogden and Sanitary Policeman Burgess. Through the lack of a sewerage system the people of the East End are a great deal handicapped in the disposal of garbage and other refuse matter but that they take a great pride in the sanitary condition is apparent from the result of the numerous investigations of the authorities. With few exceptions all premises have been found in good sanitary condition.

At the present time the East End is free from malignant and infectious disease, with the exception of one mild case of scarlet fever in Sandy bottom.

Not After May Apples.

Col. Sam Dixon appeared on Mulberry street early this morning with a hoe and a spade over his shoulder and a look of determination on his face. Since he disposed of his steamboat interests there has been considerable speculation as to what business Col. Dixon would engage in, and it was reported this morning that he was going out to dig May apple roots. This was untrue, as the implements were used in repairing the damage to a sidewalk wrought by the recent storm.

Degree Team Drilling.

Buckeye Castle No. 98, Knights of the Golden Eagle, held an interesting meeting last night at the hall in the Larkins building and several candidates were given the degrees. The new parahhernalia and regalia, ordered some time ago, has arrived and were used last night for the first time. Members of the degree team held practice before the meeting and will soon be in shape to do the large amount of work in prospect for the winter season.

Usual Services Tomorrow.

Arrangements have been made to supply the pulpit of the Second Presbyterian church at both the morning and evening services tomorrow. Rev. Mr. Ackerman, of the Chester church will conduct the morning service and Rev. Mr. Snyder, of the Long's Run church will preach in the evening. Both divines are well known to the members of the congregation and they will be pleased at the opportunity to hear them.

Brownlee Getting Well.

Alex. Brownlee, of Dry Run, the man who had an arm severed a short time ago under the wheels of a C. & P. train, was able today to be out upon the streets. He called upon several East End friends during the morning and visited his physician's office to have the wound dressed. The wound is healing nicely. Mr. Brownlee has been unusually unfortunate of late, he having sustained a broken leg in a fall last New Year's eve.

Planned a Surprise.

Dr. F. F. Davis and family, of St. George street, drove to New Sheffield this morning to spend the day with Mrs. McGivens. Today is the anniversary of Mrs. McGiven's birth and the visit was planned as a surprise to her. Several other near relatives will be present and quite a pleasant time is anticipated.

A Farewell Visit.

Miss May Marshall, the Indian missionary, who visited East End relatives a short time ago, is expected here again next week. Miss Marshall is a cousin of Rev. J. N. Swan, of Ohio avenue, and she will be a guest at his home. This will be her farewell visit before returning to India to resume her work.

Critically Ill From Pneumonia.

John Wilson, of Railroad street, who has been ill for several weeks was reported to be in a most critical condition this morning and very little hope is entertained of his recovery. The attending physicians have diagnosed his malady to be pleuro-pneumonia.

NERVOUS PROSTRATION CURED BY PE-RU-NA.

HAL. P. DENTON.

Mr. Hal. P. Denton, Chief Department Publicity and Promotion of National Export Exposition, writes:

Philadelphia, Dec. 20, 1899.

The Peruna Medicine Co., Columbus, O.

Gentlemen:—"Toward the latter part of August I found myself in a very much run-down condition. I suffered particularly from catarrh of the stomach, aggravated no doubt by the responsibilities and worriment incident to the exploitation of a great international exposition. What I ate distressed me and I would lie awake at night 'threshing over,' if I may use that expression, the affairs of the previous day.

"My family physician said I had nervous prostration and recommended a sea voyage. I gradually grew worse. A kind friend whom I had known in Ohio recommended Peruna. Though skeptical, I finally yielded to his advice. After using one bottle I was much improved and with the fifth bottle came complete recovery. I am in perfect health to-day and owe everything to Peruna."

Very truly yours,
HAL. P. DENTON.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

EAST END AFFAIRS.

J. M. Buckle, of Mulberry street, is suffering from a severe cold.

Dr. William Calhoun has returned from a two weeks visit with Jefferson county relatives.

Mrs. W. E. Baird and daughter, Allie, returned last evening from a visit with relatives at Scio and other points.

Mrs. R. J. Marshall and children, left this morning for Beaver, where they will make a brief visit with relatives.

Mr. and Mrs. William Ramsay, of Canonsburg, returned yesterday after a pleasant visit with Thomas Ramsay and family.

Miss Jennie Cowan, of the Chambers store, has returned from her vacation, passed at Burgettstown, with friends and relatives.

COUNTY AND NEIGHBORHOOD

Mayor Thomas, of Niles, had his pocket picked on a street car and lost $800.

While chopping wood, Daniel Wagner, of Leetonia, cut four of his toes almost off.

W. J. Hayes & Son, Cleveland, gave $990 premium for $27,000 of Salem's five per cent refunding bonds.

Conrad Grund, aged 83 years, a civil war veteran, died at his home in Hanoverton a few days ago after a long illness.

Jack Finley, of Salem, caught a turtle that was 30 inches across the back and could not be placed in an ordinary wash tub.

About 25 men employed by the Irondale Coal company went out on a strike. The dispute is in regard to pay on different lines of coal.

The centennial reunion and anniversary of the Ewing family was held at Camp park, in Austintown township, Mahoning county. About 300 members of the historic old family were in attendance.

Mrs. John Tullis, of Lisbon, is lying very ill with blood poisoning at the home of her aunt, Mrs. Ferguson, between Elkton and Columbiana. Mrs. Tullis is a daughter of Frank Nuzum and is said to have contracted blood poisoning by washing his clothes after his death.

A dispatch has been received in Toronto, announcing the death of Mrs. Amelia Pracht, wife of Harry Rarey, who left Toronto a few months ago accompanied by her husband and little son to recover her health in New Mexico. Mrs. Rarey died in Texas, en route home.

New Kind of Life Insurance.

For twenty five cents you can insure yourself and family against any serious results from an attack of bowel complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It.

NAU'S DYSPEPSIA CURE—IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter." Doctor

Pronounced My Case Incurable,

Said I Would Die Of Heart Disease.

Dr. Miles' Heart Cure Brought Good Health.

"I have every reason to recommend the Dr. Miles Remedies as the Heart Cure saved my life. I am a large man, considerably over six feet in height, weigh nearly three hundred pounds. Some years ago my heart was so seriously affected that I never expected to get well. Doctors pronounced my case incurable. I noticed your advertisement in some paper, and bought six bottles of the Heart Cure. I felt great relief and improved so I continued until I had taken twelve bottles. My trouble was organic and I never expected to be permanently cured, but thanks to Dr. Miles' Heart Cure, I have kept in good health and have been able to follow my profession continually since first taking the remedies eight years ago. I am a musician, teacher of instrumental and vocal music, musical conductor, etc. I have taught all over the state of Michigan and have recommended Dr. Miles' Heart Cure to thousands of persons in all parts of the state and have heard nothing but good reports of it. I have induced dozens of persons in my own county to take Dr. Miles' Heart Cure as my word is never doubted by those who know me."—C. H. Smith, Flint, Mich.

"I am a druggist and have sold and recommended Dr. Miles' Heart Cure, for I know what it has done for me, and I wish I could state more clearly the splendid good health I am enjoying now. Your Restorative Nervine gives excellent satisfaction."—Dr. T. H. Watts, Druggist, Hot Springs, S. D.

IT IS SERIOUS

Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected.
Dangerous urinary troubles follow.
An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold at the W. & W. Pharmacy.

"Public Policy," of Chicago, calling attention to the importance of the constitutional amendments to be voted upon by the electors of Ohio in November, states an important point, which voters should not lose sight of. It says: "The Ohio constitution provides that a proposal to amend the constitution must first be submitted to the people by a two-thirds vote of all the members of the general assembly, and then it must receive an affirmative majority of all votes cast at a general election at which members of the general assembly are elected, before it can be proclaimed as having been adopted by the people. Under this rule a voter who casts a vote for a candidate and fails to vote for a pending constitutional amendment permits his negligence to count one vote against the amendment not voted for. At the general election in 1901 the total vote for governor was 840,147. Upon this basis 420,079 votes would have been the lowest number by which a constitutional amendment could have been adopted. Those favoring an amendment must not only overcome the votes of those who actually vote against it; they must also overcome the negligence of voters who do not vote upon the amendment. To be sure this will be done those favoring the taxation and double liability amendments should at once organize and see that there are active workers in every voting district, and as near every polling place as the law will allow, to obtain a promise from every voter that he will vote for these two amendments. He may work for other amendments if he desires, but these two amendments are of paramount importance and must be worked for with all the energy those favoring their adoption can command. We want the address of every person who will volunteer to organize a committee for this purpose in his voting district. This must be done if these amendments are to be adopted."

An automobilist has accomplished a 5,000 mile journey from the Pacific to the Atlantic with his machine. He was 73 days on the road, which is not wonderfully great speed. But the wonder is that he was able to make any speed at all on some of the many bad roads he must have encountered.

OBITUARY

William A. Davies.

William A. Davies, formerly a well known steel man of Pittsburg, is dead in the Englewood hospital, Chicago. His brother, T. H. Davies, of this city, went yesterday to take charge of the body. A sad feature of the death of Mr. Davies is the fact that his mother, who has been visiting her children in this country for the last year, sailed for her home in England last Friday, and will not learn of her son's death until after she lands on the other side. Mr. Davies was 37 years old. He is survived by his widow and three children, four brothers and one sister. Three of the brothers, John, Owen and Gladstone, and his sister, Mrs. T. R. Reese, live in England. The other brother, T. H. Davies, lives in this city.

Mrs. Lizzie Rogers.

Lisbon, August 22.—(Special)—Samuel Todd received word yesterday afternoon of the sudden death of his sister, Mrs. Lizzie Rogers, wife of Charles Rogers, which occurred at Davenport, Ia., Monday evening. Mrs. Rogers was 55 years old, and was born at Dobson's Mill, Wayne township, and was the daughter of Mr. and Mrs. Lloyd Todd, both of whom are dead. She leaves a husband and four grown sons, the oldest a soldier in the Philippines. Two brothers, Samuel, of Lisbon, and William, of Cincinnati, also survive her.

WHAT KIND OF A DRUG STORE DO YOU WANT?

Do you want cheap prices and cheap quality.
Or do you want high prices and high quality.
Or do you want high quality and fair prices.
If quality doesn't count with you and you want only cheap prices then we tell you candidly that you had better not come here to trade; but if you want quality first, last, and all the time—always without any exception the best quality of drugs that can be obtained in all of the markets of the world—if you want that kind of quality then we invite you to make this your headquarters for all drug store purchases. You will not be disappointed with the service that we give you. You will be delighted with it. You will learn to think more and more of our drug store the longer you are acquainted with its methods and the kind of goods that we dispense.

NON-UNION MILLS TO BECOME OPEN

Ninety-Eight Plants Now Operated Non-Union—Sheet Trade Is Dull.

Pittsburg, Aug., 22.—Owing to the idleness of a large number of the union sheet mills of the American Sheet Steel Co., it is probable that a meeting of the advisory board of the shortly for the purpose of declaring the non-union mills of the American Sheet Steel Co. open mills, to enable the idle sheet workers of the Amalgamated association to secure employment in them. With few exceptions the non-union mills of the sheet company are in operation at the present time.

Of the 164 mills of the country 98 the operated non-union, and the remaining 66 mills are manned by sheet workers affiliated with the Amalgamated association. The non-union plants of the American Sheet Steel Co. are as follows: Scottdale, Scottdale, Pa., eight mills; Old Meadows, Scottdale, Pa. six mills; Saltsburg, Saltsburg, Pa. four mills; Hyde Park, Hyde Park, Pa., five mills; Canal Dover, Canal Dover, O., 10 mills; Wood plant, McKeesport, Pa., 13 mills; Wellsville, Wellsville, O., six mills; Apollo, Apollo, Pa., six mills; Vandergrift, Vandergrift, Pa., 23 mills; Kirkpatrick, Leechburg, Pa., 10 mills. The following plants containing 66 mills, are controlled by the Amalgamated association: Aetna-Standard, Midland, Piqua, Struthers, Cambridge, Canton, Naw Philadelphia, Dennison, Falcon and Dresden.

The advisory board will meet some time bfore the end of the month to consider suggestions from the membership. The situation is explained in the following notice, which was sent out yesterday morning from the headquarters of the Amalgamated association:

"The condition of the sheet trade is a deplorable one. At a season of the year when business should be at its best, there is every evidence of extreme dullness in the sheet trade, and most of the mills are doing but little work. The mills of the American Sheet Steel Co., both union and non union, are running by fits and starts and most of the independent mills are doing little or nothing. The condition of many of the workmen who have been standing the brunt of the unfavorable working conditions that have existed in the trade during the past two years is one that is really grave and if there is any way that the association can relieve the stress of circumstances it ought to be done."

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Robbed and Murdered by Tramps.

Wichita, Kan. Aug. 22.—An unknown young man from Indiana was shot in the side by one of four tramps near Augusta, 20 miles west of Wichita. He died several hours later. He and two companions lay down to sleep with tramps during the night. The tramps robbed them of watches and money while asleep. On awakening they showed fight and one was shot. Two men were arrested at Rose Hill upon suspicion. The dead man had been searching for work.

Chose Awful Method of Suicide.

Chicago, Aug. 22.—After saturating her clothing with kerosene and setting it on fire in an effort to commit suicide, Mrs. Mabel Lathey, 2009 Wabash avenue, fell upon the floor of the hallway in her home and awaited death. A boarder in the house discovered the unfortunate woman and with the aid of a policeman succeeded in extinguishing the flames, but not until the woman had been so severely burned that it is feared she will die.

NEAR THE THRONE

Ever since the marvellous success of "The Prisoner of Zenda," theatrical managers and playwrights have been turning eagerly to the popular novels of the day in search of new dramatic and spectacular possibilities for the footlights. The latest novel that has been dramatized and played with great success is "Near the Throne" by W. J. Thorold. This vivid and stirring

tale of Napoleon's conquest of Egypt will be produced at the Grand Opera house Thursday, Aug. 27.

The production, it is said, is on a marvelously elaborate scale; no detail is omitted either in costume or scenery that can add to the beauty or picturesqueness of this fascinating romance.

The star role of 'Marcel Balzar' will be essayed by Thomas B. Alexander of "Prinoser of Zenda" fame, who will be supported by a company of 20 metropolitan artists including Miss Izetta Jewel, of the Castle Squire theatre, Boston.

A Woman's Complexion.

It is rank foolishness to, attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents: regular size, 75 cents. "Public Policy," of Chicago, calling attention to the importance of the constitutional amendments to be voted upon by the electors of Ohio in November, states an important point, which voters should not lose sight of. It says: "The Ohio constitution provides that a proposal to amend the constitution must first be submitted to the people by a two-thirds vote of all the members of the general assembly, and then it must receive an affirmative majority of all votes cast at a general election at which members of the general assembly are elected, before it can be proclaimed as having been adopted by the people. Under this rule a voter who casts a vote for a candidate and fails to vote for a pending constitutional amendment permits his negligence to count one vote against the amendment not voted for. At the general election in 1901 the total vote for governor was 840,147. Upon this basis 420,079 votes would have been the lowest number by which a constitutional amendment could have been adopted. Those favoring an amendment must not only overcome the votes of those who actually vote against it; they must also overcome the negligence of voters who do not vote upon the amendment. To be sure this will be done those favoring the taxation and double liability amendments should at once organize and see that there are active workers in every voting district, and as near every polling place as the law will allow, to obtain a promise from every voter that he will vote for these two amendments. He may work for other amendments if he desires, but these two amendments are of paramount importance and must be worked for with all the energy those favoring their adoption can command. We want the address of every person who will volunteer to organize a committee for this purpose in his voting district. This must be done if these amendments are to be adopted."

WHAT KIND OF A DRUG STORE DO YOU WANT?

Do you want cheap prices and cheap quality.
Or do you want high prices and high quality.
Or do you want high quality and fair prices.
If quality doesn't count with you and you want only cheap prices then we tell you candidly that you had better not come here to trade; but if you want quality first, last, and all the time—always without any exception the best quality of drugs that can be obtained in all of the markets of the world—if you want that kind of quality then we invite you to make this your headquarters for all drug store purchases. You will not be disappointed with the service that we give you. You will be delighted with it. You will learn to think more and more of our drug store the longer you are acquainted with its methods and the kind of goods that we dispense.

An automobilist has accomplished a 5,000 mile journey from the Pacific to the Atlantic with his machine. He was 73 days on the road, which is not wonderfully great speed. But the wonder is that he was able to make any speed at all on some of the many bad roads he must have encountered.

OBITUARY

William A. Davies.

William A. Davies, formerly a well known steel man of Pittsburg, is dead in the Englewood hospital, Chicago. His brother, T. H. Davies, of this city, went yesterday to take charge of the body. A sad feature of the death of Mr. Davies is the fact that his mother, who has been visiting her children in this country for the last year, sailed for her home in England last Friday, and will not learn of her son's death until after she lands on the other side. Mr. Davies was 37 years old. He is survived by his widow and three children, four brothers and one sister. Three of the brothers, John, Owen and Gladstone, and his sister, Mrs. T. R. Reese, live in England. The other brother, T. H. Davies, lives in this city.

Mrs. Lizzie Rogers.

Lisbon, August 22.—(Special)—Samuel Todd received word yesterday afternoon of the sudden death of his sister, Mrs. Lizzie Rogers, wife of Charles Rogers, which occurred at Davenport, Ia., Monday evening. Mrs. Rogers was 55 years old, and was born at Dobson's Mill, Wayne township, and was the daughter of Mr. and Mrs. Lloyd Todd, both of whom are dead. She leaves a husband and four grown sons, the oldest a soldier in the Philippines. Two brothers, Samuel, of Lisbon, and William, of Cincinnati, also survive her.

NON-UNION MILLS TO BECOME OPEN

Ninety-Eight Plants Now Operated Non-Union—Sheet Trade Is Dull.

Pittsburg, Aug., 22.—Owing to the idleness of a large number of the union sheet mills of the American Sheet Steel Co., it is probable that a meeting of the advisory board of the shortly for the purpose of declaring the non-union mills of the American Sheet Steel Co. open mills, to enable the idle sheet workers of the Amalgamated association to secure employment in them. With few exceptions the non-union mills of the sheet company are in operation at the present time.

Of the 164 mills of the country 98 the operated non-union, and the remaining 66 mills are manned by sheet workers affiliated with the Amalgamated association. The non-union plants of the American Sheet Steel Co. are as follows: Scottdale, Scottdale, Pa., eight mills; Old Meadows, Scottdale, Pa. six mills; Saltsburg, Saltsburg, Pa. four mills; Hyde Park, Hyde Park, Pa., five mills; Canal Dover, Canal Dover, O., 10 mills; Wood plant, McKeesport, Pa., 13 mills; Wellsville Wellsville, O., six mills; Apollo, Apollo, Pa., six mills; Vandergrift, Vandergrift, Pa., 23 mills; Kirkpatrick, Leechburg, Pa., 10 mills. The following plants containing 66 mills, are controlled by the Amalgamated association: Aetna-Standard, Midland, Piqua, Struthers, Cambridge, Canton, Naw Philadelphia, Dennison, Falcon and Dresden.

The advisory board will meet some time bfore the end of the month to consider suggestions from the membership. The situation is explained in the following notice, which was sent out yesterday morning from the headquarters of the Amalgamated association:

"The condition of the sheet trade is a deplorable one. At a season of the year when business should be at its best, there is every evidence of extreme dullness in the sheet trade, and most of the mills are doing but little work. The mills of the American Sheet Steel Co., both union and non union, are running by fits and starts and most of the independent mills are doing little or nothing. The condition of many of the workmen who have been standing the brunt of the unfavorable working conditions that have existed in the trade during the past two years is one that is really grave and if there is any way that the association can relieve the stress of circumstances it ought to be done."

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Robbed and Murdered by Tramps.

Wichita, Kan. Aug. 22.—An unknown young man from Indiana was shot in the side by one of four tramps near Augusta, 20 miles west of Wichita. He died several hours later. He and two companions lay down to sleep with tramps during the night. The tramps robbed them of watches and money while asleep. On awakening they showed fight and one was shot. Two men were arrested at Rose Hill upon suspicion. The dead man had been searching for work.

Chose Awful Method of Suicide.

Chicago, Aug. 22.—After saturating her clothing with kerosene and setting it on fire in an effort to commit suicide, Mrs. Mabel Lathey, 2009 Wabash avenue, fell upon the floor of the hallway in her home and awaited death. A boarder in the house discovered the unfortunate woman and with the aid of a policeman succeeded in extinguishing the flames, but not until the woman had been so severely burned that it is feared she will die.

YOUR BUSINESS SOLICITED.

NEAR THE THRONE

Ever since the marvellous success of "The Prisoner of Zenda," theatrical managers and playwrights have been turning eagerly to the popular novels of the day in search of new dramatic and spectacular possibilities for the footlights. The latest novel that has been dramatized and played with great success is "Near the Throne" by W. J. Thorold. This vivid and stirring

tale of Napoleon's conquest of Egypt will be produced at the Grand Opera house Thursday, Aug. 27.

The production, it is said, is on a marvelously elaborate scale; no detail is omitted either in costume or scenery that can add to the beauty or picturesqueness of this fascinating romance.

The star role of 'Marcel Balzar' will be essayed by Thomas B. Alexander of "Prinoser of Zenda" fame, who will he supported by a company of 20 metropolitan artists including Miss Izetta Jewel, of the Castle Squire theatre, Boston.

A Woman's Complexion.

It is rank foolishness to, attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size, 75 cents. WELLSVILLE

A CARBAGE FURNACE

Appears to Be a Pressing Need in Wellsville At Present.

Many complaints have been heard recently from a number of citizens regarding the matter of allowing garbage to accumulate along the rear alleys and in the back yards of a number of properties throughout the city. These complaints are more frequently heard from residents in the West End.

At the rear of a certain restaurant near the railroad shops, several barrels packed with garbage have been allowed to stand uncovered for several days and as a result foul fumes issue from the same, a nuisance which is much to the aversion of people residing in the neighborhood. This is only one of many of such cases which it is thought should be taken up by the board of health and some remedy brought to bear.

These matters have brought about the general discussion of the need of a garbage furnace in the city. It has been suggested by many that petitions be circulated among the citizens in which council and the board of health be requested to use their efforts toward having a garbage furnace established here. No petitions have been circulated as yet, although it is believed that this will be done in the near future.

BIDS WERE OPENED.

For the Improvement of Eve Alley and Other Streets—Several Bidders.

The board of public service met at 12 o'clock today and bids were opened for the improvement of Eve alley, Steubenville street and Lisbon road. The bids were as follows:

Eve alley—H. S. Rinehart, East Liverpool, $1.15 per yard; J. H. French, Salem, $1.40; E. A. Freshwater, New Cumberland, $1.20.

Steubenville street, from Clark avenue to corporate limits—Rinehart, $1.50; French, $1.47; Freshwater, $1.33.3.

Lisbon road—Freshwater, $1.32; Rinehart, $1.45; A. B. Clark, $1.30; French, $1.50.

The bids were placed in the hands of the city engineer, who will look them over and report at a meeting of the board to be held Tuesday morning.

NO WORK THIS WEEK

On the New Pumping Station—Several Reasons For Delay.

The manager of the Duquesne Engineering company, of Pittsburg together with his force of men to start work on the new water works pumping station, have not yet arrived in the city and are not expected by the water works officials before the first of next week.

Superintendent Ewing states that the company has been delayed, because of inability to secure the necessary tools with which to do the work and also because of the non-arrival of the material ordered from the east. As soon as the work is started, it will be rushed with all possible haste.

NEW BAND BENEFIT

A Dance Being Arranged for to Raise Funds for the Organization.

A meeting of the organization of Wellsville's Greater Band was held last evening in the council chamber at the city hall for the purpose of determining the success of the men who have been busy selling tickets for the benefit dance to be held here next Thursday evening.

The meeting was presided over by Mayor Fogo, who is the prime mover in the new enterprise. Only a few of the men reported, but their efforts were more satisfactory and judging from the number of tickets sold the dance for the benefit of the band will be a grand success.

Harry Hale has been employed to run an ice cream stand in connection with the dance, the proceeds of which will go into the benefit fund. The organization adjourned to meet Monday evening when all of the ticket sellers are expected to report.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape This Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkable remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever, will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei, and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be gained by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for the trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but Will Reed's offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home, a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily, you can save the expense and trouble of a mountain trip and avoid all danger of hay fever.

BLAZE DESTROYS VALUABLE LUMBER

A Loss of Perhaps $350 to the J. T. Smith Lumber Company Today.

The fire department was called to the corner of Bradshaw avenue and Ravine street this afternoon, where a barn belonging to the J. T. Smith Lumber company was on fire.

Damage to the amount of about $350 was done, considerable valuable lumber in the building destroyed and more damaged. Prompt work on the part of the department prevented greater loss.

LOTS OF WORK NEEDED BEFORE WINTER COMES

Chester Council Awakens to the Fact That Many Things Must Be Remedied.

The Chester town council seems to have at last awakened to the knowledge that there is a vast amount of work before it which will have to be looked after before winter comes if the citizens may hope to be relieved of the many inconveniences and annoyance with which they were compelled to contend during last winter.

Many matters left in the hands of committees have been hanging fire for months, and it had been determined during the interval since the last meeting to have at least a part of them settled up last night. The citizens of upper Chester registered a complaint through Councilman Dunn against the practice of dumping garbage and other rubbish over the bank at Louisiana avenue. In connection with this complaint, Mr. Anderson mentioned the fact that a cow has been left standing in Tenth street night and day, and that the residents of that part of town were objecting to its presence declaring it a nuisance.

Before any action could be taken Henry Riley secured permission to speak, and stated that he, with a large number of other citizens, objected to paying taxes for lights which they received no benefit from. Councilman Johnston informed him that the light committee had been given the assurance that the new appliances and lighting fixtures would be ready for use within a very short time. Recorder Maxwell thought the gas company would make some allowance for the fact that there was little gas used.

Freshwater & Sons' bid for grading Fairview street was read, asking 50 cents per yard for dirt and $150 for the excavation of rock. The entire job involved the removal of 2,442 yards of the road. The bid was thought to be too high. The question was raised as to where the money for the improvement was to come from and no one seemed to know. Mr. Cunningham made an eloquent appeal in behalf of the First ward taxpayers, who were anxious that the work be done this fall. On the condition that the contractor would accept the city's note the contract was let. The engineer and solicitor were instructed to prepare the specifications and contract.

It was reported that the proceeds from this year's levy had all been spent, and that barely sufficient was left to keep up current expenses.

A number of bills were ordered paid and the engineer was authorized to proceed with the paving of First street. When this work is started, trouble is apt to begin. John Shrader claims title to that part of First street lying between the railroad bridge and Virginia avenue. It is surmised, too, he does not want it improved. Council, however, claims that this street was dedicated to the town as evidenced by the old plat.

HANCOCK PICNIC

Promises to Attract a Great Crowd to the ark September 12.

The Hancock county picnic on Saturday, September 12, will be the gala day of this county. Preparations are being made to handle the crowd. A special low rate will be given on the railroad and several excursion trains will be run on that day. Manager Maxwell promises a good show at the summer theatre. There will be dancing afternoon and evening, the big roller coaster and merry-go-round will have charms for the young people. The old mill is a new feature at the park and it is enjoyed by all.

From reports people are coming from far and near to attend the reunion and picnic of the Hancock county people. Former residents who have not seen their friends in this section for a number of years are making arrangements for a meeting on Saturday, September 12.

NINETIETH BIRTHDAY

Celebrated With An Enjoyable Family Reunion at Mrs. Eliza Moore's Home.

The 90th birthday anniversary of Mrs. Eliza Moore, who resides a short distance south of Hookstown, was celebrated this week, several Chester people being present. The occasion was made memorable by a family union, attended by a large number of relatives from far and near.

Mrs. Moore was born in 1813, and has spent the greater portion of her life in this vicinity. Her husband has been dead for many years, and of the eight children born to the union but three yet survive. A large number of grandchildren and great grandchildren were present and assisted the old lady in the celebration of the event.

Rev. Moore Buchanan, of Morgantown, one of the descendants of the family, made a splendid address, touching upon the various branches of the relationship, and recalling many incidents of family history long since forgotten.

Justice J. M. Reed, of Hookstown, had been slated for a speech upon the history of the community in which Mrs. Moore resided for so many years. The address was one of the very best efforts of the speaker's life, and teemed with interesting points in connection with the people who had lived and died in and about Hookstown. The review was intensely interesting and was listened to with wrapt attention.

ACTIVITY IS SHOWN

In Oil and aGs Circles—Hadley Well Again Looks Promising.

There was more activity in oil and gas circles this morning tha has been noted in several weeks, and the men interested in the Chester Oil and Gas company have determined to bring the business of the concern to a sudden end or have something done toward the further development of their territory without delay.

Information reached Chester this morning to the effect that the well drilled by the company on the Hadley farm had blown out of its own accord and was now boiling over the top at an alarming rate so strong was the pressure of gas. Mr. Hadley discovered the break, and hastened to town to acquaint the stockholders with the fact. John Marshall and John Evans made a trip to the well this afternoon, and upon their report will depend the future course of the company.

It is probable the two other wells called for in the contract with the Stewarts will be put down soon, but not by the latter parties.

WORK IS STOPPED

On First Street Grading Pending Decision of Court on the Matter.

When the work of grading for the proposed paving of First avenue from Virginia avenue to Carolina was started by Contractor Freshwater this morning notice was served upon him to cease the grading at once pending a decision from the court as to the ownership of the way for the street.

The minutes of the town council showed that the property was condemned for street purposes, and the authorities believe they have the right to proceed with the task of paving. Mr. Shrader on the other hand holds that the street right of way is on his property.

Hurt the Manager.

A number of base ball players were playing at Rock Springs yesterday and William Hawkins, the amusement manager, requested them to desist from throwing the ball toward the roller coaster. They did so, but as Mr. Hawkins was leaving a ball was thrown, striking him on the back of the head with great force and causing him much suffering.

Matinee Well Attended.

The children's matinee given at the Rock Springs theater this afternoon was well attended, and a very large crowd was present from East Liverpool and Chester. The management of the theater had announced a free ticket to each child under a certain age, and several hundred youngsters took advantage of the offer.

CHESTER NOTES.

Bert Mercer is visiting friends in the country.

Harry Conkle left yesterday for the Port Homer oil field.

J. A. Beveridge, who came here on business a few days ago, was compelled to return home to Sterling, Ky., on account of illness.

Mrs. Margaret Allison, is the guest of her brotner, and sister-in-law, Mr. and Mrs. Robert Hobbs, of First street.

Arrangements are being made by the Chester base ball team for a trip to East Palestine on Labor day. A game will be played with the team of that village.

It is announced the bricklayers will complete their part of the contract on the Pool building today, and Contractor Silvertlorn will at once begin the completion of the carpenter work.

WELLSVILLE

A CARBAGE FURNACE

Appears to Be a Pressing Need in Wellsville At Present.

Many complaints have been heard recently from a number of citizens regarding the matter of allowing garbage to accumulate along the rear alleys and in the back yards of a number of properties throughout the city. These complaints are more frequently heard from residents in the West End. At the rear of a certain restaurant near the railroad shops, several barrels packed with garbage have been allowed to stand uncovered for several days and as a result foul fumes issue from the same, a nuisance which is much to the aversion of people residing in the neighborhood. This is only one of many of such cases which it is thought should be taken up by the board of health and some remedy brought to bear.

These matters have brought about the general discussion of the need of a garbage furnace in the city. It has been suggested by many that petitions be circulated among the citizens in which council and the board of health be requested to use their efforts toward having a garbage furnace established here. No petitions have been circulated as yet, although it is believed that this will be done in the near future.

BIDS WERE OPENED.

For the Improvement of Eve Alley and Other Streets—Several Bidders.

The board of public service met at 12 o'clock today and bids were opened for the improvement of Eve alley, Steubenville street and Lisbon road. The bids were as follows:

Eve alley—H. S. Rinehart, East Liverpool, $1.15 per yard; J. H. French, Salem, $1.40; E. A. Freshwater, New Cumberland, $1.20.

Steubenville street, from Clark avenue to corporate limits—Rinehart, $1.50; French, $1.47; Freshwater, $1.33.3.

Lisbon road—Freshwater, $1.32; Rinehart, $1.45; A. B. Clark, $1.30; French, $1.50.

The bids were placed in the hands of the city engineer, who will look them over and report at a meeting of the board to be held Tuesday morning.

NO WORK THIS WEEK

On the New Pumping Station—Several Reasons For Delay.

The manager of the Duquesne Engineering company, of Pittsburg together with his force of men to start work on the new water works pumping station, have not yet arrived in the city and are not expected by the water works officials before the first of next week.

Superintendent Ewing states that the company has been delayed, because of inability to secure the necessary tools with which to do the work and also because of the non-arrival of the material ordered from the east. As soon as the work is started, it will be rushed with all possible haste.

NEW BAND BENEFIT

A Dance Being Arranged for to Raise Funds for the Organization.

A meeting of the organization of Wellsville's Greater Band was held last evening in the council chamber at the city hall for the purpose of determining the success of the men who have been busy selling tickets for the benefit dance to be held here next Thursday evening.

The meeting was presided over by Mayor Fogo, who is the prime mover in the new enterprise. Only a few of the men reported, but their efforts were more satisfactory and judging from the number of tickets sold the dance for the benefit of the band will be a grand success.

Harry Haie has been employed to run an ice cream stand in connection with the dance, the proceeds of which will go into the benefit fund. The organization adjourned to meet Monday evening when all of the ticket sellers are expected to report.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape This Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkable remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever, will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei, and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be gained by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for the trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but Will Reed's offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home, a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily, you can save the expense and trouble of a mountain trip and avoid all danger of hay fever.

A GREAT SURPRISE GIVEN

To the Pennsylvania Lads and Their Twirler Batted Unmercifully. Enough Done in Two Innings to Insure East Liverpool Victory.

Because Big Fred Heckathorn, the star first baseman of eastern Ohio forgot that he was not playing practice ball and tried to see how high he could throw, the locals were undeservedly restrained from a shut-out game yesterday afternoon in West End park when they went against the crack aggregation of New Castle. Capt. Reark had the same team on the field that he mustered together last week and they excepting two plays, put up a faultless game. The score resulted 9 to 1 in favor of the home boys.

With a reputation sufficient to carry them to victory in the National league and with strides that plainly demonstrated their feeling of ability the Pennsylvania lads walked into the park and their appearance being decidedly with them local fans were a little nervous over the outcome. Their fears were not of long duration, however, every member of the Crockery City team having his batting eye and in great shape they landed on the visiting twirler. Had the manager of the New Castle boys seen fit to give the first slabbist a rest in the fourth inning there is no telling what the score would have been. He was removed to second for the inning while Forkum, who lost a game, 19 to 2, on the day previous, made a miserable attempt to hold the score down. When Cline was replaced he had nerved considerably and his stunts from that time were some better.

In two innings the locals did enough to insure their victory. They made an avalanche of hits and they combined with errors and wild plays on the part of New Castle gave them easy sailing.

"Big" Heck may be forgiven by his team mates and by the fans for his episode in the sixth, but there is room for doubting it. New Castle had failed to even smell third base and everything was favorable for a shut-out when Fred grabbed the ball and threw it sky high. Klinedes had landed for two bases. Forkburn bunted and was caught at first. Heckathorn saw Klinednst running like wild to third, thought he might intercept him, but not so. The little sphere went out of Brown's reach and the only run was scored. After that three hits were made, giving them an even six, but they were unable to land farther than second.

In the first inning the locals scored three runs, in the third, one; the fourth, three; the seventh, two. All of them were made on good hits and fast base running. In fact the locals exerted themselves on the latter score and played the bases just as hard as they would had Jamestown been the opposition.

Webb did more hitting than for many a day. He got three pretty little singles. Brown was also there with the stick. Heckathorn was not slow either. And Lawrence surprised himsveif.

TORONTO BEATEN IN TWO CAMES

Crockery City and East End Grays Each Administer a Defeat.

Toronto was twice beaten yesterday afternoon by teams from the local league, the first being administered by the Crockery Citys and the second by the East End Grays. The scores were 9 to 3 and 7 to 1. Davidson, who pitched for the Crockety City, allowed but four hits and struck out seven men. Myers excelled in the field. Following is the score and the lineups:

Crockery City .....5 0 1 0 0 0 3—9
Toronti .....1 0 1 0 0 0 1—3

Toronto—Booth, s; Carson, lf; Paisley, 2b; Bray, 1b; Maley, 3b; Clark, rf; Stahl, c; Myers, m; Evans, p.

Crockery City—Jones, 1b; Mountfird, c; Coleman, lf; Bridge, 3b; Miller, 2b; Ivers, rf; Wheeler, rf; Lynch, m; Myers, s; Davidson, p.

The East End Grays kept up their winning streak by defeating the Toronto team yesterday afternoon at Rock Springs park, by a score of 7 to 1. The team accompanied the excursionists from that city yesterday and was the best to be had in Toronto. Bridge and Mountford, of the Crockery Citys, played with the Grays and did good work. Dunn had a slashing home run drive. Score:

East End Grays ....1 0 2 0 2 0 2—7
Toronto .....1 0 0 0 0 0 0—1

Following is the lineup of the two teams:

East End—Mountford, c; Bolton, p; Walker, 1b; Owens, 2b; Bridge, 3b; Meek, s; Phillips, lf; H. Herbert, m; Dunn, rf.

Lisbon Footballists Organizing.

Lisbon, August 22.—(Special)—A meeting held in the Young Men's Lyceum rooms last evening at which preliminary steps were taken for the organization of a football team in Lisbon, was well attended. Arrangements are under way for the organization of a good team. Another meeting soon will be held to elect a manager.

Won In Straight Heats.

Will Larkins' fast horse, Robert L., won the 2:25 pace at the Petersburg fair yesterday in straight heats. Mr. Larkins and George Smith of this city were present at the races. Robert L's best time was 2:21. Baker Boy, Jesse Fisher's fine animal, took 4th place in the 3:00 class, which had 8 enteries.

Moons vs. Stars.

The Pleasant Heights Moons were again beaten last evening by the Lisbon road Stars in a well played game by a score of 8 to 2. The teams are playing a series of eight games.

SPORTING MISCELLANY.

In two days bookmakers at the Hawthorne race track, Chicago, are said to have lost $150,000.

It is said Jeffries and Corbett intend to tour Europe with a theatrical aggregation and expect to clean up a fortune.

A car load of New York speedway celebrities will be sent to Cleveland to participate in the intercity matinee Sept. 1 and 2.

Jeffries has decided to give Jack Munroe, of Butte, the chance for which he says he has been looking. The champion authorized Manager McCarty, of the Los Angeles Athletic Club, to make a match with the Montana man to take place soon.

Secretary Jewett, of the New England Trotting Horse Breeders' association, has perfected arrangements with C. J. K. Billings, owner of Lou Dillon, by which the mare will be sent over the Readville, (Mass.), track on Monday next to beat the world's trotting record of 2:02½.

THE TWENTY-THIRD ANNUAL WEST VIRGINIA STATE FAIR.

To Be Held on Wheeling Island, Commencing Monday, September 7.

An annual announcement to which the people of East Liverpool and of Columbiana county look forward with anticipation of pleasure is the date of the annual state fair in Wheeling. This year the big educational and amusement enterprise will open September 7 and continue until the 11th, inclusive. It is customary to say in advance notices that the "show will be bigger than ever," but the trite phrase is certainly a verity when applied to the state fair, for the catalogues, scores of which are in the hands of citizens of this county, show larger premiums, more and better departments, and the greatest speed program ever offered to lovers of horseflesh in this section.

The State Fair is a permanent institution, which has long since outgrown its name. It is in reality a tri-State fair, and the geographical circle from which its patrons come is being gradually extended. Considered from the standpoint of the exhibitor, the amusement lover or the mere sightseer, it is a great big enterprise, and the people are fortunate in being enabled, through the medium of excursion rates, to see it at small expense.

are overcome by Lydia E. Pinkham's Vegetable Compound.

Miss Menard cured after doctors failed to help her.

"**Lydia E. Pinkham's Vegetable Compound** cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take **Lydia E. Pinkham's Vegetable Compound** and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss Georgie Menard, 537 E. 152nd St., New York City.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

BANK PROMOTER HAS DISAPPEARED

Now His Pessonal Checks Are Turning Up From Many Towns.

Lancaster, O., August 22.—The recently incorporatd bank of Amand, Fafrfield county, will probably never open its doors. It was promoted by J. O. Thomas, who claimed to hail from New York. Thomas succeeded in interesting local and Columbus people in the enterprise, and it was incorporated about two months ago for $25,000. Very little stock was subscribed and none paid in.

Thomas rented a store room and fitted it out with excellent furniture. Sunday last he disappeared and Thursday nearly $1,000 worth of his personal checks, drawn on the bank of Amand, have turned up from Southern Ohio and West Virginia points. Creditors of Thomas have attached the bank furniture and a search is being made for the missing man.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

Section 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

Article II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject, which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approves he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of, a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

Section 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

Speaker of the House of Representatives.
F. B. Archer,
President of the Senate.

Adopted May 2, 1902.

United States of America, Ohio,
Office of the Secretary of State.

I, Lewis C. Laylin, Secretary of State of the State of Ohio, do hereby certify that the foregoing is a true copy of a Joint Resolution adopted by the General Assembly of the State of Ohio on the 2nd day of May, A. D. 1902, taken from the original rolls now on file in this office.

In Testimony Whereof, I have hereunto subscribed my name, and affixed my official seal, at Columbus, the 27th day of January, A. D. 1903.

Lewis C. Laylin,
Secretary of State.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

MUNICIPAL CLASSIFICATION.

Be it resolved by the General Assembly of the State of Ohio:

Section 1. That a proposition shall be submitted to the voters of the state on the first Tuesday after the first Monday in November, 1903, to amend article 13, section 6, of the constitution of the state of Ohio, so that it shall read as follows:

"Article 13, Section 6. The general assembly shall provide by general laws for the organization of cities, incorporated villages and hamlets and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power; provided, that the general assembly may divide cities into not more nor less than three classes, and if such division is made the classification shall be as follows and not otherwise. All cities having a population of more than one hundred thousand shall be cities of the first class; all cities having a population of not more than one hundred thousand nor less than twenty-five thousand shall be cities of the second class; all others shall be cities of the third class."

Section 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words: "Municipal classification amendment, yes"; and those opposed to such amendment shall have placed upon their ballots the words: "Municipal classification amendment, no."

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

TAXATION.

Be it resolved by the General Assembly of the State of Ohio: That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, 1903, to amend section 2 of article XII, of the constitution of the state of Ohio, so that it shall read as follows:

Article XII.

Sec. 2. The general assembly shall provide for the raising of revenue for all state and local purposes in such manner as it shall deem proper. The subjects of taxation for state and local purposes shall be classified, and the taxation shall be uniform on all subjects of the same class, and shall be just to the subject taxed. Only burying grounds, public schoolhouses, houses used exclusively for public worship, institutions of purely public charity, public property used exclusively for any public purpose, and personal property to an amount not exceeding in value two hundred dollars for each individual, may, by general laws, be exempted from taxation; and the value of all property so exempted shall, from time to time, be ascertained and published, as may be directed by law.

At such election those electors desiring to vote for such amendment may have placed upon their ballots the words, "Taxation amendment," "Yes;" and those opposed to such amendment may have placed upon their ballots the words, "Taxation amendment" "No."

Section 3. This amendment shall take effect on the first day of January 1904.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

COUNTY LEGISLATIVE DISTRICTS.

Be it resolved by the General Assembly of the State of Ohio: (Three-fifths of all the members elected to each house concurring therein), That a proposition shall be submitted to the electors of the state of Ohio, on the first Tuesday after the first Monday of November, 1903 to amend section 2 of article 11, of the constitution of the state, so that it shall read as follows:

Section 2, Article 11.—Every county having a population equal to one-half of said ratio, shall be entitled to one representative; every county, containing said ratio, and three-fourths over, shall be entitled to two representatives; every county containing three times said ratio, shall be entitled to three representatives; and so on, requiring after the first two, an entire ratio for each additional representative. Provided, however, that each county shall have one representative.

Section 2. At said election the voters in favor of the adoption of the amendment to section 2, article 11, shall have placed upon their ballots the words, "Amendment to section 2, article 11, of constitution—Yes," and those who do not favor the adoption of said amendment shall have placed upon their ballots the words, "Amendment to section 2 article 11, of constitution—No."

REALM OF SPORTS

NEW CASTLE GOT ONLY ONE RUN

Would Not Have Had That Except For Heckathorn's Wild Throw.

A GREAT SURPRISE GIVEN

To the Pennsylvania Lads and Their Twirler Batted Unmercifully. Enough Done in Two Innings to Insure East Liverpool Victory.

Because Big Fred Heckathorn, the star first baseman of eastern Ohio forgot that he was not playing practice ball and tried to see how high he could throw, the locals were undeservedly restrained from a shut-out game yesterday afternoon in West End park when they went against the crack aggregation of New Castle. Capt. Reark had the same team on the field that he mustered together last week and they excepting two plays, put up a faultless game. The score resulted 9 to 1 in favor of the home boys.

With a reputation sufficient to carry them to victory in the National league and with strides that plainly demonstrated their feeling of ability the Pennsylvania lads walked into the park and their appearance being decidedly with them local fans were a little nervous over the outcome. Their fears were not of long duration, however, every member of the Crockery City team having his batting eye and in great shape they landed on the visiting twirler. Had the manager of the New Castle boys seen fit to give the first slabbist a rest in the fourth inning there is no telling what the score would have been. He was removed to second for the inning while Forkum, who lost a game, 19 to 2, on the day previous, made a miserable attempt to hold the score down. When Cline was replaced he had nerved considerably and his stunts from that time were some better.

In two innings the locals did enough to insure their victory. They made an avalanche of hits and they combined with errors and wild plays on the part of New Castle gave them easy sailing.

"Big" Heck may be forgiven by his team mates and by the fans for his episode in the sixth, but there is room for doubting it. New Castle had failed to even smell third base and everything was favorable for a shut-out when Fred grabbed the ball and threw it sky high. Klinedes had landed for two bases. Forkburn bunted and was caught at first. Heckathorn saw Klinednst running like wild to third, thought he might intercept him, but not so. The little sphere went out of Brown's reach and the only run was scored. After that three hits were made, giving them an even six, but they were unable to land farther than second.

In the first inning the locals scored three runs, in the third, one; the fourth, three; the seventh, two. All of them were made on good hits and fast base running. In fact the locals exerted themselves on the latter score and played the bases just as hard as they would had Jamestown been the opposition.

Webb did more hitting than for many a day. He got three pretty little singles. Brown was also there with the stick. Heckathorn was not slow either. And Lawrence surprised himsveif.

TORONTO BEATEN IN TWO GAMES

Crockery City and East End Grays Each Administer a Defeat.

Toronto was twice beaten yesterday afternoon by teams from the local league, the first being administered by the Crockery Citys and the second by the East End Grays. The scores were 9 to 3 and 7 to 1. Davidson, who pitched for the Crockety City, allowed but four hits and struck out seven men. Myers excelled in the field. Following is the score and the lineups:

Crockery City .....5 0 1 0 0 0 3—9
Toronti .....1 0 1 0 0 0 1—3

Toronto—Booth, s; Carson, lf; Paisley, 2b; Bray, 1b; Maley, 3b; Clark, rf; Stahl, c; Myers, m; Evans, p.

Crockery City—Jones, 1b; Mountfird, c; Coleman, lf; Bridge, 3b; Miller, 2b; Ivers, rf; Wheeler, rf; Lynch, m; Myers, s; Davidson, p.

The East End Grays kept up their winning streak by defeating the Toronto team yesterday afternoon at Rock Springs park, by a score of 7 to 1. The team accompanied the excursionists from that city yesterday and was the best to be had in Toronto. Bridge and Mountford, of the Crockery Citys, played with the Grays and did good work. Dunn had a slashing home run drive. Score:

East End Grays ....1 0 2 0 2 0 2—7
Toronto .....1 0 0 0 0 0 0—1

Following is the lineup of the two teams:

East End—Mountford, c; Bolton, p; Walker, 1b; Owens, 2b; Bridge, 3b; Meek, s; Phillips, lf; H. Herbert, m; Dunn, rf.

Toronto—Booth, s; Carson, lf; Paisley, 2b; Bray, 1b; Maley, 3b; Clark, rf; Stahl, c; Meyers, m; Hughes, p.

Lisbon Footballists Organizing.

Lisbon, August 22.—(Special)—A meeting held in the Young Men's Lyceum rooms last evening at which preliminary steps were taken for the organization of a football team in Lisbon, was well attended. Arrangements are under way for the organization of a good team. Another meeting soon will be held to elect a manager.

Won In Straight Heats.

Will Larkins' fast horse, Robert L., won the 2:25 pace at the Petersburg fair yesterday in straight heats. Mr. Larkins and George Smith of this city were present at the races. Robert L's best time was 2:21. Baker Boy, Jesse Fisher's fine animal, took 4th place in the 3:00 class, which had 8 enteries.

Moons vs. Stars.

The Pleasant Heights Moons were again beaten last evening by the Lisbon road Stars in a well played game by a score of 8 to 2. The teams are playing a series of eight games.

SPORTING MISCELLANY.

In two days bookmakers at the Hawthorne race track, Chicago, are said to have lost $150,000.

It is said Jeffries and Corbett intend to tour Europe with a theatrical aggregation and expect to clean up a fortune..

A car load of New York speedway celebrities will be sent to Cleveland to participate in the intercity matinee Sept. 1 and 2.

Jeffries has decided to give Jack Munroe, of Butte, the chance for which he says he has been looking. The champion authorized Manager McCarty, of the Los Angeles Athletic Club, to make a match with the Montana man to take place soon.

Secretary Jewett, of the New England Trotting Horse Breeders' association, has perfected arrangements with C. J. K. Billings, owner of Lou Dillon, by which the mare will be sent over the Readville, (Mass.), track on Monday next to beat the world's trotting record of 2:02½.

Miss Menard cured after doctors failed to help her.

"**Lydia E. Pinkham's Vegetable Compound** cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take **Lydia E. Pinkham's Vegetable Compound** and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss Georgie Menard, 537 E. 152nd St., New York City.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

BANK PROMOTER HAS DISAPPEARED

Now His Pessonal Checks Are Turning Up From Many Towns.

Lancaster, O., August 22.—The recently incorporatd bank of Amand, Fairfield county, will probably never open its doors. It was promoted by J. O. Thomas, who claimed to hail from New York. Thomas succeeded in interesting local and Columbus people in the enterprise, and it was incorporated about two months ago for $25,000. Very little stock was subscribed and none paid in.

Thomas rented a store room and fitted it out with excellent furniture. Sunday last he disappeared and Thursday nearly $1,000 worth of his personal checks, drawn on the bank of Amand, have turned up from Southern Ohio and West Virginia points. Creditors of Thomas have attached the bank furniture and a search is being made for the missing man.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approves he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

MUNICIPAL CLASSIFICATION.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submitted to the voters of the state on the first Tuesday after the first Monday in November, 1903, to amend article 13, section 6, of the constitution of the state of Ohio, so that it shall read as follows:

"Article 13, Section 6. The general assembly shall provide by general laws for the organization of cities, incorporated villages and hamlets and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power; provided, that the general assembly may divide cities into not more nor less than three classes, and if such division is made the classification shall be as follows and not otherwise. All cities having a population of more than one hundred thousand shall be cities of the first class; all cities having a population of not more than one hundred thousand nor less than twenty-five thousand shall be cities of the second class; all others shall be cities of the third class."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words: "Municipal classification amendment, yes;" and those opposed to such amendment shall have placed upon their ballots the words: "Municipal classification amendment, no."

SECTION 3. This amendment shall take effect on the first day of January, 1904.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

TAXATION.

Be it resolved by the General Assembly of the State of Ohio: That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, 1903, to amend section 2 of article XII, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE XII.

Sec. 2. The general assembly shall provide for the raising of revenue for all state and local purposes in such manner as it shall deem proper. The subjects of taxation for state and local purposes shall be classified, and the taxation shall be uniform on all subjects of the same class, and shall be just to the subject taxed. Only burying grounds, public schoolhouses, houses used exclusively for public worship, institutions of purely public charity, public property used exclusively for any public purpose, and personal property to an amount not exceeding in value two hundred dollars for each individual, may, by general laws, be exempted from taxation; and the value of all property so exempted shall, from time to time, be ascertained and published, as may be directed by law.

At such election those electors desiring to vote for such amendment may have placed upon their ballots the words, "Taxation amendment," "Yes;" and those opposed to such amendment may have placed upon their ballots the words, "Taxation amendment" "No."

Section 3. This amendment shall take effect on the first day of January 1904.

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep. It increases physical vigor and gives great muscular elasticity, so that the baby's advent is practically painless. It is the best of tonics for nursing mothers.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Northumberland County, Va. "Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription.'"

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

For all summer complaints such as indigestion, mal-assimilation, low vitality, poor appetite, weak, thin blood, Hagee's Cordial of Cod Liver Oil is particularly efficacious. It promptly removes the fault; repairs the waste; builds new and healthy tissue full of vigorous strength and vitality. The only cod liver oil pleasant to take in hot weather because it contains no grease—no fishy odor.

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfall Lorry, a wealthy occupant who refuses or neglects to do quaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the flier stops for repairs in West Virginia. II.—Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenslocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenslocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenslocker is not on the steamer list. He sees the steamer off Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital, Edelweiss, are located by a guide book. The Americans get no trace of the Guggenslockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenslocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish ramble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters red handed. IX.—Following the conspirators, Lorry finds himself in a room he heard them designate as that of the princess. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenslocker. Dannox, the guard, is in the abduction plot. He fells Lorry with a terrible blow. Anguish to the rescue. XI.—Lorry quartered in the castle. The princess visits him, but forbids all talk of love. XII.—Graustark is bankrupt and owes the neighboring princedom of Axphain $30,000,000. The creditor demands cash or the cession of the richest districts of Graustark. XIII.—The Prince of Axphain offers to extend the loan if the princess will marry his son Lorenz. Prince Gabriel, of Dawsbergen, also bids for the princess' hand with offer of a loan. Yetive tells Lorry that she belongs to her people and will marry Lorenz. XIV.—Lorry discovered kissing the princess while she is seated on the throne. He quits the castle by royal command. XV.—Betrothal of the princess to Lorenz. The Americans recognize Gabriel as chief conspirator in the abduction plot. XVI.—Lorenz toasts the princess lightly in a cafe. Lorry dashes the glass from his hand. Challenge to a duel. Lorenz assassinated. Lorry charged with the crime. XVII.—Princess Yetive commits Lorry to prison.

CHAPTER XVII.—Continued.

In the privacy of her room the stricken princess collapsed from the effects

She sank back with a moan, fainting.

of the ordeal. Her poor brain had striven in vain to invent means by which she might save the man she loved. She had surrendered to the inevitable because there was justice in the claims of the inexorable duke and his vindictive friends. She signed the decree as if in a dream, a nightmare, with trembling hand and broken heart. His death warrant! And yet, like all others, she believed him guilty—guilty for her sake!

Mizrox and his friends departed in triumph, revenge written on every face. She walked blindly, numbly, to her room, assisted by her uncle, the count. Without observing her aunt or the Countess Dagmar, she staggered to the window and looked below. The Axphainians were crossing the parade ground jubilantly. Then came the clatter of a horse's hoof, and Captain Quinnox, with the fatal papers in his possession, galloped down the avenue. She clutched the curtains distractedly and, leaning far forward, cried from the open window:

"Quinnox! Quinnox! Come back! I forbid—I forbid! Destroy those papers, Quinnox!"

But Quinnox heard not the pitiful wail. Seeing him disappear down the avenue, she threw her hands to her head and sank back with a moan, fainting. Count Halfont caught her in his arms. It was nightfall before she was fully revived. The faithful young countess clung to her caressingly, lovingly, uttering words of consolation until long after the shades of night had dropped. They were alone in the princess' boudoir, seated together upon the divan, the tired head of the one resting wearily against the shoulder of the other. Wide and dark and troubled were the eyes of the ruler of Graustark.

An attendant appeared and announced the arrival of one of the American gentlemen, who insisted on seeing her royal highness. The card on the tray bore the name of Harry Anguish. At once the princess was a-flutter with eagerness and excitement.

"Anguish! Show him to this room quickly! Oh, Dagmar, he brings word from him! He comes from him! Why is he so slow? Ach, I cannot wait!"

Far from being slow, Anguish was exceedingly swift in approaching the room to which he feared admittance might be denied.

"Tell me! What is it?" she cried as he stopped in the center of the room and glared at her.

"I don't care whether you like it, and it doesn't matter if you are a princess," he exploded, "there are a few things I'm going to say to you. First, I want to know what kind of a woman you are to throw into prison a man like—like—oh, it drives me crazy to think of it! I don't care if you are insulted. He's a friend of mine, and he is no more guilty than you are, and I want to know what you mean by ordering his arrest."

Her lips parted as if to speak, her face grew deathly pale, her fingers clutched the edge of the divan. She stared at him piteously, unable to move, to speak. Then the blue eyes filled with tears, a sob came to her lips, and her tortured heart made a last brave effort at defense.

"I—I—Mr. Anguish, you wrong me—I—I"— She tried to whisper through the closed throat and stiffened lips. Words failed her, but she pleaded with those wet, imploring eyes. His heart melted, his anger was swept away in a twinkling. He saw that he had wounded her most unjustly.

"You brute!" hissed the countess, with flashing, indignant eyes, throwing her arms about the princess and drawing her head to her breast.

"Forgive me," he cried, sinking to his knee before the princess, shame and contrition in his face. "I have been half mad this whole day, and I have thought harshly of you. I now see that you are suffering more intensely than I. I love Lorry, and that is my only excuse. He is being foully wronged, your highness, foully wronged."

"I deserve your contempt after all. Whether he be guilty or innocent, I should have refused to sign the decree. It is too late now. I have signed away something that is very dear to me—his life. You are his friend and mine. Can you tell me what he thinks of me—what he says—how he feels?" She asked the triple question breathlessly.

"He believes you were forced into the act, and said as much to me. As to how he feels, I can only ask how you would feel if you were in his place, innocent and yet almost sure of conviction. These friends of Axphain will resort to any subterfuge now that one of their number has staked his life. Mark my word, some one will deliberately swear that he saw Grenfall Lorry strike the blow, and that will be as villainous a lie as man ever told. What I am here for, your highness, is to ask if that decree cannot be withdrawn."

"Alas, it cannot! I would gladly order his release if I could, but you can see what that would mean to us—a war, Mr. Anguish," she sighed miserably.

"But you will not see an innocent man condemned?" cried he, again indignant.

"I have only your statement for that, sir, if you will pardon me. I hope from the bottom of my heart that he did not murder the prince after being honorably challenged."

"He is no coward!" thundered Anguish, startling both women with his vehemence. "I say he did not kill the prince, but I'll stake my life he would have done so had they met this morning."

"He may be able to clear himself," suggested the countess nervously.

"And he may not; so there you have it. What chance have two Americans over here with everybody against us?"

"Stop! You shall not say that! He shall have full justice at any cost, and there is one here who is not against him!" cried the princess, with flashing eyes.

"I am aware that everybody admires him because he has done Graustark a service in ridding it of something obnoxious—a prospective husband. But that does not get him out of jail."

"You are unkind again," said the princess slowly. "I chose my husband, and you assume much when you intimate that I am glad because he was murdered."

"Do not be angry," cried the countess impatiently. "We all regret what has happened, and I, for one, hope that Mr. Lorry may escape from the tower and laugh forevermore at his pursuers. If he could only dig his way out!"

The princess shot a startled look toward the speaker as a new thought entered her wearied brain. A short, involuntary gasp told that it had lodged and would grow. She laughed at the idea of an escape from the tower, but as she laughed a tiny spot of red began to spread upon her cheek and her eyes glistened strangely.

Anguish remained with them for half an hour. When he left the castle, it was with a more hopeful feeling in his breast. In the princess' bedchamber late that night two girls in loose silken gowns sat before a low fire and talked of something that caused the countess to tremble with excitement when first her pink cheeked sovereign mentioned it in confidence.

RECKLESS CHAUFFEUR ARRESTED

Owner of Automobile Secures His Release and Settles Claims for Damages.

Kingston, N. Y., Aug. 22.—Judge Alton B. Parker and County Judge John G. Vanetten caused the arrest of Joseph H. Bridge, chauffeur of Mayor Julius Fleischman, of Cincinnati.

The mayor and a party of friends were on their way to Fleischman's in the Catskills, Mr. Fleischman's summer home. Bridge sped past Judge Parker's carriage on Broadway at an estimated speed of 40 miles an hour. The team became frightened and only the combined efforts of Judge Parker, Judge Vanetten and a liveryman prevented their running away. Meanwhile the automobile caused another team to run away, the horses plunging into the office windows of the Kingston Electric company.

Mr. Fleischman was served with papers in an action for damages when he appeared at the court house. He settled all claims for $250 and secured the release of Bridge. He was accompanied by Henry Ackerland and Joseph Wilshir, of Cincinnati, and Charles J. Christie, his secretary.

Numerous Resolutions Passed.

Seattle, Aug. 22.—The following are among the resolutions passed by the Trans-Mississippi congress: Favoring statehood for Oklahoma and Indian territory combined; a territorial government for Alaska; an American merchant marine; closer trade relations with Canada; placing the consular service under civil service; favoring more stringent pure food laws; favoring a differential of 4 per cent in favor of Pacific coast bidders on battleships; recommending the construction of an isthmus canal; favoring The Hague tribunal as a court of last resort, and discountenancing the sale of large tracts of Philippine lands and the introduction of coolie labor into those islands.

Antarctic Relief Expedition.

Dundee, Scotland, Aug. 22.—The auxiliary relief ship Terra Nova, formerly a Newfoundland steam whaler, sailed for the Antarctic regions to relieve the British exploring vessel Discovery. The Discovery had then been frozen in for 11 months at the foot of Mount Erebus, in south atitude 77.50, east longitude 166.42. The Terra Nova will carry guncotton, which will be used to blast out a channel, and if the Discovery cannot be extricated her officers and men will be transferred to the Terra Nova and the Discovery will be abandoned.

Another Fort Taken.

Manila, Aug. 22.—After four months of unsuccessful efforts to arrest by peaceable means the Moro assailants of Sergeant Painter and regain the guns stolen at the time, the American troops attacked the stronghold of the datto of Binang-Binang. At the outset of the attack a Moro fanatic, brandishing a kriss, rushed at Major Bullard, of the Twenty-eighth infantry, and slashed the hat on the commander's head. Before he could strike another blow, however, the Moro was shot dead by Corporal Doyle. The fighting lasted for half a day in a waist-deep morass on the shore of Lake Lanao. The insurgent fort was at last captured.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. If it has hung on eight to ten months it is surely chronic. Is either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic as well as the primary stages. The Pell case cited below, by permission, is especially valuable, for its incurability was doubly confirmed by consulting physicians and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1902, the son of R. C. Pell, the manager of the Pacific Coast Biscuit Company of Second and Folsom streets, San Francisco was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Cabaniss, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also recovered when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, ever after they have developed into the dreaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 406 Washington street, San Francisco, sole compounders. Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes, $1.50. Free analyses made for patients. NO ENNUI FOR PRINCE LUDWIC

Is a Physician and Musician and Time Is Fully Occupied With Self-Imposed Duties.

Berlin, Aug. 22.—Prince Ludwig Ferdinand of Bavaria, who is a physician, a musician and nephew of the regent of Bavaria, has told the Hungarian writer, Desider Szomomey, that he is a prince who never suffers from weariness.

"I go to the Prince Regent theater every morning," he said, "and take part in the rehearsals. I find that submitting myself to the sharp discipline of the director is amusing rather than depressing. After leaving the rehearsals I occupy myself until 3 o'clock in attending to my patients and fulfilling my duties as a doctor. Then I must go off to the theater and play in the orchestra."

The spectacle of the prince playing the horn is one of the sights of the Munich opera house.

WHISKEY AND BEER HABIT

PERMANENTLY CURED BY

"ORRINE"

Physicians and scientists throughout the world have long since pronounced drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Systems vary as to the kind of drink that will satisfy the craving—some want whiskey, others beer, wine, kimmel, etc., the use of which will eventually result in ruining the health and bringing on disease, in many cases ending in death.

"ORRINE" permanently removes the craving for liquor, restores the organs of the stomach to their natural condition and improves the appetite and digestion. It contains no injurious drugs of any description. "ORRINE" can be given without the patient's knowledge, if desired, in tea, coffee, water or milk. It requires no office or sanitarium treatment, but can be taken at home. We will refund the money if it fails to do all that is claimed for it.

Mr. E. T. Sims, Brooklyn, N. Y., writes: "Use my name as a twenty-year drunkard restored to manhood and health by 4 boxes of 'ORRINE.' It is a wonderful and marvelous cure for the drink habit."

The price of "ORRINE" is $1 per box, 6 boxes for $5. Mailed in plain, sealed wrapper, by ORRINE Co., 817 14th St., N. W., Washington, D. C. Interesting booklet (sealed) free on request. Sold and recommended by

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. MRS. J. W. COOLBAUGH, Milo Center, N. Y.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep. It increases physical vigor and gives great muscular elasticity, so that the baby's advent is practically painless. It is the best of tonics for nursing mothers.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Northumberland County, Va. "Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription.'"

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfall Lorry, a wealthy bachelor occupant who refuses or neglects to do quaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the flier stops for repairs in West Virginia. II.—Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenslocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenslocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenslocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital Edelweiss, are located by a guide book. The Americans get no trace of the Guggenslockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenslocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish ramble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters red handed. IX.—Following the conspirators, Lorry finds himself in a room he heard them designate as that of the princess. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenslocker. Dannox, the guard, is in the abduction plot. He fells Lorry with a terrible blow. Anguish to the rescue. XI.—Lorry quartered in the castle. The princess visits him, but forbids all talk of love. XII.—Graustark is bankrupt and owes the neighboring princedom of Axphain $30,000,000. The creditor demands cash or the cession of the richest districts of Graustark. XIII.—The Prince of Axphain offers to extend the loan if the princess will marry his son Lorenz. Prince Gabriel, of Dawsbergen, also bids for the princess' hand with offer of a loan. Yetive tells Lorry that she belongs to her people and will marry Lorenz. XIV.—Lorry discovered kissing the princess while she is seated on the throne. He quits the castle by royal command. The Americans recognize Gabriel as chief conspirator in the abduction plot. XVI.—Lorenz toasts the princess lightly in a cafe. Lorry dashes the glass from his hand. Challenge to a duel. Lorenz assassinated. Lorry charged with the crime. XVII.—Princess Yetive commits Lorry to prison.

CHAPTER XVII.—Continued.

In the privacy of her room the stricken princess collapsed from the effects

She sank back with a moan, fainting.

of the ordeal. Her poor brain had striven in vain to invent means by which she might save the man she loved. She had surrendered to the inevitable because there was justice in the claims of the inexorable duke and his vindictive friends. She signed the decree as if in a dream, a nightmare, with trembling hand and broken heart. His death warrant! And yet, like all others, she believed him guilty—guilty for her sake!

Mizrox and his friends departed in triumph, revenge written on every face. She walked blindly, numbly, to her room, assisted by her uncle, the count. Without observing her aunt or the Countess Dagmar, she staggered to the window and looked below. The Axphainians were crossing the parade ground jubilantly. Then came the clatter of a horse's hoof, and Captain Quinnox, with the fatal papers in his possession, galloped down the avenue. She clutched the curtains distractedly and, leaning far forward, cried from the open window:

"Quinnox! Quinnox! Come back! I forbid—I forbid! Destroy those papers, Quinnox!"

But Quinnox heard not the pitiful wail. Seeing him disappear down the avenue, she threw her hands to her head and sank back with a moan, fainting. Count Halfont caught her in his arms. It was nightfall before she was fully revived. The faithful young countess clung to her caressingly, lovingly, uttering words of consolation until long after the shades of night had dropped. They were alone in the princess' boudoir, seated together upon the divan, the tired head of the one resting wearily against the shoulder of the other. Wide and dark and troubled were the eyes of the ruler of Graustark.

An attendant appeared and announced the arrival of one of the American gentlemen, who insisted on seeing her royal highness. The card on the tray bore the name of Harry Anguish. At once the princess was a-flutter with eagerness and excitement.

"Anguish! Show him to this room quickly! Oh, Dagmar, he brings word from him! He comes from him! Why is he so slow? Ach, I cannot wait!"

Far from being slow, Anguish was exceedingly swift in approaching the room to which he feared admittance might be denied.

"Tell me! What is it?" she cried as he stopped in the center of the room and glared at her.

"I don't care whether you like it, and it doesn't matter if you are a princess," he exploded, "there are a few things I'm going to say to you. First, I want to know what kind of a woman you are to throw into prison a man like—like—oh, it drives me crazy to think of it! I don't care if you are insulted. He's a friend of mine, and he is no more guilty than you are, and I want to know what you mean by ordering his arrest."

Her lips parted as if to speak, her face grew deathly pale, her fingers clutched the edge of the divan. She stared at him piteously, unable to move, to speak. Then the blue eyes filled with tears, a sob came to her lips, and her tortured heart made a last brave effort at defense.

"I—I—Mr. Anguish, you wrong me—I—I"— She tried to whisper through the closed throat and stiffened lips. Words failed her, but she pleaded with those wet, imploring eyes. His heart melted, his anger was swept away in a twinkling. He saw that he had wounded her most unjustly.

"You brute!" hissed the countess, with flashing, indignant eyes, throwing her arms about the princess and drawing her head to her breast.

"Forgive me," he cried, sinking to his knee before the princess, shame and contrition in his face. "I have been half mad this whole day, and I have thought harshly of you. I now see that you are suffering more intensely than I. I love Lorry, and that is my only excuse. He is being foully wronged, your highness, foully wronged."

"I deserve your contempt after all. Whether he be guilty or innocent, I should have refused to sign the decree. It is too late now. I have signed away something that is very dear to me—his life. You are his friend and mine. Can you tell me what he thinks of me—what he says—how he feels?" She asked the triple question breathlessly.

"He believes you were forced into the act, and said as much to me. As to how he feels, I can only ask how you would feel if you were in his place, innocent and yet almost sure of conviction. These friends of Axphain will resort to any subterfuge now that one of their number has staked his life. Mark my word, some one will deliberately swear that he saw Grenfall Lorry strike the blow, and that will be as villainous a lie as man ever told. What I am here for, your highness, is to ask if that decree cannot be withdrawn."

"Alas, it cannot! I would gladly order his release if I could, but you can see what that would mean to us—a war, Mr. Anguish," she sighed miserably.

"But you will not see an innocent man condemned?" cried he, again indignant.

"I have only your statement for that, sir, if you will pardon me. I hope from the bottom of my heart that he did not murder the prince after being honorably challenged."

"He is no coward!" thundered Anguish, startling both women with his vehemence. "I say he did not kill the prince, but I'll stake my life he would have done so had they met this morning."

"He may be able to clear himself," suggested the countess nervously.

"And he may not; so there you have it. What chance have two Americans over here with everybody against us?"

"Stop! You shall not say that! He shall have full justice at any cost, and there is one here who is not against him!" cried the princess, with flashing eyes.

"I am aware that everybody admires him because he has done Graustark a service in ridding it of something obnoxious—a prospective husband. But that does not get him out of jail."

"You are unkind again," said the princess slowly. "I chose my husband, and you assume much when you intimate that I am glad because he was murdered."

"Do not be angry," cried the countess impatiently. "We all regret what has happened, and I, for one, hope that Mr. Lorry may escape from the tower and laugh forevermore at his pursuers. If he could only dig his way out!"

The princess shot a startled look toward the speaker as a new thought entered her wearied brain. A short, involuntary gasp told that it had lodged and would grow. She laughed at the idea of an escape from the tower, but as she laughed a tiny spot of red began to spread upon her cheek and her eyes glistened strangely.

Anguish remained with them for half an hour. When he left the castle, it was with a more hopeful feeling in his breast. In the princess' bedchamber late that night two girls in loose silken gowns sat before a low fire and talked of something that caused the countess to tremble with excitement when first her pink cheeked sovereign mentioned it in confidence.

RECKLESS CHAUFFEUR ARRESTED

Owner of Automobile Secures His Release and Settles Claims for Damages.

Kingston, N. Y., Aug. 22.—Judge Alton B. Parker and County Judge John G. Vanetten caused the arrest of Joseph H. Bridge, chauffeur of Mayor Julius Fleischman, of Cincinnati.

The mayor and a party of friends were on their way to Fleischman's in the Catskills, Mr. Fleischman's summer home. Bridge sped past Judge Parker's carriage on Broadway at an estimated speed of 40 miles an hour. The team became frightened and only the combined efforts of Judge Parker, Judge Vanetten and a liveryman prevented their running away. Meanwhile the automobile caused another team to run away, the horses plunging into the office windows of the Kingston Electric company.

Mr. Fleischman was served with papers in an action for damages when he appeared at the court house. He settled all claims for $250 and secured the release of Bridge. He was accompanied by Henry Ackerland and Joseph Wilshir, of Cincinnati, and Charles J. Christie, his secretary.

Numerous Resolutions Passed.

Seattle, Aug. 22.—The following are among the resolutions passed by the Trans-Mississippi congress: Favoring statehood for Oklahoma and Indian territory combined; a territorial government for Alaska; an American merchant marine; closer trade relations with Canada; placing the consular service under civil service; favoring more stringent pure food laws; favoring a differential of 4 per cent in favor of Pacific coast bidders on battleships; recommending the construction of an isthmus canal; favoring The Hague tribunal as a court of last resort, and discountenancing the sale of large tracts of Philippine lands and the introduction of coolie labor into those islands.

Antarctic Relief Expedition.

Dundee, Scotland, Aug. 22.—The auxiliary relief ship Terra Nova, formerly a Newfoundland steam whaler, sailed for the Antarctic regions to relieve the British exploring vessel Discovery. The Discovery had then been frozen in for 11 months at the foot of Mount Erebus, in south atitude 77.50, east longitude 166.42. The Terra Nova will carry guncotton, which will be used to blast out a channel, and if the Discovery cannot be extricated her officers and men will be transferred to the Terra Nova and the Discovery will be abandoned.

Another Fort Taken.

Manila, Aug. 22.—After four months of unsuccessful efforts to arrest by peaceable means the Moro assailants of Sergeant Painter and regain the guns stolen at the time, the American troops attacked the stronghold of the datto of Binang-Binang. At the outset of the attack a Moro fanatic, brandishing a kriss, rushed at Major Bullard, of the Twenty-eighth infantry, and slashed the hat on the commander's head. Before he could strike another blow, however, the Moro was shot dead by Corporal Doyle. The fighting lasted for half a day in a waist-deep morass on the shore of Lake Lanao. The insurgent fort was at last captured.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. If it has hung on eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic as well as the primary stages. The Pell case cited below, by permission, is especially valuable, for its incurability was doubly confirmed by consulting physicians and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1902, the son of R. C. Pell, the manager of the Pacific Coast Biscuit Company of Second and Folsom streets, San Francisco was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Cabaniss, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also recovered when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, ever after they have developed into the dreaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 400 Washington street, San Francisco, sole compounders of Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes, $1.50. Free analyses made for patients. Is a Physician and Musician and Time Is Fully Occupied With Self-Imposed Duties.

Berlin, Aug. 22.—Prince Ludwig Ferdinand of Bavaria, who is a physician, a musician and nephew of the regent of Bavaria, has told the Hungarian writer, Desider Szomomey, that he is a prince who never suffers from weariness.

"I go to the Prince Regent theater every morning," he said, "and take part in the rehearsals. I find that submitting myself to the sharp discipline of the director is amusing rather than depressing. After leaving the rehearsals I occupy myself until 3 o'clock in attending to my patients and fulfilling my duties as a doctor. Then I must go off to the theater and play in the orchestra."

The spectacle of the prince playing the horn is one of the sights of the Munich opera house.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nervan Tablets.

FRIGHTFUL PLUNGE DOWN AN ELEVATOR

A Salem Colored Man Crazed By a Terrible Fall Last Evening.

Salem, August 22.—(Special)—As a result of a plunge down an elevator shaft, "Pink" Healy, colored, is in a demented condition and so seriously injured that he may die. The accident occurred at the Greiner-Brainard hotel last night at about 6 o'clock. Healy was at work on the second floor of the building and fell from there to the basement, a distance of 18 to 20 feet.

Healy was picked up in an unconscious condition and has since suffered several concussions of the brain. He has been irrational but the physicians state the chances for his recovery are good.

Bright Spick Span New Dwellings.

$2500 Six rooms, slate roof, front and rear portico, cellar, gas, electric light wiring, sanitary plumbing, bath, hot and cold water, golden oak grain throughout, just finished and within five minutes walk of the Diamond, on Minerva street. No hill to climb. Terms—$500 down, balance $20 monthly.

$3100 Seven rooms and finished attic, slate roof, cabinet mantle, good cellar, sanitary plumbing, bath, hot and cold water, electric light wiring, grained in golden oak, front and rear porticos. No hill to climb. One half square east of Walnut street on Minerva. Terms—$500 down and balance $25 monthly.

$2175 Six rooms, slate roof, large front portico, good cellar, wired for electricity, bath, hot and cold water, all sanitary plumbing complete, grained in oak, new and never occupied. Within four squares of the Diamond. Terms—$375 down and $18 per month.

$3750 Six room dwelling and store room 20x30 feet. A chance for one who wants a home and to go into the retail grocery business. The location for a grocery store is one of the best in the city, being in a closely built up neighborhood with no stores conveniently located. It is sure to command the trade of its district and neighborhood and it is grocery stores located as this is that make the money. Location overcomes the necessity of meeting ruinous competition and with less expenses and with regular trade the merchant prospers when his contemporary in the city's center does five times the business and makes less. The dwelling is modern, containing bath, hot and cold water, sanitary sewer connections, porticos, gas, electric light wiring, china closets, cabinet mantel, etc. This is an opportunity for some one—will it be you? Terms—$750 down; balance $30 monthly.

$1650 Six rooms, slate roof, front, back and side porticos, grained inside, well arranged, comfortable and convenient. Good cellar, drilled well with force pump. Lot 40x100. Commands a fine view, is easy of access, within one minute's walk of north side street car line. It is located one-half square east of the Calcutta road just beyond Riverview cemetery. Terms—$450 down; balance $10 per month.

Other properties we would note as follows as being on sale with us (particulars furnished upon inquiry). Ten room brick house, lot 33x133, Sixth street, $5,200; new ten room house, lot 40x100, Ogden street, $2,500; six room modern house, Spring street, $2,900; four rooms, water and gas, lot 30x100 Minerva street, $1,850; ten room modern double house near Second street, $3,000; four rooms, new, just completed, McKinnon addition, $1,200; three rooms and small lot, Cadmus street, $700; two rooms and large lot Gardendale, $400; four rooms, lot 30x100, Pennsylvania avenue, East End, $1,450; six rooms, new, Sheridan avenue, $2,750; five rooms, pantry, lot 30x100, Bradshaw avenue, $1,850; six rooms, furnace, gas, lot 30x100, Eighth street, $2,400; four rooms, just new, Oakland addition, $1,200; four rooms, new, Maple street, East End, $1,250; four rooms, Ohio avenue, East End, $1,750; seven rooms and five rooms on Third street, $5,500; seven rooms on Pine street, $2,500.

Restaurant and dwelling of 12 rooms furnished in part. Well suited and located for a boarding or mealing house. See us for terms and price.

We have 25 times as many more properties. Call and see us about any or all of them. We will sell on terms to suit your income. Why pay rent when you can own a home? Don't you know that by paying a dollar on each $100 you owe will wipe out the debt and interest in ten years? For instance, fifteen dollars paid monthly for ten years will pay off a $1,500 debt and interest. It's not how much money one spends but how one spends it that makes one's financial weal or woe.

ZOAR COMMUNITY ALMOST A MEMORY

The Once Famous Sect Offers Its Church to the Lutheran Synod.

Pittsburg, August 22.—By the action of the Ohio Joint Synod of the Lutheran church in appointing a committee to establish a church at Zoar, O., the absorption of the famous old Zoar community by the Lutherans was practically assured, and the old communistic organization, which flourished for many years, will be but a memory.

The Zoarites have already tendered their church building to the Lutheran synod. Services in it have been all but abandoned for a year. Other property will soon be transferred, now that the Lutheran denomination promises to take up the work. The rapid disintegration of the organization resulted in the dissolution of the community and the abandonment of the church.

WILLING WORKERS

Tender a Delightful Surprise to Mrs. John Hohman, of Fourth Street.

A delightful entertainment was given last evening as a surprise on Mrs. John Hohman, of Fourth street, who yesterday celebrated her birthday anniversary. The surprise was given by the Willing workers, an enthusiastic organization of St. John's Evangelical Lutheran church.

Those present were: Mr. and Mrs. Edwin Oppelt, Mr. and Mrs. Mear, Mr. and Mrs. Steinfeld, Mr. and Mrs. Burton, Mr. and Mrs. Shiver, Mrs. Potem, Mrs. Aosman, Mr. and Mrs. Deitz, Miss Sarah Rowe, Mrs. Wagner, Miss May Rahrew, Mrs. Hipner, Mrs. Agner, Rev. and Mrs. J. G. Reinartz, Mrs. Kratz, Miss Pepin.

Mr. and Mrs. Louis Kartlock, of Pittsburg, who are the guests of Mr. and Hohman, were also present. The evening was spent enjoying the music of the Ironquois quartet which rendered a number of pleasing selections. A luncheon was served during the evening, the table being beautifully decorated with cut flowers. The hostess was ably assisted by Mrs. Willis Cunning. Mrs. Hohman was unexpectedly surprised by a number of useful gifts, among them being a handsome vase which was presented by the Willing Workers.

Adams-Miller.

A wedding which will come as a surprise to a number of East Liverpool citizens was the marriage of Miss Mary Adams, daughter of Rev. and Mrs. Samuel Hawley Adams, of Clifton, N. Y., and Prof. William James Miller, who was formerly a resident of this city. Prof. Miller, who is the son of Mr. and Mrs. George Miller, of Cannon's Mills, for several successive years has been a teacher in the local public schools and last year completed a successful term as principal of the Horace Mann school. Among those who were present at the marriage were Mr. and Mrs. George Miller and Mrs. J. W. Gipner. Prof. and Mrs. Miller will make their future home at Wooster.

CONFERENCE END IS NOT IN SIGHT

Sanitary Ware Scale Still Occupying President Duffy's Attention.

A DECISION NEXT WEEK

The President Finds the East Well Well Organized—The Outlook Is Very Bright for the Potteries of New Jersey.

From a Staff Correspondent.

Trenton, N. J., August 22.—It is highly probable that the conference between the sanitary manufacturers and the committee representing the National Brotherhood of Operative Potters will run over into next week. Thus far the conference has done nothing but discuss the points at issue and it may take a few more meetings before anything definite is accomplished. Although the manufacturers have conceded the men a few of the propositions, their final acceptance depends entirely upon the action they may take on the few remaining.

The conference is one of the most important that has taken place in this city in several years and around the result is gathered considerable interest. The result will affect not only the pressers, but other branches of the pottery industry employed in sanitary plants. The manufacturers all through have shown a peaceful attitude and there is no doubt as to the result. It is possible that some of the proposals may have to be amended but the majority are likely to meet with the bosses' approval.

President Thomas J. Duffy has been present at the three conferences which have been held in the Y. M. C. A. building. In speaking to a News Review representative as to the outcome of the meetings, he said:

"I do not think there is any question as to what the outcome will be. The manufacturers are very careful in what they say and do and for that reason the conference has been prolonged. The manufacturers have already conceded us several points, but their final acceptance depends largely on the attitude they display toward the others."

It was Mr. Duffy's intentions to leave for East Liverpool about the last of this week, but the chances are that his departure will have to be deferred. The result of the referendum vote on the proposition of the western manufacturers in reference to the uniform price list awaits his attention and he prefers to be on hand after the votes are counted, instead of conducting the affairs of the organization by long distance.

Mr. Duffy, when he was not engaged in the work of the conference, accompanied by Vice President Hutchins, attended the meetings of the locals and before each delivered a short address upon matters pertaining to the welfare of the organization.

"I find the east thoroughly organized," said Mr. Duffy last night. "The potters today are better organized than at any time in their history. I look for great things from the east. It is under good officers who have the affairs of the organization at heart. I find that here in the east, as the result of the organization, that the condition of the potters has greatly improved. There is, however, still much to do in the way of legislation but what the potters of the east need is a subject for the next convention to consider."

President Duffy, and, in fact, none of the national officers has taken any hand in the dippers' strike at the Keystone pottery which is still unsettled. In fact, the matter has not been officially reported at headquarters, and no effort has been made as yet to effect a settlement. The trouble arose over the firm discharging one of the dippers. The company claims that his discharge was necessitated by the fact that he was unable to turn out the ware satisfactory and his services were dispensed with. The other members of this branch of the trade employed in the shop held that his discharge was brought about through discrimination and they all struck. Notices have been published in all the local papers warning dippers not to go near the plant until the strike is settled.

A general feeling of satisfaction prevails among Trenton pottery manufacturers over the prospect for the fall trade. Domestic crockery is in big demand. Some of the local potteries report that their business for August so far has been equal to or better than last year. In most instances the business eminates from the traveling men on the road, although a number of prominent New York and Philadelphia buyers have run in here during the past week to inspect stock. Hotel china, the manufacturers say, is experiencing a season of popularity, also dinner sets while toilet ware appears to be running ahead of last year.

A SHORT SESSION OF SERVICE BOARD

General Manager Healy's Letter of Explanation Was Not Ready. Routine Business.

The regular meeting of the board of public service held last evening was of very short duration. It was expected that the letter of explanation from General Manager Healy would be presented, but it was not and Clerk Gipner was instructed to notify him to have it before the body on Monday night. It will then be turned over to council.

A number of bills were presented to the board and all of them were paid as recommended, except the bill of the Ceramic City Light company, which was curtailed considerably owing to the discovery of a number of lights being out during the past month. The board rather expects some wrangling over the action but is only very desirous that there should be. Then a thorough investigation will be made as to the service in the city. President Taylor is of the opinion that the city is paying for scores of lights that do not burn and is hot on the trail of the light company.

MET THE DIRECTORS

Mr. Hale, Called As Y. M. C. A. Secretary, Favorably Impressed With East Liverpool.

W. R. Hale, the North Adams, Mass., man who came to this city a few days ago to look over the field before accepting the call extended by the Y. M. C. A. directors to succeed M. C. Wright as general secretary of the association, left for his home at noon today without having given a final answer. Mr. Hale and the directors of the association held a conference at the association parlors last night, at which they became pretty well acquainted. It is known that Mr. Hale was favorably impressed with the city but he will reserve his decision until he consults with near relatives at his home.

The question of a physical director to succeed Professor Stephens was not taken up.

A wedding which will come as a surprise to a number of East Liverpool citizens was the marriage of Miss Mary Adams, daughter of Rev. and Mrs. Samuel Hawley Adams, of Clifton N. Y., and Prof. William James Miller, who was formerly a resident of this city. Prof. Miller, who is the son of Mr. and Mrs. George Miller, of Cannon's Mills, for several successive years has been a teacher in the local public schools and last year completed a successful term as principal of the Horace Mann school. Among those who were present at the marriage were Mr. and Mrs. George Miller and Mrs. J. W. Gipner. Prof. and Mrs. Miller will make their future home at Wooster.

CONFERENCE END IS NOT IN SIGHT

Sanitary Ware Scale Still Occupying President Duffy's Attention.

A DECISION NEXT WEEK

The President Finds the East Well Well Organized—The Outlook Is Very Bright for the Potteries of New Jersey.

From a Staff Correspondent.

Trenton, N. J., August 22.—It is highly probable that the conference between the sanitary manufacturers and the committee representing the National Brotherhood of Operative Potters will run over into next week. Thus far the conference has done nothing but discuss the points at issue and it may take a few more meetings before anything definite is accomplished. Although the manufacturers have conceded the men a few of the propositions, their final acceptance depends entirely upon the action they may take on the few remaining.

The conference is one of the most important that has taken place in this city in several years and around the result is gathered considerable interest. The result will affect not only the pressers, but other branches of the pottery industry employed in sanitary plants. The manufacturers all through have shown a peaceful attitude and there is no doubt as to the result. It is possible that some of the proposals may have to be amended but the majority are likely to meet with the bosses' approval.

President Thomas J. Duffy has been present at the three conferences which have been held in the Y. M. C. A. building. In speaking to a News Review representative as to the outcome of the meetings, he said:

"I do not think there is any question as to what the outcome will be. The manufacturers are very careful in what they say and do and for that reason the conference has been prolonged. The manufacturers have already conceded us several points, but their final acceptance depends largely on the attitude they display toward the others."

It was Mr. Duffy's intentions to leave for East Liverpool about the last of this week, but the chances are that his departure will have to be deferred. The result of the referendum vote on the proposition of the western manufacturers in reference to the uniform price list awaits his attention and he prefers to be on hand after the votes are counted, instead of conducting the affairs of the organization by long distance.

Mr. Duffy, when he was not engaged in the work of the conference, accompanied by Vice President Hutchins, attended the meetings of the locals and before each delivered a short address upon matters pertaining to the welfare of the organization.

"I find the east thoroughly organized," said Mr. Duffy last night. "The potters today are better organized than at any time in their history. I look for great things from the east. It is under good officers who have the affairs of the organization at heart. I find that here in the east, as the result of the organization, that the condition of the potters has greatly improved. There is, however, still much to do in the way of legislation but what the potters of the east need is a subject for the next convention to consider."

President Duffy, and, in fact, none of the national officers has taken any hand in the dippers' strike at the Keystone pottery which is still unsettled. In fact, the matter has not been officially reported at headquarters, and no effort has been made as yet to effect a settlement. The trouble arose over the firm discharging one of the dippers. The company claims that his discharge was necessitated by the fact that he was unable to turn out the ware satisfactory and his services were dispensed with. The other members of this branch of the trade employed in the shop held that his discharge was brought about through discrimination and they all struck. Notices have been published in all the local papers warning dippers not to go near the plant until the strike is settled.

A general feeling of satisfaction prevails among Trenton pottery manufacturers over the prospect for the fall trade. Domestic crockery is in big demand. Some of the local potteries report that their business for August so far has been equal to or better than last year. In most instances the business eminates from the traveling men on the road, although a number of prominent New York and Philadelphia buyers have run in here during the past week to inspect stock. Hotel china, the manufacturers say, is experiencing a season of popularity, also dinner sets while toilet ware appears to be running ahead of last year.

A SHORT SESSION OF SERVICE BOARD

General Manager Healy's Letter of Explanation Was Not Ready. Routine Business.

The regular meeting of the board of public service held last evening was of very short duration. It was expected that the letter of explanation from General Manager Healy would be presented, but it was not and Clerk Gipner was instructed to notify him to have it before the body on Monday night. It will then be turned over to council.

A number of bills were presented to the board and all of them were paid as recommended, except the bill of the Ceramic City Light company, which was curtailed considerably owing to the discovery of a number of lights being out during the past month. The board rather expects some wrangling over the action but is only very desirous that there should be. Then a thorough investigation will be made as to the service in the city. President Taylor is of the opinion that the city is paying for scores of lights that do not burn and is hot on the trail of the light company.

MET THE DIRECTORS

Mr. Hale, Called As Y. M. C. A. Secretary, Favorably Impressed With East Liverpool.

W. R. Hale, the North Adams, Mass., man who came to this city a few days ago to look over the field before accepting the call extended by the Y. M. C. A. directors to succeed M. C. Wright as general secretary of the association, left for his home at noon today without having given a final answer. Mr. Hale and the directors of the association held a conference at the association parlors last night, at which they became pretty well acquainted. It is known that Mr. Hale was favorably impressed with the city but he will reserve his decision until he consults with near relatives at his home.

The question of a physical director to succeed Professor Stephens was not taken up.

Mayor Weaver Announces That Warfare Will be Waged Against Them in Near Future.

Mayor Weaver having become cognizant of the fact that there are a number of disorderly houses in the West End, and that they have been running openly for some time, has decided to wage strenuous warfare against them.

The proprietos of one of the houses evidently thought the mayor intended to start something of the sort as he sold his house to another party a few days ago and left the city saying: "I don't want to be in East Liverpool when the grand jury meets. I know there will be something doing."

COSTLY FIRE IN ALLIANCE AND LIVES ENDANGERED

Swept Away $50,000 Worth of Property and Resulted in Two Fatal Accidents.

FIERCE BLAZE IN THE HEART OF THE TOWN

Alliance, August 22.—(Special)—A great fire that caused the loss of many thousands of dollars in property, and may cost several lives, occurred here this morning. So grave was the danger to the entire street, upon which the burned buildings stood, that business was suspended in all parts of the city and the people turned out to help the firemen avert the threatened disaster.

At the very start of the fire, the horses attached to a chemical engine became frightened at a street car and dashed through the crowd. The rear wheels of the engine passed over Charles White, a fireman, and he was so badly injured that it is feared he will die. Miss Dinger, a young lady employed in a store, was watching the blaze, was struck by the fleeing animals and knocked to the ground. The heavy engine passed over her body, seriously crushing her about the chest and limbs. A short time later a section of iron railing fell from the second story of the burning buildings and struck Wm. Spring, aged about 10 years, on the head. The boy was painfully but not seriously injured.

Three buildings located in the heart of the business section, on Main street, between Arch and Linden avenues, were entirely consumed. Two of the structures were the property of Dr. J. H. Tressel and stood upon the north side of the street. The third stood opposite and was the property of Dr. W. S. Hoffman, who occupied it. The other buildings were occupied by the Graham sisters' millinery store, J. Shaffer's piano and music store. All of these structures were of wood. On either side of them stands the large Crist and Russell brick blocks. The Crist block is occupied by the big dry goods store of Spring, Holzwarth & Co. Their stock of merchandise was badly damaged by smoke and water. The Russell grocery occupies the other building and this stock was also badly damaged by fire, water and smoke.

The fire started from a bonfire back of the Graham store and fanned by the wind soon communicated with the building. The flames spread with great rapidity and had gained a firm hold by the time the department arrived. The wildest confusion prevailed for a time.

A passing street car frightened the horses attached to the chemical engine and ran away, dragging the heavy yheels over Hunt's stomach. He was

CARTWRIGHT BROS. CONCERNED

Meet Members of Council and Protest Against the Railroad Ordinance—Action Comes Too Late.

Feeling that they are to be losers as the result of the passage of the railroad ordinance, the active members of Cartwright Bros.' pottery called at the city hall yesterday afternoon and protested against the ordinance going into effect. Their protests were in vain, however, the ordinance having become a law at midnight Thursday. For the purpose of having their interests defended, the gentlemen were instrumental in having a number of councilmen and the board of public service meet at the city hall last evening. Members of the two bodies explained that it was too late to tamper with the ordinance and an endeavor was made to show them that they will not suffer according to the provisions of the measure.

The provision to which the firm objects is rather misleading, specific mention not being made concerning the railroad track which is to pass the Cartwright Bros.' plant. They are of the opinion, and say that their judgment is based on the words of a railroad official, that the railroad company intends to cut off their transportation facilities to a great degree. The board of service members and a few of the councilmen stated to them that there was no such understanding with the railroad officials and that such proceedings will not be made by the railroad.

City Solicitor Davidson was asked regarding the ordinance and he gave it as his opinion that the ordinance was a law on Thursday at 12 o'clock, midnight. That settled any re-consideration last evening, and after the matter had been fully explained, every one seemed to be satisfied. However, this morning the Cartwright Bros. were again a little nervous, and Councilman Moon had a long conference with them while the ground in question was being inspected. It is the wish of the pottery people that the ordinance be amended at the next regular meeting of council, but it is not likely that it will be tampered with in the least.

Relative to any action taken by the railroad company on this proposition, a member of the service board and another prominent citizen had a conversation last evening. They were decidedly of the opinion that nothing would be done that would in any manner hamper the pottery. One of them said:

"Do you suppose for one minute that the railroad officials are a pack of greenies? They have always treated the pottery manufacturers in this city with great consideration. Had they not done so, the railroad situation would be much different at the present time. There has never been a time that the manufacturers asked for something that they really needed that the railroad company did not concede it. That is the reason we only have the one railroad passing through the city. The company has been very obliging to the manufacturers in the past, and they are not going to chop off their own heads now.' If the manufacturers were very desirous that another company get into this city, don't think for a moment that their capital and influence would not get it."

THE POSTOFFICE SITE TO BE DECIDED SEPT. 21

Postmaster Surles has received information that will be welcome to East Liverpool. The question of a site for the government building will be settled inside of the next month. Mr. Surles is in receipt of a communication from the treasury department and of the following notice signed by L. M. Shaw, secretary of the architects' department:

"Notice is hereby given that final consideration and selection will be made of site for United States government building to be erected at East Liverpool, O., and purchase thereof closed on the 21st day of Sept. 1903. Any persons being desirous to submit further statements in writing relative to any of the sites offered are informed that they will be given consideration if on file before final action."

No inkling has been given out of the site favored by the government agent who made an inspection of sites here recently.

SHOT AND KILLED HIS PLAYMATE

Gus Dawson, Cousin of the Officer, Figures in a Pittsburg Tragedy.

Gus Dawson, aged 12 years, a cousin of Officer Clifford Dawson, living in Pittsburg, accidentally shot and killed a young playmate Thursday. Young Dawson was held for examination by the coroner who released him, the evidence being conclusive that the killing was accidental.

The Dawson boy and his playmate were playing with a Flobert rifle. Dawson put the gun over his shoulder and while his friend was walking in the rear the trigger of the gun caught on a twig and exploded, the entire load emptying into the neck of the boy.

NO ACTION YET ON GAS QUESTION

Various Reasons Why the Committee Has So Far Done Nothing.

PROMPT ACTION WANTED

It has been nearfly two weeks since President Horwell appointed the committee to take up the gas question with the corporations who have announced their intention of advancing the price, and the progress can be summed up in the words: Nothing accomplished. The committee is a good one, and there is no doubt of its interest in the cause, but without a leader no one seems disposed to take it on himself to call a meeting of the committee.

Messrs. Bullock, McKeone, Purinton, Smith and their associates on the committee have been waiting for a call from Mr. Horwell, who is acknowledged to be the proper party to make the first move but several obstacles have been encountered to prevent the committee getting together.

The president of council announced that a meeting would be held last Monday night, at which it was proposed to talk over and adopt some definite plan of action. Unfortunately a special meeting of council was also called for that evening and the two conflicted. President Horwell and the two members of the council who represented it upon the committee were compelled to give their attention to the city's business. Other members of the gas committee were on hand, but the meeting of the latter body was called off. They left the city hall with the understanding that Mr. Horwell would call them together later in the week, but he has failed to do so.

At the meeting of trades council held this week it was announced by the representatives of that body on the committee that a meeting would surely be held before the week was out. It was also stated that some of the members of the committee were acting in a manner which would indicate indifference, and though the delegates were loath to believe it, it was feared that the project would fail of ever being realized, unless more interest was manifested. A member of trades council, in discussing the matter this morning, said:

"I would hate to think that Mr. Horwell is not sufficiently interested to act promptly in this gas steal matter, but I have heard it hinted at more than once during the week. If he only knew how important the question is to the several thousand working people in this city he would surely make some move. I understand the gas corporations have begun the August reading and are preparing to put the new rate into effect early next month, and unless there is some united effort made to prevent it there is little doubt that they will go ahead with the unjust and uncalled for increase.

"The time will be very short in which to take the necessary steps, but I believe the trades council will act independently at its next meeting if the committee appointed by President Horwell fails to do its duty before the second of September. The central labor union has been put to considerable expense and its legislative committee has spent a great amount of time upon the accomplishment of this purpose, and it will not give up the fight so easily."

Mr. Horwell could not be found today, but it is likely he will call a meeting early in the week.

STILL IN LOVE WITH SHOW LIFE

Mabel Gromo Has Returned to Her Home, Apparently Not Sorry.

OFFICER FOUND HER EASILY

She Says She Still Loves Smith and Talks of the Possibility of Running Away Again—Her Story of Her Travels.

Weary and rather haggard looking from her journey which consumed the entire night, and during which she did not get a wink of sleep, the pretty adventuress, Miss Mabel Gromo, was landed at the city hall this morning by Officer Dawson, who was detailed yesterday morning to go to Coshocton and return her to this city.

Officer Dawson's trip was uneventful. He had no trouble whatever in locating the girl and she did not remonstrate against returning, notwithstanding that a local morning publication stated she was averse to coming home and would not accompany the officer. Dawson left Coshocton last night at 10 o'clock arriving at Steubenville attended the runaway until early this morning when they boarded the Panhandle train and landed in Chester shortly after 8 o'clock. When the officer arrived at the city hall he left the girl in the hands of Chief Wyman, who held her until noon, when her father arrived from his home in Hancock county and took her back to her brokenhearted mother.

In conversation with a News Review reporter Mabel told the entire story of her trip. She said she left East Liverpool on Sunday morning, her sister, younger than she, accompanying her to the train. She met Charles Smith, who runs a side show with the carnival company, at Alliance, and they both went from there to Coshocton, where she remained during the entire time. Her reason for staying in Coshocton when Smith was absent was because he had promised to send for her when he got located. She said he was very good to her and that she loved him dearly.

"I tell you carnival life beats slinging mud a good deal," she said. I don't like the boys of East Liverpool, anyway. They are too slow. It takes a man with a show to attract me. I am going over home to stay with my parents for a few days and maybe I will stay for good, but if they mistreat me in the least I intend to run away again and the next time I go it will be so far that they can not locate me either by letters or telegrams."

In explanation for the letter that was published in the News Review exclusively, stating that she was in Ravenna she said: "I have been in Coshocton all of the time. I know how you came get that letter. It was from a soft fellow who wanted me to go with him. He followed me to Coshocton and cried and begged me on his knees to leave Charley. I would not do so and he thought he would help locate me. The reason he thought I was in Ravenna was because the carnival company went there from Coshocton. His home is in Kittanning."

WHERE FISH BITE WELL

Boston, August 22.—The fishermen have had phenomenal luck this week and catches landed at "T" wharf, the great fish market, the past three days, were valued at $300,000. More than 100,000 pounds of cod, hake and haddock, caught just outside Boston Harbor, were landed Tuesday, 100,000 pounds yesterday and 500,000 pounds today. Besides this, there were 400 swordfish brought in Sunday, ranging in size from an 80-pounder to 600 pounds, and there were at least one hundred that weighed 500 pounds each.

The largest fish caught was brought in by David Blotchford, a Provincetown fisherman. It was a veritable Goliath among horse mackerel, weighing 1,000 pounds and measuring nine feet from nose to tail. In capturing it Blotchford had the aid of two men, one of whom was dragged overboard and nearly drowned. Despite the enormous catches, prices rule high.

HIT HIM HARD WITH A PLATE

Angry Young Woman Threw Dishes in a Second Street Restaurant.

A young woman went into a restaurant on Second street yesterday afternoon and when five young men directed a few remarks to her, she jumped from a seat at a table and threw several dishes at them. One of the plates hit a man on the shoulder, nearly dislocating it and another went through a $20 plate glass. Officer McDermott apprehended the girl this afternoon, but released her on her promise to pay for the damage done.

RELIANCE LEADS IN FIRST HALF

Predictions and Bets Freely Offered That She Will Win Today.

REMARKABLE GAIN MADE

Sandy Hook, August 22.—(Special)—The Reliance has a sufficient lead to overcome her time handicap and will win the race if the wind holds out strong enough for her to finish within the time limit. At 2:25 the Reliance was three quarters of a mile in the lead and was nearing the turn. The turn had not been made when this bulletin was sent out. In this manuever the skill of the Reliance's crew is expected to gain additional advantage.

The Shamrock crossed the starting line at 11:45 and the Reliance a minute later. The wind was 12 knots an hour and the weather clear. The challenger soon lost her actual lead, a handicap of 1 minute and 54 seconds for the cup defender. While the sea was rolling considerably the day is ideal for the race. The gain of the defender upon the challenger was slow and steady from the very start and increased as the race progressed.

The course is 15 miles to the windward and return and the entire length of it is lined with sea craft, containing thousands of interested spectators. The betting today has favored the American boats and odds 3 to 1 on her victory were freely offered.

For the first 50 minutes the race was so close as to cause great excitement. At last accounts the Reliance maintained her lead, but it was feared the boats could not finish on time to call it a race.

Four miles of the return course have been sailed, the Reliance leading and apparently sure to win.

BABY MADE USE OF TO DECEIVE HUSBAND

Strange Story Told in Pittsburg Regarding Unfortunate Irene Mitchell's Child.

A stange story comes from Pittsburg concerning the infant that was born to Miss Irene Mitchell, formerly of East Liverpool, in a hospital in that city. At the time of Miss Mitchell's death it was stated that the infant had been adopted by a Pittsburg family, but it could not be learned by whom. A dispatch from Pittsburg says:

"In a little home in Schoenville a Polish young man and his wife lived. The father was fondly waiting the arrival of a child. His wife secured from the Reinemann Maternity hospital the little waif born on July 24, and with the collusion of a doctor made her husband believe it was theirs.

"Just what steps will be taken by Miss Mitchell's relatives to secure the child have not yet been determined upon. Inspector W. D. Shannon, of the bureau of health, is anxious to locate the child for fear it may develop small pox within the next few days, as its mother had the disease. He knows the name of the doctor in the case, but the latter refuses to divulge the name of the Polish family, saying he does not wish to disrupt the happy family.

"Shannon has written to the girl's relatives, but has not heard from them. Meanwhile, the body of the beautiful young girl, repose in a lonely grave in Allegheny cemetery."

ANOTHER PRETTY GIRL STRANGELY DISAPPEARS

Gertrude Cooper, a Well known Decorator in a Local Pottery, Is Missing.

RELATIVES ARE VERY DEEPLY CONCERENED

Another East Liverpool girl is thought to have joined the romantic band of elopers. At least, she has disappeared from her home and relatives have been searching for her in vain. This girl is Gertrude Cooper, 17 years old, a decorator at the K. T. & K. pottery, and one of the prettiest girls known in the Crockery City.

Gertrude has been missing since Tuesday evening. She boards and rooms with relatives on Fenton street and on Tuesday evening, according to them, she left the house without stating where she was going and has not returned. A diligent search has revealed the fact that she did not leave the city Tuesday evening, she having been seen Wednesday. The police were notified last evening of her disappearance, and were asked to run down any clue that might result in her capture.

The relatives of Miss Cooper, with whom she has been living, are deeply concerned over their niece's actions and it is feared that her uncle will suffer considerably, he being now in poor health. The shock to him has been severe up to the present time and his wife stated to a News Review reporter that she thought he would not be able to stand her absence, if it is of long duration.

There are said to be at least a half dozen young men of the city with whom Gertrude has been intimate during the past few months, and it is the belief of her relatives that one of them has induced her to act so imprudently. All of the men are prominent in society circles and today, after they learned that report of the affair had reached the police, they were very much frightened. She is said to have a very dear friend in Pittsburg also and some think she may have gone there to meet him.

Miss Cooper is well known in the city. She has worked at the pottery above named for a long time and is well liked by all who know her. She was intimate with Mabel Gromo, who said this morning that Gertrude had told her many times of her courtship with the Pittsburg man.

The father of Gertrude is dead. He died in this country and a short time afterwards the family moved back to England. Gertrude was allowed to come to this city by the solicitation of her relatives on Fenton street.

SALEM OFFICIALS BOLDLY DEFIED

Columbiana County Telephone Company Pays No Attention to City Solicitor's Orders.

Salem, August 22.—The officials of the Columbiana County Telephone company are still openly defying the city and refusing to comply with the provisions of the franchise notwithstanding the recent instructions of the council to the solicitor. They are not recognizing the law under which they gained entrance into the city, says the Herald.

On Tuesday General Manager W. F. Crossley went to the grocery store of Henry Stiffler and told him that he would have to sign a contract for $36 if he wanted service. This new contract and rates were to take effect at once. Mr. Stiffler offered the money to Manager Crossley at the regular rate, but the latter refused to accept it. Manager Crossley said he would send a man up and have Mr. Stiffler sign up at the rates advanced by the company, and which it is trying to bluff and force its subscribers to sign. Mr. Stiffler refused to sign at the advanced rate but offered to pay them the lawful rate.

On Wednesday morning his telephone service was stopped and remained so all day. This was because he had refused to sign at the company's price. Mr. Stiffler got busy and saw the judiciary committee of the council and told them about the actions of Manager Crossley. The councilmen were indignant at the open defiance of the company. The committee held a conference with the city solicitor regarding the matter.

The city solicitor in turn saw Carey & Mullins, the attorneys for the company. Mr. Mullins told the told the officials to again give Mr. Shiffler telephone service for the time being. Mr. Crossley was out of the city today. A number of the councilmen wanted a special meeting of the council called to take action in regard to the company. The city solicitor did not think it would be advisable, however, and none will be held. There is considerable feeling in the city concerning the actions of the company officials about the way they attempt to raise rates.

ANGRY ITALIAN ARRESTED FOR HIS THREAT TO SHOOT

Charged with pointing firearms at Tom Guardi, who lives in close quarters to his home, Salvatore Cirone was arrested this afternoon and taken before Mayor Weaver. He pleaded not guilty to the allegations. Several witnesses were summoned for the preliminary hearing, which was held at about 3 o'clock.

Guardi appeared at the mayor's office early this morning in a very excited condition. He claimed that Cirone had made a desperate attempt to kill him and that he was afraid he would carry out some dire threats if not locked up. A warrant was issued for Cirone' arrest and he was landed at the city hall by an officer at 1:30 o'clock.

According to the statement of Guardi and several others who claimed to have been eye witnesses, the trouble started when the wife of Cirone approached Guardi in the rear of his lot where he had gone to get a bucket of water from the hydrant and spit on him several times. Guardi told the woman that he did not care to quarrel with her and ordered her away. She replied that she would tell her husband and they could settle things.

Guardi did not think the woman meant anything by her retort and a few moments later when he started to return to his house he was terribly frightened by Cirone who had climbed to the roof of a one-story barn and said he was going to shoot him. Guardi was scared so badly that he was unable to move at the time but he soon regained his composure and ran with great haste.

Guardi and Cirone are shoemakers and have been fighting for months. It is thought the trouble this morning was simply the end of a long feud.

Picnic Day Oration.

Lisbon, August 22.—(Special)—Dr. Ward Beecher Pickard, pastor of the Epworth Memomial M. E. church, of Cleveland, will give his lecture on "The House that Jack Built," at the Harvest Home picnic, Shelton's grove, today. He was entertained in Lisbon by Captain Nicholas Way.

PARENTS FIGHTING OVER THEIR CHILD

Each With Millions of Dollars They Take Their Case to a Supreme Court.

WELL KNOWN OIL MAN

One of the Alleged Principals in a Mysterious Case—The Other Is His Former Nurse—Child Now in a Convent.

The name of T. N. Barnsdall, the Pittsburger, is familiar throughout West Virginia and the Ohio oil regions by virtue of his extensive operations in oil and is well known in river and iron circles. He is now connected with a sensational effort to get possession of a child in Los Angeles. A dispatch from Columbus says a pretty little girl bearing the name of Arvilla Bell, a name belonging to neither father or mother, is the object of a fight out in Los Angeles, between her parents, each backed by millions; a fight that has many sensational details, and which has been carried to the supreme court of California.

The fight brings in the name of T. N. Barnsdall, a wealthy oil and iron magnate of Pittsburg; a man interested in oil wells in Marietta, and claiming beet sugar interests in Michigan. The mother is Cora Davis, the wife of Sol Davis of Los Angeles, and she is enedavoring to get the child from the sisters of the Pico Heights convent.

The woman used to live in Columbus, and apparently had a limitless bank account to judge from the manner of her living and her luxurious surroundings.

She kept herself closely housed, only going out in the evening with her maid, and at stated times she was visited by a man who was known as being from Pittsburg. This much she told a business man in town. She engaged the services of a leading physician of the East Side for her accouchment, which was expected, and then engaged another several months before the time stated to the first physician. At the critical time a nurse from no one knows where attended her. A local business man was called hurriedly to her house when the baby was but a few days old, testified to the fact of asking to see the new baby, that it was at least six weeks old.

The entire affair was wrapped in mystery, but the physician who was engaged, and who was not bidden to the house at the time of the birth of the child, took up a line of detective work himself.

The woman calling herself Mrs Bell had been a professional nurse taking care of Mr. Barnsdall while he was at Mt. Clemens some time before, and after the rupture between them which came shortly after the child's appearance, she sued him for several thousand dollars for the child's support.

Subsequently Mrs. Bell was married to Mr. Davis, who was a workman in one of the steel plants.

The Davis family moved to California and the millionaire had A. A Hopkins of Los Angeles appointed guardian of the child and had her placed in a convent.

Mrs. Davis has testified that she was compelled to sign a petition for the guardianship of the child which enabled Hopkins to gain control of her.

COMBINATION FORMED

Of Independent Sheet and Tin Plate Companies Operating In Ohio.

Pittsburg, August 22.—By the merging of a number of sheet and tin plate companies in the Pittsburg district, an independent combine has been formed. The United Sheet and Tin Plate company, with headquarters in Pittsburg and Columbus, has just been organized, with the absorption of the following companies: Marietta Sheet and Tin Plate company, Marietta, O.; the Tin Dipping Branch of the American Tin and Terne Plate company, Philadelphia; Tuscarora Steel company, with rolling mill and galvanizing plant at Newcomerstown, O.; Cambridge-Byesville Sheet company, now building a 50 ton open hearth steel furnace with blooming and bittlet mills at Byesville, O.; the Byesville Coal company, Byesville, and the Tucker Steel Roofing company, Newark, O., also owning natural gas wells at Marietta and Byesville, O.

The estimated output annually of the company will be 40,000 to 50,000 tons of billets, sheet and tin plate, bars, 30,000 tons of black sheets, plate and tin plates and galvanized iron, some of which will be in the shape of corrugated iron conductor pipe and stel ceiling. M. F. Straus, of Philadelphia, is president of the new combine.

THE WEATHER.

Ohio—Fair; continued warm; Sunday partly cloudy, probably showers and cooler in afternoon; brisk southwest to northwest winds.

Western Pennsylvania—Fair; Sunday partly cloudy, probably showers and cooler; fresh to brisk southwest to northwest winds.

West Virginia—Fair and warmer; Sunday fair.

CARROLLTON NOTES.

Another kiln of 800 saggers was fired yesterday.

The bins and benches are being put up in the biscuit ware house.

The pottery people will install their own electric light plant as soon as the machinery is put in motion.

The third ware kiln has been completed all but the flooring, and the fourth will be in the same shape by Saturday.

The second decorating kiln is about half topped out, but will not be finished until the ware kilns have been lined.

The pottery management is anxious to have all those delinquent to pay up immediately. There is still $6,000 unpaid, and the money is needed badly.

All the machinery for the slip house is in place excepting three cylinders—glaze, frit and color cylinders—and besides these the turning lathes are to come, and that will complete the machinery.

AMONG THE WORKERS.

The new Columbia pottery at Kokomo is about ready to start.

Jacob McBee has taken a position at the Taylor, Smith & Taylor pottery.

Will Gillespie has accepted a pressing job at the Taylor, Smith & Taylor.

Albert Welch, who recently quit at East Palestine, is sticking up at Sebring.

The French and Oliver companies, Sebring, are getting out new lines of specialties.

The Ohio China company, Sebring, has received an order for ware from Porto Rico.

Thomas Farmer, who has been working at Salem, returned to this city a few days ago.

Foster Mackall was in Sebring a few days this week calling on old associates in the potteries.

James Bradley has taken a baker bench at the Shenango and will leave for New Castle next week.

A. S. Allen, of the Ohio China company, Sebring, has been entertaining a distinguished guest in the person of P. H. Arthur, an offical of the Mexican railway.

Benjamin Conkle, who has been employed for a long time as saggermaker at the Thompson pottery, has accepted a position at the Edwin M. Knowles plant.

Orlando Ralston, who resigned as decorating kiln fireman at the Sevres to accept a similar job at the Taylor, Smith & Taylor, will start on his new work Monday.

EAST END

RAILROAD COMPANY READY TO RESUME

Work of Double Tracking Through the East End Will Be Commenced Early Next Week.

Announcement was made this morning by a well posted railroader that the track work of completing the double tracking through the East End would be resumed early next week by the contractors as a result of the adjustment of the company's differences with the city. That the company was confident all along of a satisfactory settlement is apparent from the amount of material that was placed along the line ready to be used as soon as the railroad ordinance became effective. Near Mulberry street the plates for the new crossing have been on the ground for some time and a few days ago the ties for the additional track were distributed from the crossing west to Ralstons.

The work of raising the old track to a height of 18 inches will be taken up with the work of double tracking.

A NOVEL PLAN

Is Being Successfully Worked to Have New Christian Church Edifice Painted.

A novel plan for the painting of the new Christian church edifice on Maple street, has been adopted by the members of the congregation and that it is a successful one is evidenced by the fact that the work is well under way this morning. The building of the edifice taxed the financial means of the small congregation to some extent and when the additional expenditure for the painting was about to be incurred the plan was brought forward.

A voluntary contribution was asked for to purchase the necessary paints, oils, and brushes and then volunteer workmen were asked for. To both requests there was a liberal response and the edifice will be beautified at a very small cost.

TWO CONCERNS

Are Negotiating for a Valuable Factory Site In the East End.

It was reliably reported this morning that two Pittsburg enterprises have been negotiating with East End parties for the purchase of a factory site near that of the Juniata Silica company. The site in question is owned by the Supplee Land company and is considered one of the most desirable in this section. Mr. Supplee admitted this morning that representatives of two Pittsburg concerns had been negotiating for the site, when confronted with the rumor.

It is understood that neither concern manufactures clay products, a pleasing bit of information to East Enders, who are anxious to see a diversity of industries.

IN GOOD CONDITION

Investigation of Health Officer Yesterday Reflects Credit to People of the East End.

Complaints as to the condition of a number of out houses were investigated yesterday afternoon by Health Officer Ogden and Sanitary Policeman Burgess. Through the lack of a sewerage system the people of the East End are a great deal handicapped in the disposal of garbage and other refuse matter but that they take a great pride in the sanitary condition is apparent from the result of the numerous investigations of the authorities. With few exceptions all premises have been found in good sanitary condition.

At the present time the East End is free from malignant and infectious disease, with the exception of one mild case of scarlet fever in Sandy oottom.

Not After May Apples.

Col. Sam Dixon appeared on Mulberry street early this morning with a hoe and a spade over his shoulder and a look of determination on his face. Since he disposed of his steamboat interests there has been considerable speculation as to what business Col. Dixon would engage in, and it was reported this morning that he was going out to dig May apple roots. This was untrue, as the implements were used in repairing the damage to a sidewalk wrought by the recent storm.

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It

NAU'S DYSPEPSIA CURE—IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter." (Signed) N. M. CHURCH, Cashier La Grande, Oregon National Bank.

HAL. P. DENTON.

Mr. Hal. P. Denton, Chief Department Publicity and Promotion of National Export Exposition, writes:

Philadelphia, Dec. 20, 1899.

The Peruna Medicine Co., Columbus, O.

Gentlemen:—"Toward the latter part of August I found myself in a very much run-down condition. I suffered particularly from catarrh of the stomach, aggravated no doubt by the responsibilities and worriment incident to the exploitation of a great international exposition. What I ate distressed me and I would lie awake at night 'threshing over,' if I may use that expression, the affairs of the previous day.

"My family physician said I had nervous prostration and recommended a sea voyage. I gradually grew worse. A kind friend whom I had known in Ohio recommended Peruna. Though skeptical, I finally yielded to his advice. After using one bottle I was much improved and with the fifth bottle came complete recovery. I am in perfect health to-day and owe everything to Peruna."

Very truly yours,
HAL. P. DENTON.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Degree Team Drilling.

Buckeye Castle No. 98, Knights of the Golden Eagle, held an interesting meeting last night at the hall in the Larkins building and several candidates were given the degrees. The new parahhernalia and regalia, ordered some time ago, has arrived and were used last night for the first time. Members of the degree team held practice before the meeting and will soon be in shape to do the large amount of work in prospect for the winter season.

Usual Services Tomorrow.

Arrangements have been made to supply the pulpit of the Second Presbyterian church at both the morning and evening services tomorrow Rev. Mr. Ackerman, of the Chester church will conduct the morning service and Rev. Mr. Snyder, of the Long's Run church will preach in the evening. Both divines are well known to the members of the congregation and they will be pleased at the opportunity to hear them.

Brownlee Getting Well.

Alex. Brownlee, of Dry Run, the man who had an arm severed a short time ago under the wheels of a C. & P. train, was able today to be out upon the streets. He called upon several East End friends during the morning and visited his physician's office to have the wound dressed. The wound is healing nicely. Mr. Brownlee has been unusually unfortunate of late, he having sustained a broken leg in a fall last New Year's eve.

Planned a Surprise.

Dr. F. F. Davis and family, of St. George street, drove to New Sheffield this morning to spend the day with Mrs. McGivens. Today is the anniversary of Mrs. McGiven's birth and the visit was planned as a surprise to her. Several other near relatives will be present and quite a pleasant time is anticipated.

A Farewell Visit.

Miss May Marshall, the Indian missionary, who visited East End relatives a short time ago, is expected here again next week. Miss Marshall is a cousin of Rev. J. N. Swan, of Ohio avenue, and she will be a guest at his home. This will be her farewell visit before returning to India to resume her work.

Critically Ill From Pneumonia.

John Wilson, of Railroad street, who has been ill for several weeks was reported to be in a most critical condition this morning and very little hope is entertained of his recovery. The attending physicians have diagnosed his malady to be pleuro-pneumonia.

IT IS SERIOUS

Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected.
Dangerous urinary troubles follow.
An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills. I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold at the W. & W. Pharmacy.

Doctor

Pronounced My Case Incurable,

Said I Would Die Of Heart Disease.

Dr. Miles' Heart Cure Brought Good Health.

"I have every reason to recommend the Dr. Miles Remedies as the Heart Cure saved my life. I am a large man, considerably over six feet in height, weigh nearly three hundred pounds. Some years ago my heart was so seriously affected that I never expected to get well. Doctors pronounced my case incurable. I noticed your advertisement in some paper, and bought six bottles of the Heart Cure. I felt great relief and improved so I continued until I had taken twelve bottles. My trouble was organic and I never expected to be permanently cured, but thanks to Dr. Miles' Heart Cure, I have kept in good health and have been able to follow my profession continually since first taking the remedies eight years ago. I am a musician, teacher of instrumental and vocal music, musical conductor, etc. I have taught all over the state of Michigan and have recommended Dr. Miles' Heart Cure to thousands of persons in all parts of the state and have heard nothing but good reports of it. I have induced dozens of persons in my own county to take Dr. Miles' Heart Cure as my word is never doubted by those who know me."—C. H. Smith, Flint, Mich.

"I am a druggist and have sold and recommended Dr. Miles' Heart Cure, for I know what it has done for me, and I wish I could state more clearly the splendid good health I am enjoying now. Your Restorative Nervine gives excellent satisfaction."—Dr. T. H. Watts, Druggist, Hot Springs, S. D.

All druggists sell and guarantee first bottle Dr. Miles' Remedies. Send for free book on Nervous and Heart Diseases. Address Dr. Miles Medical Co., Elkhart, Ind.

"Public Policy," of Chicago, calling attention to the importance of the constitutional amendments to be voted upon by the electors of Ohio in November, states an important point, which voters should not lose sight of. It says: "The Ohio constitution provides that a proposal to amend the constitution must first be submitted to the people by a two-thirds vote of all the members of the general assembly, and then it must receive an affirmative majority of all votes cast at a general election at which members of the general assembly are elected, before it can be proclaimed as having been adopted by the people. Under this rule a voter who casts a vote for a candidate and fails to vote for a pending constitutional amendment permits his negligence to count one vote against the amendment not voted for. At the general election in 1901 the total vote for governor was 840,147. Upon this basis 420,079 votes would have been the lowest number by which a constitutional amendment could have been adopted. Those favoring an amendment must not only overcome the votes of those who actually vote against it; they must also overcome the negligence of voters who do not vote upon the amendment. To be sure this will be done those favoring the taxation and double liability amendments should at once organize and see that there are active workers in every voting district, and as near every polling place as the law will allow, to obtain a promise from every voter that he will vote for these two amendments. He may work for other amendments if he desires, but these two amendments are of paramount importance and must be worked for with all the energy those favoring their adoption can command. We want the address of every person who will volunteer to organize a committee for this purpose in his voting district. This must be done if these amendments are to be adopted."

An automobilist has accomplished a 5,000 mile journey from the Pacific to the Atlantic with his machine. He was 73 days on the road, which is not wonderfully great speed. But the wonder is that he was able to make any speed at all on some of the many bad roads he must have encountered.

OBITUARY

William A. Davies.

William A. Davies, formerly a well known steel man of Pittsburg, is dead in the Englewood hospital, Chicago. His brother, T. H. Davies, of this city, went yesterday to take charge of the body. A sad feature of the death of Mr. Davies is the fact that his mother, who has been visiting her children in this country for the last year, sailed for her home in England last Friday, and will not learn of her son's death until after she lands on the other side. Mr. Davies was 37 years old. He is survived by his widow and three children, four brothers and one sister. Three of the brothers, John, Owen and Gladstone, and his sister, Mrs. T. R. Reese, live in England. The other brother, T. H. Davies, lives in this city.

Mrs. Lizzie Rogers.

Lisbon, August 22.—(Special)—Samuel Todd received word yesterday afternoon of the sudden death of his sister, Mrs. Lizzie Rogers, wife of Charles Rogers, which occurred at Davenport, Ia., Monday evening. Mrs. Rogers was 55 years old, and was born at Dobson's Mill, Wayne township, and was the daughter of Mr. and Mrs. Lloyd Todd, both of whom are dead. She leaves a husband and four grown sons, the oldest a soldier in the Philippines. Two brothers, Samuel, of Lisbon, and William, of Cincinnati, also survive her.

Death of An Infant.

Ruth, the two-weeks-old daughter of Mr. and Mrs. J. H. Chapman, of Calhoun's addition, East End, died this morning. The interment will be made at Spring Hill cemetery, Wellsville, tomorrow.

Death of An Infant.

The funeral of the 13-months-old baby of Mr. and Mrs. Thomas Clark will be held at the home, Sheridan avenue and West Market street, tomorrow afternoon at 2:30 o'clock.

WHAT KIND OF A DRUG STORE DO YOU WANT?

Do you want cheap prices and cheap quality.

Or do you want high prices and high quality.

Or do you want high quality and fair prices.

If quality doesn't count with you and you want only cheap prices then we tell you candidly that you had better not come here to trade; but if you want quality first, last, and all the time—always without any exception the best quality of drugs that can be obtained in all of the markets of the world—if you want that kind of quality then we invite you to make this your headquarters for all drug store purchases. You will not be disappointed with the service that we give you. You will be delighted with it. You will learn to think more and more of our drug store the longer you are acquainted with its methods and the kind of goods that we dispense.

NON-UNION MILLS TO BECOME OPEN

Ninety-Eight Plants Now Operated Non-Union—Sheet Trade Is Dull.

Pittsburg, Aug., 22.—Owing to the idleness of a large number of the nu ion sheet mills of the American Shee' Steel Co., it is probable that a meeting of the advisory board of the shortly for the purpose of declaring the non-union mills of the American Sheet Steel Co. open mills, to enable the idle sheet workers of the Amalgamated association to secure employment in them With few exceptions the non-union mills of the sheet company are in operation at the present time.

Of the 164 mills of the country 98 the operated non-union, and the remaining 66 mills are manned by sneet workers affiliated with the Amalgamated association. The non-union plants of the American Sheet Steel Co. are as follows: Scottdale, Scottdale, Pa., eight mills; Old Meadows, Scottdale, Pa. six mills; Saltsburg, Saltsburg, Pa. four mills; Hyde Park, Hyde Park, Pa., five mills; Canal Dover, Canal Dover, O., 10 mills; Wood plant, McKeesport, Pa., 13 mills; Wellsville, Wellsville, O., six mills; Apollo, Apollo, Pa., six mills; Vandergrift, Vandergrift, Pa., 23 mills; Kirkpatrick, Leechburg, Pa., 10 mills. The following plants containing 66 mills, are controlled by the Amalgamated association: Aetna-Standard, Midland, Piqua, Struthers, Cambridge, Canton, Naw Philadelphia, Dennison, Falcon and Dresden.

The advisory board will meet some time bfore the end of the month to consider suggestions from the membership. The situation is explained in the following notice, which was sent out yesterday morning from the headquarters of the Amalgamated association:

"The condition of the sheet trade is a deplorable one. At a season of the year when business should be at its best, there is every evidence of extreme dullness in the sheet trade, and most of the mills are doing but little work. The mills of the American Sheet Steel Co., both union and non union, are running by fits and starts and most of the independent mills are doing little or nothing. The condition of many of the workmen who have been standing the brunt of the unfavorable working conditions that have existed in the trade during the past two years is one that is really grave and if there is any way that the association can relieve the stress of circumstances it ought to be done."

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Orders of Court in Reference to Settlement of Different Estates.

Lisbon, August 22.—(Special)—Milton Powers, Augustus Adams and Newton Carleton will appraise the estate of the late Mary J. Storey, of Perry township.

Mary R. Welch, as guardian of Frank Welch, of St. Clair township, has been ordered to give additional bond of $8,000 pending the sale of real estate which she has been authorized to sell at private sale.

The late Emmor P. Woodruff, of Salem, left no will and L. P. Metzgar has qualified as alministrator. Bond $10,000. Appraisers, Albert Hays, O. J. Astry and Attorney Kennedy.

Annis C. and Warren M. Evans as administrators of the estate of the late J. M. Evans, of Salem, have been authorized to complete a contract entered into by the deceased for the sale of certain real estate to Lewis Briskin for $400.

Robbed and Murdered by Tramps.

Wichita, Kan. Aug. 22.—An unknown young man from Indiana was shot in the side by one of four tramps near Augusta, 20 miles west of Wichita. He died several hours later. He and two companions lay down to sleep with tramps during the night. The tramps robbed them of watches and money while asleep. On awakening they showed fight and one was shot. Two men were arrested at Rose Hill upon suspicion. The dead man had been searching for work.

Chose Awful Method of Suicide.

Chicago, Aug. 22.—After saturating her clothing with kerosene and setting it on fire in an effort to commit suicide, Mrs. Mabel Lathey, 2009 Wabash avenue, fell upon the floor of the hallway in her home and awaited death. A boarder in the house discovered the unfortunate woman and with the aid of a policeman succeeded in extinguishing the flames, but not until the woman had been so severely burned that it is feared she will die.

NEAR THE THRONE

Ever since the marvellous success of "The Prisoner of Zenda," theatrical managers and playwrights have been turning eagerly to the popular novels of the day in search of new dramatic and spectacular possibilities for the footlights. The latest novel that has been dramatized and played with great success is "Near the Throne" by W. J. Thorold. This vivid and stirring

tale of Napoleon's conquest of Egypt will be produced at the Grand Opera house Thursday, Aug. 27.

The production, it is said, is on a marvelously elaborate scale; no detail is omitted either in costume or scenery that can add to the beauty or picturesqueness of this fascinating romance.

The star role of 'Marcel Balzar' will be essayed by Thomas B. Alexander of "Prinoser of Zenda" fame, who will he supported by a company of 20 metropolitan artists including Miss Izetta Jewel, of the Castle Squire theatre, Boston.

A Woman's Complexion.

It is rank foolishness to, attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents; regular size, 75 cents. WELLSVILLE

A CARBAGE FURNACE

Appears to Be a Pressing Need in Wellsville At Present.

Many complaints have been heard recently from a number of citizens regarding the matter of allowing garbage to accumulate along the rear alleys and in the back yards of a number of properties throughout the city. These complaints are more frequently heard from residents in the West End.

At the rear of a certain restaurant near the railroad shops, several barrels packed with garbage have been allowed to stand uncovered for several days and as a result foul fumes issue from the same, a nuisance which is much to the aversion of people residing in the neighborhood. This is only one of many of such cases which it is thought should be taken up by the board of health and some remedy brought to bear.

These matters have brought about the general discussion of the need of a garbage furnace in the city. It has been suggested by many that petitions be circulated among the citizens in which council and the board of health be requested to use their efforts toward having a garbage furnace established here. No petitions have been circulated as yet, although it is believed that this will be done in the near future.

BIDS WERE OPENED.

For the Improvement of Eve Alley and Other Streets—Several Bidders.

The board of public service met at 12 o'clock today and bids were opened for the improvement of Eve alley, Steubenville street and Lisbon road. The bids were as follows:

Eve alley—H. S. Rinehart, East Liverpool, $1.15 per yard; J. H. French, Salem, $1.40; E. A. Freshwater, New Cumberland, $1.20.

Steubenville street, from Clark avenue to corporate limits—Rinehart, $1.50; French, $1.47; Freshwater, $1.33.3.

Lisbon road—Freshwater, $1.32; Rinehart, $1.45; A. B. Clark, $1.30; French, $1.50.

The bids were placed in the hands of the city engineer, who will look them over and report at a meeting of the board to be held Tuesday morning.

NO WORK THIS WEEK

On the New Pumping Station—Several Reasons For Delay.

The manager of the Duquesne Engineering company, of Pittsburg together with his force of men to start work on the new water works pumping station, have not yet arrived in the city and are not expected by the water works officials before the first of next week.

Superintendent Ewing states that the company has been delayed, because of inability to secure the necessary tools with which to do the work and also because of the non-arrival of the material ordered from the east. As soon as the work is started, it will be rushed with all possible haste.

NEW BAND BENEFIT

A Dance Being Arranged for to Raise Funds for the Organization.

A meeting of the organization of Wellsville's Greater Band was held last evening in the council chamber at the city hall for the purpose of determining the success of the men who have been busy selling tickets for the benefit dance to be held here next Thursday evening.

The meeting was presided over by Mayor Fogo, who is the prime mover in the new enterprise. Only a few of the men reported, but their efforts were more satisfactory and judging from the number of tickets sold the dance for the benefit of the band will be a grand success.

Harry Hale has been employed to run an ice cream stand in connection with the dance, the proceeds of which will go into the benefit fund. The organization adjourned to meet Monday evening when all of the ticket sellers are expected to report.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape This Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkable remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever, will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei, and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be gained by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for the trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but Will Reed's offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home, a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily, you can save the expense and trouble of a mountain trip and avoid all danger of hay fever.

SOUTH SIDE

LOTS OF WORK NEEDED BEFORE WINTER COMES

Chester Council Awakens to the Fact That Many Things Must Be Remedied.

The Chester town council seems to have at last awakened to the knowledge that there is a vast amount of work before it which will have to be looked after before winter comes if the citizens may hope to be relieved of the many inconveniences and annoyance with which they were compelled to contend during last winter.

Many matters left in the hands of committees have been hanging fire for months, and it had been determined during the interval since the last meeting to have at least a part of them settled up last night. The citizens of upper Chester registered a complaint through Councilman Dunn against the practice of dumping garbage and other rubbish over the bank at Louisiana avenue. In connection with this complaint, Mr. Anderson mentioned the fact that a cow has been left standing in Tenth street night and day, and that the residents of that part of town were objecting to its presence declaring it a nuisance.

Before any action could be taken Henry Riley secured permission to speak, and stated that he, with a large number of other citizens, objected to paying taxes for lights which they received no benefit from. Councilman Johnston informed him that the light committee had been given the assurance that the new appliances and lighting fixtures would be ready for use within a very short time. Recorder Maxwell thought the gas company would make some allowance for the fact that there was little gas used.

Freshwater & Sons' bid for grading Fairview street was read, asking 50 cents per yard for dirt and $150 for the excavation of rock. The entire job involved the removal of 2,442 yards of the road. The bid was thought to be too high. The question was raised as to where the money for the improvement was to come from, and no one seemed to know. Mr. Cunningham made an eloquent appeal in behalf of the First ward taxpayers, who were anxious that the work be done this fall. On the condition that the contractor would accept the city's note the contract was let. The engineer and solicitor were instructed to prepare the specifications and contract.

It was reported that the proceeds from this year's levy had all been spent, and that barely sufficient was left to keep up current expenses.

A number of bills were ordered paid and the engineer was authorized to proceed with the paving of First street. When this work is started, trouble is apt to begin. John Shrader claims title to that part of First street lying between the railroad bridge and Virginia avenue. It is surmised, too, he does not want it improved. Council, however, claims that this street was dedicated to the town as evidenced by the old plat.

HANCOCK PICNIC

Promises to Attract a Great Crowd to the ark September 12.

The Hancock county picnic on Saturday, September 12, will be the gala day of this county. Preparations are being made to handle the crowd. A special low rate will be given on the railroad and several excursion trains will be run on that day. Manager Maxwell promises a good show at the summer theatre. There will be dancing afternoon and evening, the big roller coaster and merry-go-round will have charms for the young people. The old mill is a new feature at the park and it is enjoyed by all.

From reports people are coming from far and near to attend the reunion and picnic of the Hancock county people. Former residents who have not seen their friends in this section for a number of years are making arrangements for a meeting on Saturday, September 12.

NINETIETH BIRTHDAY

Celebrated With An Enjoyable Family Reunion at Mrs. Eliza Moore's Home.

The 90th birthday anniversary of Mrs. Eliza Moore, who resides a short distance south of Hookstown, was celebrated this week, several Chester people being present. The occasion was made memorable by a family union, attended by a large number of relatives from far and near.

Mrs. Moore was born in 1813, and has spent the greater portion of her life in this vicinity. Her husband has been dead for many years, and of the eight children born to the union but three yet survive. A large number of grandchildren and great grandchildren were present and assisted the old lady in the celebration of the event.

Rev. Moore Buchanan, of Morgantown, one of the descendants of the family, made a splendid address, touching upon the various branches of the relationship, and recalling many incidents of family history long since forgotten.

Justice J. M. Reed, of Hookstown, had been slated for a speech upon the history of the community in which Mrs Moore resided for so many years. The address was one of the very best efforts of the speaker's life, and teemed with interesting points in connection with the people who had lived and died in and about Hookstown. The review was intensely interesting and was listened to with wrapt attention.

ACTIVITY IS SHOWN

In Oil and aGs Circles—Hadley Well Again Looks Promising.

There was more activity in oil and gas circles this morning tha has been noted in several weeks, and the men interested in the Chester Oil and Gas company have determined to bring the business of the concern to a sudden end or have something done toward the further development of their territory without delay.

Information reached Chester this morning to the effect that the well drilled by the company on the Hadley fard had blown out of its own accord and was now boiling over the top at an alarming rate so strong was the pressure of gas. Mr. Hadley discovered the break, and hastened to town to acquaint the stockholders with the fact. John Marshall and John Evans made a trip to the well this afternoon, and upon their report will depend the future course of the company.

It is probable the two other wells called for in the contract with the Stewarts will be put down soon, but not by the latter parties.

WORK IS STOPPED

On First Street Grading Pending Decision of Court on the Matter.

When the work of grading for the proposed paving of First avenue from Virginia avenue to Carolina was started by Contractor Freshwater this morning notice was served upon him to cease the grading at once pending a decision from the court as to the ownership of the way for the street.

The minutes of the town council showed that the property was condemned for street purposes, and the authorities believe they have the right to proceed with the task of paving. Mr. Shrader on the other hand holds that the street right of way is on his property.

Hurt the Manager.

A number of base ball players were playing at Rock Springs yesterday and William Hawkins, the amusement manager, requested them to desist from throwing the ball toward the roller coaster. They did so, but as Mr. Hawkins was leaving a ball was thrown, striking him on the back of the head with great force and causing him much suffering.

Matinee Well Attended.

The children's matinee given at the Rock Springs theater this afternoon was well attended, and a very large crowd was present from East Liverpool and Chester. The management of the theater had announced a free ticket to each child under a certain age, and several hundred youngsters took advantage of the offer.

CHESTER NOTES.

Bert Mercer is visiting friends in the country.

Harry Conkle left yesterday for the Port Homer oil field.

J. A. Beveridge, who came here on business a few days ago, was compelled to return home to Sterling, Ky., on account of illness.

Mrs. Margaret Allison, is the guest of her brotner, and sister-in-law, Mr. and Mrs. Robert Hobbs, of First street.

Arrangements are being made by the Chester base ball team for a trip to East Palestine on Labor day. A game will be played with the team of that village.

It is announced the bricklayers will complete their part of the contract on the Pool building today, and Contractor Silverthorn will at once begin the completion of the carpenter work.

DEATH DUST

...Roaches...

A big, black roach, is a big, mean nuisance; and the sooner they are driven out or killed, the better. They not only eat food and spoil infinitely more than they eat, but they destroy many fine things, such as book covers, etc. Numerous are the ways and means employed to rid premises and places of them but without permanent result.

The very best thing to kill roaches is Death Dust.

It kills them in their tracks before they reach their haunts. Sprinkle it freely about the places they are seen. They breathe it and DIE. Just what every good housekeeper wants them to do.

REALM OF SPORTS

NEW CASTLE GOT ONLY ONE RUN

Would Not Have Had That Except For Heckathorn's Wild Throw.

A GREAT SURPRISE GIVEN

To the Pennsylvania Lads and Their Twirler Batted Unmercifully. Enough Done in Two Innings to Insure East Liverpool Victory.

Because Big Fred Heckathorn, the star first baseman of eastern Ohio forgot that he was not playing practice ball and tried to see how high he could throw, the locals were undeservedly restrained from a shut-out game yesterday afternoon in West End park when they went against the crack aggregation of New Castle. Capt. Reark had the same team on the field that he mustered together last week and they excepting two plays, put up a faultless game. The score resulted 9 to 1 in favor of the home boys.

With a reputation sufficient to carry them to victory in the National league and with strides that plainly demonstrated their feeling of ability the Pennsylvania lads walked into the park and their appearance being decidedly with them local fans were a little nervous over the outcome. Their fears were not of long duration, however, every member of the Crockery City team having his batting eye and in great shape they landed on the visiting twirler. Had the manager of the New Castle boys seen fit to give the first slabbist a rest in the fourth inning there is no telling what the score would have been. He was removed to second for the inning while Forkum, who lost a game, 19 to 2, on the day previous, made a miserable attempt to hold the score down. When Cline was replaced he had nerved considerably and his stunts from that time were some better.

In two innings the locals did enough to insure their victory. They made an avalanche of hits and they combined with errors and wild plays on the part of New Castle gave them easy sailing.

"Big" Heck may be forgiven by his team mates and by the fans for his episode in the sixth, but there is room for doubting it. New Castle had failed to even smell third base and everything was favorable for a shut-out when Fred grabbed the ball and threw it sky high. Klinedes had landed for two bases. Forkburn bunted and was caught at first. Heckathorn saw Klinednst running like wild to third, thought he might intercept him, but not so. The little sphere went out of Brown's reach and the only run was scored. After that three hits were made, giving them an even six, but they were unable to land farther than second.

In the first inning the locals scored three runs, in the third, one; the fourth, three; the seventh, two. All of them were made on good hits and fast base running. In fact the locals exerted themselves on the latter score and played the bases just as hard as they would had Jamestown been the opposition.

Webb did more hitting than for many a day. He got three pretty little singles. Brown was also there with the stick. Heckathorn was not slow either. And Lawrence surprised himself.

The score:

TORONTO BEATEN IN TWO CAMES

Crockery City and East End Grays Each Administer a Defeat.

Toronto was twice beaten yesterday afternoon by teams from the local league, the first being administered by the Crockery Citys and the second by the East End Grays. The scores were 9 to 3 and 7 to 1. Davidson, who pitched for the Crockety City, allowed but four hits and struck out seven men. Myers excelled in the field. Following is the score and the lineups:

Crockery City .....5 0 1 0 0 0 3—9
Toronti .....1 0 1 0 0 0 0 1—3

Toronto—Booth, s; Carson, lf; Paisley, 2b; Bray, 1b; Maley, 3b; Clark, rf; Stahl, c; Myers, m; Evans, p.

Crockery City—Jones, 1b; Mountfird, c; Coleman, lf; Bridge, 3b; Miller, 2b; Ivers, rf; Wheeler, rf; Lynch, m; Myers, s; Davidson, p.

The East End Grays kept up their winning streak by defeating the Toronto team yesterday afternoon at Rock Springs park, by a score of 7 to 1. The team accompanied the excursionists from that city yesterday and was the best to be had in Toronto. Bridge and Mountford, of the Crockery Citys, played with the Grays and did good work. Dunn had a slashing Lome run drive. Score:

East End Grays ....1 0 2 0 2 0 2 0 2—7
Toronto .....1 0 0 0 0 0 0 0—1

Following is the lineup of the two teams:

Lisbon Footballists Organizing.

Lisbon, August 22.—(Special)—A meeting held in the Young Men's Lyceum rooms last evening at which preliminary steps were taken for the organization of a football team in Lisbon, was well attended. Arrangements are under way for the organization of a good team. Another meeting soon will be held to elect a manager.

Won In Straight Heats.

Will Larkins' fast horse, Robert L., won the 2:25 pace at the Petersburg fair yesterday in straight heats. Mr. Larkins and George Smith of this city were present at the races. Robert L's best time was 2:21. Baker Boy, Jesse Fisher's fine animal, took 4th place in the 3:00 class, which had 8 enteries.

Moons vs. Stars.

The Pleasant Heights Moons were again beaten last evening by the Lisbon road Stars in a well played game by a score of 8 to 2. The teams are playing a series of eight games.

are overcome by Lydia E. Pinkham's Vegetable Compound.

Miss Menard cured after doctors failed to help her.

"Lydia E. Pinkham's Vegetable Compound cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take **Lydia E. Pinkham's Vegetable Compound** and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss Georgie Menard, 537 E. 152nd St., New York City.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

BANK PROMOTER HAS DISAPPEARED

Now His Pessonal Checks Are Turning Up From Many Towns.

Lancaster, O., August 22.—The recently incorporatd bank of Amand, Fairfield county, will probably never open its doors. It was promoted by J. O. Thomas, who claimed to hail from New York. Thomas succeeded in interesting local and Columbus people in the enterprise, and it was incorporated about two months ago for $25,000. Very little stock was subscribed and none paid in.

Thomas rented a store room and fitted it out with excellent furniture. Sunday last he disappeared and Thursday nearly $1,000 worth of his personal checks, drawn on the bank of Amand, have turned up from Southern Ohio and West Virginia points. Creditors of Thomas have attached the bank furniture and a search is being made for the missing man.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject, which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approve he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

MUNICIPAL CLASSIFICATION.

Be it resolved by the General Assembly of the State of Ohio:

SECTION 1. That a proposition shall be submittbd to the voters of the state on the first Tuesday after the first Monday in November, 1903, to amend article 13, section 6, of the constitution of the state of Ohio, so that it shall read as follows:

"Article 13, Section 6. The general assembly shall provide by general laws for the organization of cities, incorporated villages and hamlets and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power; provided, that the general assembly may divide cities into not more nor less than three classes, and if such division is made the classification shall be as follows and not otherwise. All cities having a population of more than one hundred thousand shall be cities of the first class; all cities having a population of not more than one hundred thousand nor less than twenty-five thousand shall be cities of the second class; all others shall be cities of the third class."

SECTION 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words: "Municipal classification amendment, yes"; and those opposed to such amendment shall have placed upon their ballots the words: "Municipal classification amendment, no."

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

TAXATION.

Be it resolved by the General Assembly of the State of Ohio: That a proposition shall be submitted to the electors of the state of Ohio, at the first Tuesday after the first Monday in November, 1903, to amend section 2 of article XII, of the constitution of the state of Ohio, so that it shall read as follows:

ARTICLE XII.

Sec. 2. The general assembly shall provide for the raising of revenue for all state and local purposes in such manner as it shall deem proper. The subjects of taxation for state and local purposes shall be classified, and the taxation shall be uniform on all subjects of the same class, and shall be just to the subject taxed. Only burying grounds, public school houses and houses used exclusively for public worship, institutions of purely public charity, public property used exclusively for any public purpose, and personal property to an amount not exceeding in value two hundred dollars for each individual, may, by general law, be exempted from taxation; and the value of all property so exempted shall, from time to time, be ascertained and published, as may be directed by law.

At such election those electors desiring to vote for such amendment may have placed upon their ballots the words, "Taxation amendment, yes;" and those opposed to such amendment may have placed upon their ballots the words, "Taxation amendment—No."

Section 3. This amendment shall take effect on the first day of January 1904.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

COUNTY LEGISLATIVE DISTRICTS.

Be it resolved by the General Assembly of the State of Ohio: (Three-fifths of all the members elected to each house concurring therein), That a proposition shall be submitted to the electors of the state of Ohio, at the first Tuesday after the first Monday of November, 1903 to amend section 2, article 11, of the constitution of the state, so that it shall read as follows:

Section 2, Article 11.—Every county having a population equal to one-half of said ratio, shall be entitled to one representative; every county, containing said ratio, and three-fourths over, shall be entitled to two representatives; every county containing three times said ratio, shall be entitled to three representatives; and so on, requiring after the first two, an entire ratio for each additional representative. Provided, however, that each county shall have one representative.

Section 2. At said election the voters in favor of the adoption of the amendment to section 2, article 11, shall have placed upon their ballots the words, "Amendment to section 2, article 11, of constitution—Yes," and those who do not favor the adoption of said amendment shall have placed upon their ballots the words, "Amendment to section 2 article 11, of constitution—No."

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep. It increases physical vigor and gives great muscular elasticity, so that the baby's advent is practically painless. It is the best of tonics for nursing mothers.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Northumberland County, Va. "Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription.'"

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

For all summer complaints such as indigestion, mal-assimilation, low vitality, poor appetite, weak, thin blood, Hagee's Cordial of Cod Liver Oil is particularly efficacious. Synopsis of Preceding Chapters.

CHAPTER I.—Grenfall Lorry, a wealthy occupant who refuses or neglects to do quaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the flier stops for repairs in West Virginia. II.—Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenslocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenslocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenslocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital Edelweiss, are located by a guide book. The Americans get no trace of the Guggenslockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenslocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish ramble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters red handed. IX.—Following the conspirators, Lorry finds himself in a room he heard them designate as that of the princess. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenslocker. Dannox, the guard, is in the abduction plot. He fells Lorry with a terrible blow. Anguish to the rescue. XI.—Lorry quartered in the castle. The princess visits him, but forbids all talk of love. XII.—Graustark is bankrupt and owes the neighboring princedom of Axphain $30,000,000. The creditor demands cash or the cession of the richest districts of Graustark. XIII.—The Prince of Axphain offers to extend the loan if the princess will marry his son Lorenz. Prince Gabriel, of Dawsbergen, also bids for the princess' hand with offer of a loan. Yetive tells Lorry that she belongs to her people and will marry Lorenz. XIV.—Lorry discovered kissing the princess while she is seated on the throne. He quits the castle by royal command. XV.—Betrothal of the princess to Lorenz. The Americans recognize Gabriel as chief conspirator in the abduction plot. XVI.—Lorenz toasts the princess lightly in a cafe. Lorry dashes the glass from his hand. Challenge to a duel. Lorenz assassinated. Lorry charged with the crime. XVII.—Princess Yetive commits Lorry to prison.

CHAPTER XVII.—Continued.

In the privacy of her room the stricken princess collapsed from the effects

She sank back with a moan, fainting.

of the ordeal. Her poor brain had striven in vain to invent means by which she might save the man she loved. She had surrendered to the inevitable because there was justice in the claims of the inexorable duke and his vindictive friends. She signed the decree as if in a dream, a nightmare, with trembling hand and broken heart. His death warrant! And yet, like all others, she believed him guilty—guilty for her sake!

Mizrox and his friends departed in triumph, revenge written on every face. She walked blindly, numbly, to her room, assisted by her uncle, the count. Without observing her aunt or the Countess Dagmar, she staggered to the window and looked below. The Axphainians were crossing the parade ground jubilantly. Then came the clatter of a horse's hoof, and Captain Quinnox, with the fatal papers in his possession, galloped down the avenue. She clutched the curtains distractedly and, leaning far forward, cried from the open window:

"Quinnox! Quinnox! Come back! I forbid—I forbid! Destroy those papers, Quinnox!"

But Quinnox heard not the pitiful wail. Seeing him disappear down the avenue, she threw her hands to her head and sank back with a moan, fainting. Count Halfont caught her in his arms. It was nightfall before she was fully revived. The faithful young countess clung to her caressingly, lovingly, uttering words of consolation until long after the shades of night had dropped. They were alone in the princess' boudoir, seated together upon the divan, the tired head of the one resting wearily against the shoulder of the other. Wide and dark and troubled were the eyes of the ruler of Graustark.

An attendant appeared and announced the arrival of one of the American gentlemen, who insisted on seeing her royal highness. The card on the tray bore the name of Harry Anguish. At once the princess was a-flutter with eagerness and excitement.

"Anguish! Show him to this room quickly! Oh, Dagmar, he brings word from him! He comes from him! Why is he so slow? Ach, I cannot wait!"

Far from being slow, Anguish was exceedingly swift in approaching the room to which he feared admittance might be denied.

"Tell me! What is it?" she cried as he stopped in the center of the room and glared at her.

"I don't care whether you like it, and it doesn't matter if you are a princess," he exploded, "there are a few things I'm going to say to you. First, I want to know what kind of a woman you are to throw into prison a man like—like—oh, it drives me crazy to think of it! I don't care if you are insulted. He's a friend of mine, and he is no more guilty than you are, and I want to know what you mean by ordering his arrest."

Her lips parted as if to speak, her face grew deathly pale, her fingers clutched the edge of the divan. She stared at him piteously, unable to move, to speak. Then the blue eyes filled with tears, a sob came to her lips, and her tortured heart made a last brave effort at defense.

"I—I—Mr. Anguish, you wrong me—I—I"— She tried to whisper through the closed throat and stiffened lips. Words failed her, but she pleaded with those wet, imploring eyes. His heart melted, his anger was swept away in a twinkling. He saw that he had wounded her most unjustly.

"You brute!" hissed the countess, with flashing, indignant eyes, throwing her arms about the princess and drawing her head to her breast.

"Forgive me," he cried, sinking to his knee before the princess, shame and contrition in his face. "I have been half mad this whole day, and I have thought harshly of you. I now see that you are suffering more intensely than I. I love Lorry, and that is my only excuse. He is being foully wronged, your highness, foully wronged."

"I deserve your contempt after all. Whether he be guilty or innocent, I should have refused to sign the decree. It is too late now. I have signed away something that is very dear to me—his life. You are his friend and mine. Can you tell me what he thinks of me—what he says—how he feels?" She asked the triple question breathlessly.

"He believes you were forced into the act, and said as much to me. As to how he feels, I can only ask how you would feel if you were in his place, innocent and yet almost sure of conviction. These friends of Axphain will resort to any subterfuge now that one of their number has staked his life. Mark my word, some one will deliberately swear that he saw Grenfall Lorry strike the blow, and that will be as villainous a lie as man ever told. What I am here for, your highness, is to ask if that decree cannot be withdrawn."

"Alas, it cannot! I would gladly order his release if I could, but you can see what that would mean to us—a war, Mr. Anguish," she sighed miserably.

"But you will not see an innocent man condemned?" cried he, again indignant.

"I have only your statement for that, sir, if you will pardon me. I hope from the bottom of my heart that he did not murder the prince after being honorably challenged."

"He is no coward!" thundered Anguish, startling both women with his vehemence. "I say he did not kill the prince, but I'll stake my life he would have done so had they met this morning."

"He may be able to clear himself," suggested the countess nervously.

"And he may not; so there you have it. What chance have two Americans over here with everybody against us?"

"Stop! You shall not say that! He shall have full justice at any cost, and there is one here who is not against him!" cried the princess, with flashing eyes.

"I am aware that everybody admires him because he has done Graustark a service in ridding it of something obnoxious—a prospective husband. But that does not get him out of jail."

"You are unkind again," said the princess slowly. "I chose my husband, and you assume much when you intimate that I am glad because he was murdered."

"Do not be angry," cried the countess impatiently. "We all regret what has happened, and I, for one, hope that Mr. Lorry may escape from the tower and laugh forevermore at his pursuers. If he could only dig his way out!"

The princess shot a startled look toward the speaker as a new thought entered her wearied brain. A short, involuntary gasp told that it had lodged and would grow. She laughed at the idea of an escape from the tower, but as she laughed a tiny spot of red began to spread upon her cheek and her eyes glistened strangely.

Anguish remained with them for half an hour. When he left the castle, it was with a more hopeful feeling in his breast. In the princess' bedchamber late that night two girls in loose silken gowns sat before a low fire and talked of something that caused the countess to tremble with excitement when first her pink cheeked sovereign mentioned it in confidence.

RECKLESS CHAUFFEUR ARRESTED

Owner of Automobile Secures His Release and Settles Claims for Damages.

Kingston, N. Y., Aug. 22.—Judge Alton B. Parker and County Judge John G. Vanetten caused the arrest of Joseph H. Bridge, chauffeur of Mayor Julius Fleischman, of Cincinnati.

The mayor and a party of friends were on their way to Fleischman's in the Catskills, Mr. Fleischman's summer home. Bridge sped past Judge Parker's carriage on Broadway at an estimated speed of 40 miles an hour. The team became frightened and only the combined efforts of Judge Parker, Judge Vanetten and a liveryman prevented their running away. Meanwhile the automobile caused another team to run away, the horses plunging into the office windows of the Kingston Electric company.

Mr. Fleischman was served with papers in an action for damages when he appeared at the court house. He settled all claims for $250 and secured the release of Bridge. He was accompanied by Henry Ackerland and Joseph Wilshir, of Cincinnati, and Charles J. Christie, his secretary.

Numerous Resolutions Passed.

Seattle, Aug. 22.—The following are among the resolutions passed by the Trans-Mississippi congress: Favoring statehood for Oklahoma and Indian territory combined; a territorial government for Alaska; an American merchant marine; closer trade relations with Canada; placing the consular service under civil service; favoring more stringent pure food laws; favoring a differential of 4 per cent in favor of Pacific coast bidders on battleships; recommending the construction of an isthmus canal; favoring The Hague tribunal as a court of last resort, and discountenancing the sale of large tracts of Philippine lands and the introduction of coolie labor into those islands.

Antarctic Relief Expedition.

Dundee, Scotland, Aug. 22.—The auxiliary relief ship Terra Nova, formerly a Newfoundland steam whaler, sailed for the Antarctic regions to relieve the British exploring vessel Discovery. The Discovery had then been frozen in for 11 months at the foot of Mount Erebus, in south atitude 77.50, east longitude 166.42. The Terra Nova will carry guncotton, which will be used to blast out a channel, and if the Discovery cannot be extricated her officers and men will be transferred to the Terra Nova and the Discovery will be abandoned.

Another Fort Taken.

Manila, Aug. 22.—After four months of unsuccessful efforts to arrest by peaceable means the Moro assailants of Sergeant Painter and regain the guns stolen at the time, the American troops attacked the stronghold of the datto of Binang-Binang. At the outset of the attack a Moro fanatic, brandishing a kriss, rushed at Major Bullard, of the Twenty-eighth infantry, and slashed the hat on the commander's head. Before he could strike another blow, however, the Moro was shot dead by Corporal Doyle. The fighting lasted for half a day in a waist-deep morass on the shore of Lake Lanao. The insurgent fort was at last captured.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. If it has hung on eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic as well as the primary stages. The Pell case cited below, by permission, is especially valuable, for its incurability was doubly confirmed by consulting physicians and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1902, the son of R. C. Pell, the manager of the Pacific Coast Biscuit Company of Second and Folsom streets, San Francisco was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Cabaniss, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also recovered when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, even after they have developed into the dreaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 400 Washington street, San Francisco, sole compounders. Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes, $1.50. Free analyses made for patients. NO ENNUI FOR PRINCE LUDWIG

He is a Physician and Musician and Time Is Fully Occupied With Self-Imposed Duties.

Berlin, Aug. 22.—Prince Ludwig Ferdinand of Bavaria, who is a physician, a musician and nephew of the regent of Bavaria, has told the Hungarian writer, Desider Szomomey, that he is a prince who never suffers from weariness.

"I go to the Prince Regent theater every morning," he said, "and take part in the rehearsals. I find that submitting myself to the sharp discipline of the director is amusing rather than depressing. After leaving the rehearsals I occupy myself until 3 o'clock in attending to my patients and fulfilling my duties as a doctor. Then I must go off to the theater and play in the orchestra."

The spectacle of the prince playing the horn is one of the sights of the Munich opera house.

Receiver Appointed.

Cleveland, Aug. 22.—L. J. Hammond was appointed receiver for the General Automobile and Manufacturing company upon application of the W. M. Pattison Supply company. The petition states that the concern owes amounts aggregating $50,000.

WHISKEY AND BEER HABIT

PERMANENTLY CURED BY

"ORRINE"

Physicians and scientists throughout the world have long since pronounced drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Systems vary as to the kind of drink that will satisfy this craving—some want whiskey, others beer, wine, kimmel, etc., the use of which will eventually result in ruining the health and bringing on disease, in many cases ending in death.

"ORRINE" permanently removes the craving for liquor, restores the organs of the stomach to their natural condition and improves the appetite and digestion. It contains no injurious drugs of any description. "ORRINE" can be given without the patient's knowledge, if desired, in tea, coffee, water or milk. It requires no office or sanitarium treatment, but can be taken at home. We will refund the money if it fails to do all that is claimed for it.

Mr. E. T. Sims, Brooklyn, N. Y., writes: "Use my name as a twenty-year drunkard restored to manhood and health by 4 boxes of 'ORRINE.' It is a wonderful and marvelous cure for the drink habit."

The price of "ORRINE" is $1 per box, 6 boxes for $5. Mailed in plain, sealed wrapper, by ORRINE Co., 817 14th St., N. W., Washington, D. C. Interesting booklet (sealed) free on request. Sold and recommended by

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. MRS. J. W. COOLBAUGH, Milo Center, N. Y.

CURES KIDNEY AND BLADDER TROUBLES,

Rheumatism, All Diseases of the Blood, Backache, Nervous Dyspepsia, Clear the Complexion and Aid Digestion.

Give you a good appetite, renew life cells in young and old. Permanently restore youthful vigor and vitality. They tone up the whole system and make you feel like a new person. No remedy in the world to equal them. Take a few Nervan Tablets and note the wonderful effect.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nervan Tablets.

$2500 Six rooms, slate roof, front and rear portico, cellar, gas, electric light wiring, sanitary plumbing, bath, hot and cold water, golden oak grain throughout, just finished and within five minutes walk of the Diamond, on Minerva street. No hill to climb. Terms—$500 down, balance $20 monthly.

$3100 Seven rooms and finished attic, slate roof, cabinet mantle, good cellar, sanitary plumbing, bath, hot and cold water, electric light wiring, grained in golden oak, front and rear porticos. No hill to climb. One half square east of Walnut street on Minerva. Terms—$500 down and balance $25 monthly.

$2175 Six rooms, slate roof, large front portico, good cellar, wired for electricity, bath, hot and cold water, all sanitary plumbing complete, grained in oak, new and never occupied. Within four squares of the Diamond. Terms—$375 down and $18 per month.

$3750 Six room dwelling and store room 20x30 feet. A chance for one who wants a home and to go into the retail grocery business. The location for a grocery store is one of the best in the city, being in a closely built up neighborhood with no stores conveniently located. It is sure to command the trade of its district and neighborhood and it is grocery stores located as this is that make the money. Location overcomes the necessity of meeting ruinous competition and with less expenses and with regular trade the merchant prospers when his contemporary in the city's center does five times the business and makes less. The dwelling is modern, containing bath, hot and cold water, sanitary sewer connections, porticos, gas, electric light wiring, china closets, cabinet mantel, etc. This is an opportunity for some one—will it be you? Terms—$750 down; balance $30 monthly.

$1650 Six rooms, slate roof, front, back and side porticos, grained inside, well arranged, comfortable and convenient. Good cellar, drilled well with force pump. Lot 40x100. Commands a fine view, is easy of access, within one minute's walk of north side street car line. It is located one-half square east of the Calcutta road just beyond Riverview cemetery. Terms—$450 down; balance $10 per month.

Other properties we would note as follows as being on sale with us (particulars furnished upon inquiry). Ten room brick house, lot 33x133, Sixth street, $5,200; new ten room house, lot 40x100, Ogden street, $2,500; six room modern house, Spring street, $2,900; four rooms, water and gas, lot 30x100 Minerva street, $1,850; ten room modern double house near Second street, $3,000; four rooms, new, just completed, McKinnon addition, $1,200; three rooms and small lot, Cadmus street, $700; two rooms and large lot Gardendale, $400; four rooms, lot 30x100, Pennsylvania avenue, East End, $1,450; six rooms, new, Sheridan avenue, $2,750; five rooms, pantry, lot 30x100, Bradshaw avenue, $1,850; six rooms, furnace, gas, lot 30x100, Eighth street, $2,400; four rooms, just new, Oakland addition, $1,200; four rooms, new, Maple street, East End, $1,250; four rooms, Ohio avenue, East End, $1,750; seven rooms and five rooms on Third street, $5,500; seven rooms on Pine street, $2,500.

Restaurant and dwelling of 12 rooms furnished in part. Well suited and located for a boarding or mealing house. See us for terms and price.

We have 25 times as many more properties. Call and see us about any or all of them. We will sell on terms to suit your income. Why pay rent when you can own a home? Don't you know that by paying a dollar on each $100 you owe will wipe out the debt and interest in ten years? For instance, fifteen dollars paid monthly for ten years will pay off a $1,500 debt and interest. It's not how much money one spends but how one spends it that makes one's financial weal or woe.

ZOAR COMMUNITY ALMOST A MEMORY

The Once Famous Sect Offers Its Church to the Lutheran Synod.

Pittsburg, August 22.—By the action of the Ohio Joint Synod of the Lutheran church in appointing a committee to establish a church at Zoar, O., the absorption of the famous old Zoar community by the Lutherans was practically assured, and the old communistic organization, which flourished for many years, will be but a memory.

The Zoarites have already tendered their church building to the Lutheran synod. Services in it have been all but abandoned for a year. Other property will soon be transferred, now that the Lutheran denomination promises to take up the work. The rapid disintegration of the organization resulted in the dissolution of the community and the abandonment of the church.

WILLING WORKERS

Tender a Delightful Surprise to Mrs. John Hohman, of Fourth Street.

A delightful entertainment was given last evening as a surprise on Mrs. John Hohman, of Fourth street, who yesterday celebrated her birthday anniversary. The surprise was given by the Willing workers, an enthusiastic organization of St. John's Evangelical Lutheran church.

Those present were: Mr. and Mrs. Edwin Oppelt, Mr. and Mrs. Mear, Mr. and Mrs. Steinfeld, Mr. and Mrs. Burton, Mr. and Mrs. Shiver, Mrs. Potem, Mrs. Aosman, Mr. and Mrs. Deitz, Miss Sarah Rowe, Mrs. Wagner, Miss May Rahrew, Mrs. Hipner, Mrs. Agner, Rev. and Mrs. J. G. Reinartz, Mrs. Kratz, Miss Pepin.

Mr. and Mrs. Louis Kartlock, of Pittsburg, who are the guests of Mr. and Hohman, were also present. The evening was spent enjoying the music of the Ironquois quartet which rendered a number of pleasing selections. A luncheon was served during the evening, the table being beautifully decorated with cut flowers. The hostess was ably assisted by Mrs. Willis Cunning. Mrs. Hohman was unexpectedly surprised by a number of useful gifts, among them being a handsome vase which was presented by the Willing Workers.

Adams-Miller.

A wedding which will come as a surprise to a number of East Liverpool citizens was the marriage of Miss Mary Adams, daughter of Rev. and Mrs. Samuel Hawley Adams, of Clifton N. Y., and Prof. William James Miller, who was formerly a resident of this city. Prof. Miller, who is the son of Mr. and Mrs. George Miller, of Cannon's Mills, for several successive years has been a teacher in the local public schools and last year completed a successful term as principal of the Horace Mann school. Among those who were present at the marriage were Mr. and Mrs. George Miller and Mrs. J. W. Gipner. Prof. and Mrs. Miller will make their future home at Wooster.

CONFERENCE END IS NOT IN SIGHT

Sanitary Ware Scale Still Occupying President Duffy's Attention.

A DECISION NEXT WEEK

The President Finds the East Well Well Organized—The Outlook Is Very Bright for the Potteries of New Jersey.

From a Staff Correspondent.

Trenton, N. J., August 22.—It is highly probable that the conference between the sanitary manufacturers and the committee representing the National Brotherhood of Operative Potters will run over into next week. Thus far the conference has done nothing but discuss the points at issue and it may take a few more meetings before anything definite is accomplished. Although the manufacturers have conceded the men a few of the propositions, their final acceptance depends entirely upon the action they may take on the few remaining.

The conference is one of the most important that has taken place in this city in several years and around the result is gathered considerable interest. The result will affect not only the pressers, but other branches of the pottery industry employed in sanitary plants. The manufacturers all through have shown a peaceful attitude and there is no doubt as to the result. It is possible that some of the proposals may have to be amended but the majority are likely to meet with the bosses' approval.

President Thomas J. Duffy has been present at the three conferences which have been held in the Y. M. C. A. building. In speaking to a News Review representative as to the outcome of the meetings, he said:

"I do not think there is any question as to what the outcome will be. The manufacturers are very careful in what they say and do and for that reason the conference has been prolonged. The manufacturers have already conceded us several points, but their final acceptance depends largely on the attitude they display toward the others."

It was Mr. Duffy's intentions to leave for East Liverpool about the last of this week, but the chances are that his departure will have to be deferred. The result of the referendum vote on the proposition of the western manufacturers in reference to the uniform price list awaits his attention and he prefers to be on hand after the votes are counted, instead of conducting the affairs of the organization by long distance.

Mr. Duffy, when he was not engaged in the work of the conference, accompanied by Vice President Hutchins, attended the meetings of the locals and before each delivered a short address upon matters pertaining to the welfare of the organization.

"I find the east thoroughly organized," said Mr. Duffy last night. "The potters today are better organized than at any time in their history. I look for great things from the east. It is under good officers who have the affairs of the organization at heart. I find that here in the east, as the result of the organization, that the condition of the potters has greatly improved. There is, however, still much to do in the way of legislation but what the potters of the east need is a subject for the next convention to consider."

President Duffy, and, in fact, none of the national officers has taken any hand in the dippers' strike at the Keystone pottery which is still unsettled. In fact, the matter has not been officially reported at headquarters, and no effort has been made as yet to effect a settlement. The trouble arose over the firm discharging one of the dippers. The company claims that his discharge was necessitated by the fact that he was unable to turn out the ware satisfactory and his services were dispensed with. The other members of this branch of the trade employed in the shop held that his discharge was brought about through discrimination and they all struck. Notices have been published in all the local papers warning dippers not to go near the plant until the strike is settled.

A general feeling of satisfaction prevails among Trenton pottery manufacturers over the prospect for the fall trade. Domestic crockery is in big demand. Some of the local potteries report that their business for August so far has been equal to or better than last year. In most instances the business eminates from the traveling men on the road, although a number of prominent New York and Philadelphia buyers have run in here during the past week to inspect stock. Hotel china, the manufacturers say, is experiencing a season of popularity, also dinner sets while toilet ware appears to be running ahead of last year.

A SHORT SESSION OF SERVICE BOARD

General Manager Healy's Letter of Explanation Was Not Ready. Routine Business.

The regular meeting of the board of public service held last evening was of very short duration. It was expected that the letter of explanation from General Manager Healy would be presented, but it was not and Clerk Gipner was instructed to notify him to have it before the body on Monday night. It will then be turned over to council.

A number of bills were presented to the board and all of them were paid as recommended, except the bill of the Ceramic City Light company, which was curtailed considerably owing to the discovery of a number of lights being out during the past month. The board rather expects some wrangling over the action but is only very desirous that there should be. Then a thorough investigation will be made as to the service in the city. President Taylor is of the opinion that the city is paying for scores of lights that do not burn and is hot on the trail of the light company.

MET THE DIRECTORS

Mr. Hale, Called As Y. M. C. A. Secretary, Favorably Impressed With East Liverpool.

W. R. Hale, the North Adams, Mass., man who came to this city a few days ago to look over the field before accepting the call extended by the Y. M. C. A. directors to succeed M. C. Wright as general secretary of the association, left for his home at noon today without having given a final answer. Mr. Hale and the directors of the association held a conference at the association parlors last night, at which they became pretty well acquainted. It is known that Mr. Hale was favorably impressed with the city but he will reserve his decision until he consults with near relatives at his home.

The question of a physical director to succeed Professor Stephens was not taken up.

so badly crushed that very little hops is entertained of his recovery. Laura Dinger was knocked down. The wheels struck her upon the chest and limbs, wounding her seriously. The horses ran through the town and were not caught until the fire had been extinguished. The loss of the engine was a severe handicap to the firemen.

The total loss on the three buildings is about $50,000 covered by an insurance of about $40,000.

Mayor Weaver Announces That Warfare Will be Waged Against Them in Near Future.

Mayor Weaver having become cognizant of the fact that there are a number of disorderly houses in the West End, and that they have been running openly for some time, has decided to wage strenuous warfare against them.

COSTLY FIRE IN ALLIANCE AND LIVES ENDANGERED

Swept Away $50,000 Worth of Property and Resulted in Two Fatal Accidents.

FIERCE BLAZE IN THE HEART OF THE TOWN

Alliance, August 22.—(Special)—A great fire that caused the loss of many thousands of dollars in property, and may cost several lives, occurred here this morning. So grave was the danger to the entire street, upon which the burned buildings stood, that business was suspended in all parts of the city and the people turned out to help the firemen avert the threatened disaster.

At the very start of the fire, the horses attached to a chemical engine became frightened at a street car and dashed through the crowd. The rear wheels of the engine passed over Charles White, a fireman, and he was so badly injured that it is feared he will die. Miss Dinger, a young lady employed in a store, was watching the blaze, was struck by the fleeing animals and knocked to the ground. The heavy engine passed over her body, seriously crushing her about the chest and limbs. A short time later a section of iron railing fell from the second story of the burning buildings and struck Wm. Spring, aged about 10 years, on the head. The boy was painfully but not seriously injured.

Three buildings located in the heart of the business section, on Main street, between Arch and Linden avenues, were entirely consumed. Two of the structures were the property of Dr. J. J. Tressel and stood upon the north side of the street. The third stood opposite and was the property of Dr. W. S. Hoffman, who occupied it. The other buildings were occupied by the Graham sisters' millinery store, J. Shaffer's piano and music store. All of these structures were of wood. On either side of them stands the large Crist and Russell brick blocks. The Crist block is occupied by the big dry goods store of Spring, Holzwarth & Co. Their stock of merchandise was badly damaged by smoke and water. The Russell grocery occupies the other building and this stock was also badly damaged by fire, water and smoke.

The fire started from a bonfire back of the Graham store and fanned by the wind soon communicated with the building. The flames spread with great rapidity and had gained a firm hold by the time the department arrived. The wildest confusion prevailed for a time.

A passing street car frightened the horses attached to the chemical engine and ran away, dragging the heavy yheels over Hunt's stomach. He was

CARTWRIGHT BROS. CONCERNED

Meet Members of Council and Protest Against the Railroad Ordinance—Action Comes Too Late.

Feeling that they are to be losers as the result of the passage of the railroad ordinance, the active members of Cartwright Bros.' pottery called at the city hall yesterday afternoon and protested against the ordinance going into effect. Their protests were in vain, however, the ordinance having become a law at midnight Thursday. For the purpose of having their interests defended, the gentlemen were instrumental in having a number of councilmen and the board of public service meet at the city hall last evening. Members of the two bodies explained that it was too late to tamper with the ordinance and an endeavor was made to show them that they will not suffer according to the provisions of the measure.

The provision to which the firm objects is rather misleading, specific mention not being made concerning the railroad track which is to pass the Cartwright Bros.' plant. They are of the opinion, and say that their judgment is based on the words of a railroad official, that the railroad company intends to cut off their transportation facilities to a great degree. The board of service members and a few of the councilmen stated to them that there was no such understanding with the railroad officials and that such proceedings will not be made by the railroad.

City Solicitor Davidson was asked regarding the ordinance and he gave it as his opinion that the ordinance was a law on Thursday at 12 o'clock, midnight. That settled any re-consideration last evening, and after the matter had been fully explained, every one seemed to be satisfied. However, this morning the Cartwright Bros. were again a little nervous, and Councilman Moon had a long conference with them while the ground in question was being inspected. It is the wish of the pottery people that the ordinance be amended at the next regular meeting of council, but it is not likely that it will be tampered with in the least.

Relative to any action taken by the railroad company on this proposition, a member of the service board and another prominent citizen had a conversation last evening. They were decidedly of the opinion that nothing would be done that would in any manner hamper the pottery. One of them said:

"Do you suppose for one minute that the railroad officials are a pack of greenies? They have always treated the pottery manufacturers in this city with great consideration. Had they not done so, the railroad situation would be much different at the present time. There has never been a time that the manufacturers asked for something that they really needed that the railroad company did not concede it. That is the reason we only have the one railroad passing through the city. The company has been very obliging to the manufacturers in the past, and they are not going to chop off their own heads now. If the manufacturers were very desirous that another company get into this city, don't think for a moment that their capital and influence would not get it."

THE POSTOFFICE SITE TO BE DECIDED SEPT. 21

Postmaster Surles has received information that will be welcome to East Liverpool. The question of a site for the government building will be settled inside of the next month. Mr. Surles is in receipt of a communication from the treasury department and of the following notice signed by L. M. Shaw, secretary of the architects' department:

"Notice is hereby given that final consideration and selection will be made of site for United States government building to be erected at East Liverpool, O., and purchase thereof closed on the 21st day of Sept. 1903. Any persons being desirous to submit further statements in writing relative to any of the sites offered are informed that they will be given consideration if on file before final action."

No inkling has been given out of the site favored by the government agent who made an inspection of sites here recently.

SHOT AND KILLED HIS PLAYMATE

Gus Dawson, Cousin of the Officer, Figures in a Pittsburg Tragedy.

Gus Dawson, aged 12 years, a cousin of Officer Clifford Dawson, living in Pittsburg, accidentally shot and killed a young playmate Thursday. Young Dawson was held for examination by the coroner who released him, the evidence being conclusive that the killing was accidental.

The Dawson boy and his playmate were playing with a Flobert rifle. Dawson put the gun over his shoulder and while his friend was walking in the rear the trigger of the gun caught on a twig and exploded, the entire load emptying into the neck of the boy.

NO ACTION YET ON GAS QUESTION

Various Reasons Why the Committee Has So Far Done Nothing.

PROMPT ACTION WANTED

It has been nearly two weeks since President Horwell appointed the committee to take up the gas question with the corporations who have announced their intention of advancing the price, and the progress can be summed up in the words: Nothing accomplished. The committee is a good one, and there is no doubt of its interest in the cause, but without a leader no one seems disposed to take it on himself to call a meeting of the committee.

Messrs. Bullock, McKeone, Purinton, Smith and their associates on the committee have been waiting for a call from Mr. Horwell, who is acknowledged to be the proper party to make the first move but several obstacles have been encountered to prevent the committee getting together.

The president of council announced that a meeting would be held last Monday night, at which it was proposed to talk over and adopt some definite plan of action. Unfortunately a special meeting of council was also called for that evening and the two conflicted. President Horwell and the two members of the council who represented it upon the committee were compelled to give their attention to the city's business. Other members of the gas committee were on hand, but the meeting of the latter body was called off. They left the city hall with the understanding that Mr. Horwell would call them together later in the week, but he has failed to do so.

At the meeting of trades council held this week it was announced by the representatives of that body on the committee that a meeting would surely be held before the week was out. It was also stated that some of the members of the committee were acting in a manner which would indicate indifference, and though the delegates were loath to believe it, it was feared that the project would fail of ever being realized, unless more interest was manifested. A member of trades council, in discussing the matter this morning, said:

"I would hate to think that Mr. Horwell is not sufficiently interested to act promptly in this gas steal matter, but I have heard it hinted at more than once during the week. If he only knew how important the question is to the several thousand working people in this city he would surely make some move. I understand the gas corporations have begun the August reading and are preparing to put the new rate into effect early next month, and unless there is some united effort made to prevent it there is little doubt that they will go ahead with the unjust and uncalled for increase.

"The time will be very short in which to take the necessary steps, but I believe the trades council will act independently at its next meeting if the committee appointed by President Horwell fails to do its duty before the second of September. The central labor union has been put to considerable expense and its legislative committee has spent a great amount of time upon the accomplishment of this purpose, and it will not give up the fight so easily."

Mr. Horwell could not be found today, but it is likely he will call a meeting early in the week.

STILL IN LOVE WITH SHOW LIFE

Mabel Gromo Has Returned to Her Home, Apparently Not Sorry.

OFFICER FOUND HER EASILY

She Says She Still Loves Smith and Talks of the Possibility of Running Away Again—Her Story of Her Travels.

Weary and rather haggard looking from her journey which consumed the entire night, and during which she did not get a wink of sleep, the pretty adventuress, Miss Mabel Gromo, was landed at the city hall this morning by Officer Dawson, who was detailed yesterday morning to go to Coshocton and return her to this city.

Officer Dawson's trip was uneventful. He had no trouble whatever in locating the girl and she did not remonstrate against returning, notwithstanding that a local morning publication stated she was averse to coming home and would not accompany the officer. Dawson left Coshocton last night at 10 o'clock arriving at Steubenville attended the runaway until early this morning when they boarded the Panhandle train and landed in Chester shortly after 8 o'clock. When the officer arrived at the city hall he left the girl in the hands of Chief Wyman, who held her until noon, when her father arrived from his home in Hancock county and took her back to her brokenhearted mother.

In conversation with a News Review reporter Mabel told the entire story of her trip. She said she left East Liverpool on Sunday morning, her sister, younger than she, accompanying her to the train. She met Charles Smith, who runs a side show with the carnival company, at Alliance, and they both went from there to Coshocton, where she remained during the entire time. Her reason for staying in Coshocton when Smith was absent was because he had promised to send for her when he got located. She said he was very good to her and that she loved him dearly.

"I tell you carnival life beats slinging mud a good deal," she said. I don't like the boys of East Liverpool, anyway. They are too slow. It takes a man with a show to attract me. I am going over home to stay with my parents for a few days and maybe I will stay for good, but if they mistreat me in the least I intend to run away again and the next time I go it will be so far that they can not locate me either by letters or telegrams."

In explanation for the letter that was published in the News Review exclusively, stating that she was in Ravenna she said: "I have been in Coshocton all of the time. I know how you came get that letter. It was from a soft fellow who wanted me to go with him. He followed me to Coshocton and cried and begged me on his knees to leave Charley. I would not do so and he thought he would help locate me. The reason he thought I was in Ravenna was because the carnival company went there from Coshocton. His home is in Kittanning."

WHERE FISH BITE WELL

Boston, August 22.—The fishermen have had phenomenal luck this week and catches landed at "T" wharf, the great fish market, the past three days, were valued at $300,000. More than 100,000 pounds of cod, hake and haddock, caught just outside Boston Harbor, were landed Tuesday, 100,000 pounds yesterday and 500,000 pounds today. Besides this, there were 400 swordfish brought in Sunday, ranging in size from an 80-pounder to 600 pounds, and there were at least one hundred that weighed 500 pounds each.

The largest fish caught was brought in by David Blotchford, a Provincetown fisherman. It was a veritable Goliath among horse mackerel, weighing 1,000 pounds and measuring nine feet from nose to tail. In capturing it Blotchford had the aid of two men, one of whom was dragged overboard and nearly drowned. Despite the enormous catches, prices rule high.

HIT HIM HARD WITH A PLATE

Angry Young Woman Threw Dishes in a Second Street Restaurant.

A young woman went into a restaurant on Second street yesterday afternoon and when five young men directed a few remarks to her, she jumped from a seat at a table and threw several dishes at them. One of the plates hit a man on the shoulder, nearly dislocating it and another went through a $20 plate glass. Officer McDermott apprehended the girl this afternoon, but released her on her promise to pay for the damage done.

REMARKABLE GAIN MADE

Sandy Hook, August 22.—(Special)—The Reliance has a sufficient lead to overcome her time handicap and will win the race if the wind holds out strong enough for her to finish within the time limit. At 2:25 the Reliance was three quarters of a mile in the lead and was nearing the turn. The turn had not been made when this bulletin was sent out. In this manœuver the skill of the Reliance's crew is expected to gain additional advantage.

The Shamrock crossed the starting line at 11:45 and the Reliance a minute later. The wind was 12 knots an hour and the weather clear. The challenger soon lost her actual lead, a handicap of 1 minute and 54 seconds for the cup defender. While the sea was rolling considerably the day is ideal for the race. The gain of the defender upon the challenger was slow and steady from the very start and increased as the race progressed.

The course is 15 miles to the windward and return and the entire length of it is lined with sea craft, containing thousands of interested spectators. The betting today has favored the American boats and odds 3 to 1 on her victory were freely offered.

For the first 50 minutes the race was so close as to cause great excitement. At last accounts the Reliance maintained her lead, but it was feared the boats could not finish on time to call it a race.

Four miles of the return course have been sailed, the Reliance leading and apparently sure to win.

BABY MADE USE OF TO DECEIVE HUSBAND

Strange Story Told in Pittsburg Regarding Unfortunate Irene Mitchell's Child.

A stange story comes from Pittsburg concerning the infant that was born to Miss Irene Mitchell, formerly of East Liverpool, in a hospital in that city. At the time of Miss Mitchell's death it was stated that the infant had been adopted by a Pittsburg family, but it could not be learned by whom. A dispatch from Pittsburg says:

"In a little home in Schoenville a Polish young man and his wife lived. The father was fondly waiting the arrival of a child. His wife secured from the Reinemann Maternity hospital the little waif born on July 24, and with the collusion of a doctor made her husband believe it was theirs.

"Just what steps will be taken by Miss Mitchell's relatives to secure the child have not yet been determined upon. Inspector W. D. Shannon, of the bureau of health, is anxious to locate the child for fear it may develop small pox within the next few days, as its mother had the disease. He knows the name of the doctor in the case, but the latter refuses to divulge the name of the Polish family, saying he does not wish to disrupt the happy family.

"Shannon has written to the girl's relatives, but has not heard from them. Meanwhile, the body of the beautiful young girl reposes in a lonely grave in Allegheny cemetery."

ANOTHER PRETTY GIRL STRANGELY DISAPPEARS

Gertrude Cooper, a Well known Decorator in a Local Pottery, Is Missing.

RELATIVES ARE VERY DEEPLY CONCERENED

Another East Liverpool girl is thought to have joined the romantic band of elopers. At least, she has disappeared from her home and relatives have been searching for her in vain. This girl is Gertrude Cooper, 17 years old, a decorator at the K. T. & K. pottery, and one of the prettiest girls known in the Crockery City.

Gertrude has been missing since Tuesday evening. She boards and rooms with relatives on Fenton street and on Tuesday evening, according to them, she left the house without stating where she was going and has not returned. A diligent search has revealed the fact that she did not leave the city Tuesday evening, she having been seen Wednesday. The police were notified last evening of her disappearance, and were asked to run down any clue that might result in her capture.

The relatives of Miss Cooper, with whom she has been living, are deeply concerned over their niece's actions and it is feared that her uncle will suffer considerably, he being now in poor health. The shock to him has been severe up to the present time and his wife stated to a News Review reporter that she thought he would not be able to stand her absence, if it is of long duration.

There are said to be at least a half dozen young men of the city with whom Gertrude has been intimate during the past few months, and it is the belief of her relatives that one of them has induced her to act so imprudently. All of the men are prominent in society circles and today, after they learned that report of the affair had reached the police, they were very much frightened. She is said to have a very dear friend in Pittsburg also and some think she may have gone there to meet him.

Miss Cooper is well known in the city. She has worked at the pottery above named for a long time and is well liked by all who know her. She was intimate with Mabel Gromo, who said this morning that Gertrude had told her many times of her courtship with the Pittsburg man.

The father of Gertrude is dead. He died in this country and a short time afterwards the family moved back to England. Gertrude was allowed to come to this city by the solicitation of her relatives on Fenton street.

SALEM OFFICIALS BOLDLY DEFIED

Columbiana County Telephone Company Pays No Attention to City Solicitor's Orders.

Salem, August 22.—The officials of the Columbiana County Telephone company are still openly defying the city and refusing to comply with the provisions of the franchise notwithstanding the recent instructions of the council to the solicitor. They are not recognizing the law under which they gained entrance into the city, says the Herald.

On Tuesday General Manager W. F. Crossley went to the grocery store of Henry Stiffler and told him that he would have to sign a contract for $36 if he wanted service. This new contract and rates were to take effect at once. Mr. Stiffler offered the money to Manager Crossley at the regular rate, but the latter refused to accept it. Manager Crossley said he would send a man up and have Mr. Stiffler sign up at the rates advanced by the company, and which it is trying to bluff and force its subscribers to sign. Mr. Stiffler refused to sign at the advanced rate but offered to pay them the lawful rate.

On Wednesday morning his telephone service was stopped and remained so all day. This was because he had refused to sign at the company's price. Mr. Stiffler got busy and saw the judiciary committee of the council and told them about the actions of Manager Crossley. The councilmen were indignant at the open defiance of the company. The committee held a conference with the city solicitor regarding the matter.

The city solicitor in turn saw Carey & Mullins, the attorneys for the company. Mr. Mullins told the told the officials to again give Mr. Shiffler telephone service for the time being. Mr. Crossley was out of the city today. A number of the councilmen wanted a special meeting of the council called to take action in regard to the company. The city solicitor did not think it would be advisable, however, and none will be held. There is considerable feeling in the city concerning the actions of the company officials about the way they attempt to raise rates.

ANGRY ITALIAN ARRESTED FOR HIS THREAT TO SHOOT

Charged with pointing firearms at Tom Guardi, who lives in close quarters to his home, Salvatore Cirone was arrested this afternoon and taken before Mayor Weaver. He pleaded not guilty to the allegations. Several witnesses were summoned for the preliminary hearing, which was held at about 3 o'clock.

Guardi appeared at the mayor's office early this morning in a very excited condition. He claimed that Cirone had made a desperate attempt to kill him and that he was afraid he would carry out some dire threats if not locked up. A warrant was issued for Cirone' arrest and he was landed at the city hall by an officer at 1:30 o'clock.

According to the statement of Guardi and several others who claimed to have been eye witnesses, the trouble started when the wife of Cirone approached Guardi in the rear of his lot where he had gone to get a bucket of water from the hydrant and spit on him several times. Guardi told the woman that he did not care to quarrel with her and ordered her away. She replied that she would tell her husband and they could settle things.

Guardi did not think the woman meant anything by her retort and a few moments later when he started to return to his house he was terribly frightened by Cirone who had climbed to the roof of a one-story barn and said he was going to shoot him. Guardi was scared so badly that he was unable to move at the time but he soon regained his composure and ran with great haste.

Guardi and Cirone are shoemakers and have been fighting for months. It is thought the trouble this morning was simply the end of a long feud.

Picnic Day Oration.

Lisbon, August 22.—(Special)—Dr. Ward Beecher Pickard, pastor of the Epworth Memorial M. E. church, of Cleveland, will give his lecture on "The House that Jack Built," at the Harvest Home picnic, Shelton's grove, today. He was entertained in Lisbon by Captain Nicholas Way.

PARENTS FIGHTING OVER THEIR CHILD

Each With Millions of Dollars They Take Their Case to a Supreme Court.

WELL KNOWN OIL MAN

One of the Alleged Principals in a Mysterious Case—The Other Is His Former Nurse—Child Now in a Convent.

The name of T. N. Barnsdall, the Pittsburger, is familiar throughout West Virginia and the Ohio oil regions by virtue of his extensive operations in oil and is well known in river and iron circles. He is now connected with a sensational effort to get possession of a child in Los Angeles. A dispatch from Columbus says a pretty little girl bearing the name of Arvilla Bell, a name belonging to neither father or mother, is the object of a fight out in Los Angeles, between her parents, each backed by millions; a fight that has many sensational details, and which has been carried to the supreme court of California.

The fight brings in the name of T. N. Barnsdall, a wealthy oil and iron magnate of Pittsburg; a man interested in oil wells in Marietta, and claiming beet sugar interests in Michigan. The mother is Cora Davis, the wife of Sol Davis of Los Angeles, and she is enedavoring to get the child from the sisters of the Pico Heights convent.

The woman used to live in Columbus, and apparently had a limitless bank account to judge from the manner of her living and her luxurious surroundings.

She kept herself closely housed, only going out in the evening with her maid, and at stated times she was visited by a man who was known as being from Pittsburg. This much she told a business man in town. She engaged the services of a leading physician of the East Side for her accouchment, which was expected, and then engaged another several months before the time stated to the first physician. At the critical time a nurse from no one knows where attended her. A local business man was called hurriedly to her house when the baby was but a few days old, testified to the fact of asking to see the new baby, that it was at least six weeks old.

The entire affair was wrapped in mystery, but the physician who was engaged, and who was not bidden to the house at the time of the birth of the child, took up a line of detective work himself.

The woman calling herself Mrs Bell had been a professional nurse taking care of Mr. Barnsdall while he was at Mt. Clemens some time before, and after the rupture between them which came shortly after the child's appearance, she sued him for several thousand dollars for the child's support.

Subsequently Mrs. Bell was married to Mr. Davis, who was a workman in one of the steel plants.

The Davis family moved to California and the millionaire had A. A. Hopkins of Los Angeles appointed guardian of the child and had her placed in a convent.

Mrs. Davis has testified that she was compelled to sign a petition for the guardianship of the child which enabled Hopkins to gain control of her.

COMBINATION FORMED

Of Independent Sheet and Tin Plate Companies Operating In Ohio.

Pittsburg, August 22.—By the merging of a number of sheet and tin plate companies in the Pittsburg district, an independent combine has been formed. The United Sheet and Tin Plate company, with headquarters in Pittsburg and Columbus, has just been organized, with the absorption of the following companies: Marietta Sheet and Tin Plate company, Marietta, O.; the Tin Dipping Branch of the American Tin and Terne Plate company, Philadelphia; Tuscarora Steel company, with rolling mill and galvanizing plant at Newcomerstown, O.; Cambridge-Byesville Sheet company, now building a 50 ton open hearth steel furnace with blooming and bittlet mills at Byesville, O.; the Byesville Coal company, Byesville, and the Tucker Steel Roofing company, Newark, O., also owning natural gas wells at Marietta and Byesville, O.

The estimated output annually of the company will be 40,000 to 50,000 tons of billets, sheet and tin plate, bars, 30,000 tons of black sheets, plate and tin plates and galvanized iron, some of which will be in the shape of corrugated iron conductor pipe and stel ceiling. M. F. Straus, of Philadelphia, is president of the new combine.

THE WEATHER.

Ohio—Fair; continued warm; Sunday partly cloudy, probably showers and cooler in afternoon; brisk southwest to northwest winds.

Western Pennsylvania—Fair; Sunday partly cloudy, probably showers and cooler; fresh to brisk southwest to northwest winds.

West Virginia—Fair and warmer; Sunday fair.

CARROLLTON NOTES.

Another kiln of 800 saggers was fired yesterday.

The bins and benches are being put up in the biscuit ware house.

The pottery people will install their own electric light plant as soon as the machinery is put in motion.

The third ware kiln has been completed all but the flooring, and the fourth will be in the same shape by Saturday.

The second decorating kiln is about half topped out, but will not be finished until the ware kilns have been lined.

The pottery management is anxious to have all those delinquent to pay up immediately. There is still $6,000 unpaid, and the money is needed badly.

All the machinery for the slip house is in place excepting three cylinders—glaze, frit and color cylinders—and besides these the turning lathes are to come, and that will complete the machinery.

AMONG THE WORKERS.

The new Columbia pottery at Kokomo is about ready to start.

Jacob McBee has taken a position at the Taylor, Smith & Taylor pottery.

Will Gillespie has accepted a pressing job at the Taylor, Smith & Taylor.

Albert Welch, who recently quit at East Palestine, is sticking up at Sebring.

The French and Oliver companies, Sebring, are getting out new lines of specialties.

The Ohio China company, Sebring, has received an order for ware from Porto Rico.

Thomas Farmer, who has been working at Salem, returned to this city a few days ago.

Foster Mackall was in Sebring a few days this week calling on old associates in the potteries.

James Bradley has taken a baker bench at the Shenango and will leave for New Castle next week.

A. S. Allen, of the Ohio China company, Sebring, has been entertaining a distinguished guest in the person of P. H. Arthur, an offical of the Mexican railway.

Benjamin Conkle, who has been employed for a long time as saggermaker at the Thompson pottery, has accepted a position at the Edwin M. Knwoles plant.

Orlando Ralston, who resigned as decorating kiln fireman at the Sevres to accept a similar job at the Taylor, Smith & Taylor, will start on his new work Monday.

EAST END

RAILROAD COMPANY READY TO RESUME

Work of Double Tracking Through the East End Will Be Commenced Early Next Week.

Announcement was made this morning by a well posted railroader that the track work of completing the double tracking through the East End would be resumed early next week by the contractors as a result of the adjustment of the company's differences with the city. That the company was confident all along of a satisfactory settlement is apparent from the amount of material that was placed along the line ready to be used as soon as the railroad ordinance became effective. Near Mulberry street the plates for the new crossing have been on the ground for some time and a few days ago the ties for the additional track were distributed from the crossing west to Ralstons.

The work of raising the old track to a height of 18 inches will be taken up with the work of double tracking.

A NOVEL PLAN

Is Being Successfully Worked to Have New Christian Church Edifice Painted.

A novel plan for the painting of the new Christian church edifice on Maple street, has been adopted by the members of the congregation and that it is a successful one is evidenced by the fact that the work is well under way this morning. The building of the edifice taxed the financial means of the small congregation to some extent and when the additional expenditure for the painting was about to be incurred the plan was brought forward.

A voluntary contribution was asked for to purchase the necessary paints, oils, and brushes and then volunteer workmen were asked for. To both requests there was a liberal response and the edifice will be beautified at a very small cost.

TWO CONCERNS

Are Negotiating for a Valuable Factory Site In the East End.

It was reliably reported this morning that two Pittsburg enterprises have been negotiating with East End parties for the purchase of a factory site near that of the Juniata Silica company. The site in question is owned by the Supplee Land company and is considered one of the most desirable in this section. Mr. Supplee admitted this morning that representatives of two Pittsburg concerns had been negotiating for the site, when confronted with the rumor.

It is understood that neither concern manufactures clay products, a pleasing bit of information to East Enders, who are anxious to see a diversity of industries.

IN GOOD CONDITION

Investigation of Health Officer Yesterday Reflects Credit to People of the East End.

Complaints as to the condition of a number of out houses were investigated yesterday afternoon by Health Officer Ogden and Sanitary Policeman Burgess. Through the lack of a sewerage system the people of the East End are a great deal handicapped in the disposal of garbage and other refuse matter but that they take a great pride in the sanitary condition is apparent from the result of the numerous investigations of the authorities. With few exceptions all premises have been found in good sanitary condition.

At the present time the East End is free from malignant and infectious disease, with the exception of one mild case of scarlet fever in Sandy oottom.

Not After May Apples.

Col. Sam Dixon appeared on Mulberry street early this morning with a hoe and a spade over his shoulder and a look of determination on his face. Since he disposed of his steamboat interests there has been considerable speculation as to what business Col. Dixon would engage in, and it was reported this morning that he was going out to dig May apple roots. This was untrue, as the implements were used in repairing the damage to a sidewalk wrought by the recent storm.

Degree Team Drilling.

Buckeye Castle No. 98, Knights of the Golden Eagle, held an interesting meeting last night at the hall in the Larkins building and several candidates were given the degrees. The new parahhernalia and regalia, ordered some time ago, has arrived and were used last night for the first time. Members of the degree team held practice before the meeting and will soon be in shape to do the large amount of work in prospect for the winter season.

Usual Services Tomorrow.

Arrangements have been made to supply the pulpit of the Second Presbyterian church at both the morning and evening services tomorrow. Rev. Mr. Ackerman, of the Chester church will conduct the morning service and Rev. Mr. Snyder, of the Long's Run church will preach in the evening. Both divines are well known to the members of the congregation and they will be pleased at the opportunity to hear them.

Brownlee Getting Well.

Alex. Brownlee, of Dry Run, the man who had an arm severed a short time ago under the wheels of a C. & P. train, was able today to be out upon the streets. He called upon several East End friends during the morning and visited his physician's office to have the wound dressed. The wound is healing nicely. Mr. Brownlee has been unusually unfortunate of late, he having sustained a broken leg in a fall last New Year's eve.

Planned a Surprise.

Dr. F. F. Davis and family, of St. George street, drove to New Sheffield this morning to spend the day with Mrs. McGivens. Today is the anniversary of Mrs. McGiven's birth and the visit was planned as a surprise to her. Several other near relatives will be present and quite a pleasant time is anticipated.

A Farewell Visit.

Miss May Marshall, the Indian missionary, who visited East End relatives a short time ago, is expected here again next week. Miss Marshall is a cousin of Rev. J. N. Swan, of Ohio avenue, and she will be a guest at his home. This will be her farewell visit before returning to India to resume her work.

Critically Ill From Pneumonia.

John Wilson, of Railroad street, who has been ill for several weeks was reported to be in a most critical condition this morning and very little hope is entertained of his recovery. The attending physicians have diagnosed his malady to be pleuro-pneumonia.

NERVOUS PROSTRATION CURED BY PE-RU-NA.

HAL. P. DENTON.

Mr. Hal. P. Denton, Chief Department Publicity and Promotion of National Export Exposition, writes:

Philadelphia, Dec. 20, 1899.

The Peruna Medicine Co., Columbus, O.

Gentlemen:—"Toward the latter part of August I found myself in a very much run-down condition. I suffered particularly from catarrh of the stomach, aggravated no doubt by the responsibilities and worriment incident to the exploitation of a great international exposition. What I ate distressed me and I would lie awake at night 'threshing over,' if I may use that expression, the affairs of the previous day.

"My family physician said I had nervous prostration and recommended a sea voyage. I gradually grew worse. A kind friend whom I had known in Ohio recommended Peruna. Though skeptical, I finally yielded to his advice. After using one bottle I was much improved and with the fifth bottle came complete recovery. I am in perfect health to-day and owe everything to Peruna."

Very truly yours,
HAL. P. DENTON.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice free.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

EAST END AFFAIRS.

J. M. Buckle, of Mulberry street, is suffering from a severe cold.

Dr. William Calhoun has returned from a two weeks visit with Jefferson county relatives.

Mrs. W. E. Baird and daughter, Allie, returned last evening from a visit with relatives at Scio and other points.

Mrs. R. J. Marshall and children, left this morning for Beaver, where they will make a brief visit with relatives.

Mr. and Mrs. William Ramsay, of Canonsburg, returned yesterday after a pleasant visit with Thomas Ramsay and family.

Miss Jennie Cowan, of the Chambers store, has returned from her vacation, passed at Burgettstown, with friends and relatives.

COUNTY AND NEIGHBORHOOD

Mayor Thomas, of Niles, had his pocket picked on a street car and lost $800.

While chopping wood, Daniel Wagner, of Leetonia, cut four of his toes almost off.

W. J. Hayes & Son, Cleveland, gave $990 premium for $27,000 of Salem's five per cent refunding bonds.

Conrad Grund, aged 83 years, a civil war veteran, died at his home in Hanoverton a few days ago after a long illness.

Jack Finley, of Salem, caught a turtle that was 30 inches across the back and could not be placed in an ordinary wash tub.

About 25 men employed by the Irondale Coal company went out on a strike. The dispute is in regard to pay on different lines of coal.

The centennial reunion and anniversary of the Ewing family was held at Camp park, in Austintown township, Mahoning county. About 300 members of the historic old family were in attendance.

Mrs. John Tullis, of Lisbon, is lying very ill with blood poisoning at the home of her aunt, Mrs. Ferguson, between Elkton and Columbiana. Mrs. Tullis is a daughter of Frank Nuzum and is said to have contracted blood poisoning by washing his clothes after his death.

A dispatch has been received in Toronto, announcing the death of Mrs. Amelia Pracht, wife of Harry Rarey, who left Toronto a few months ago accompanied by her husband and little son to recover her health in New Mexico. Mrs. Rarey died in Texas, en route home.

New Kind of Life Insurance.

For twenty five cents you can insure yourself and family against any serious results from an attack of bowel complaint during the summer months. That is the price of a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that can always be depended upon even in the most severe and dangerous cases. It is equally valuable for children and adults. When reduced with water and sweetened it is pleasant to take. This remedy has relieved more pain and suffering and saved the lives of more people than any other medicine in the world. It is almost sure to be needed before the summer is over. Buy it now. For sale by Alvin H. Bulger.

Doctor

Pronounced My Case Incurable,

Said I Would Die Of Heart Disease.

Dr. Miles' Heart Cure Brought Good Health.

"I have every reason to recommend the Dr. Miles Remedies as the Heart Cure saved my life. I am a large man, considerably over six feet in height, weigh nearly three hundred pounds. Some years ago my heart was so seriously affected that I never expected to get well. Doctors pronounced my case incurable. I noticed your advertisement in some paper, and bought six bottles of the Heart Cure. I felt great relief and improved so I continued until I had taken twelve bottles. My trouble was organic and I never expected to be permanently cured, but thanks to Dr. Miles' Heart Cure, I have kept in good health and have been able to follow my profession continually since first taking the remedies eight years ago. I am a musician, teacher of instrumental and vocal music, musical conductor, etc. I have taught all over the state of Michigan and have recommended Dr. Miles' Heart Cure to thousands of persons in all parts of the state and have heard nothing but good reports of it. I have induced dozens of persons in my own county to take Dr. Miles' Heart Cure as my word is never doubted by those who know me."—C. H. Smith, Flint, Mich.

"I am a druggist and have sold and recommended Dr. Miles' Heart Cure, for I know what it has done for me, and I wish I could state more clearly the splendid good health I am enjoying now. Your Restorative Nervine gives excellent satisfaction."—Dr. T. H. Watts, Druggist, Hot Springs, S. D.

ABSOLUTE CURE FOR STOMACH TROUBLE

No Matter How Long You Have Had It

NAU'S DYSPEPSIA CURE—IT CURES THE CAUSE.

"For 20 years until within the last 15 months I have been greatly troubled with indigestion and have used a great many remedies without obtaining any permanent relief. About the 15th of June, 1900, I commenced using Nau's Dyspepsia Cure, and am pleased to say that I consider myself entirely cured of all stomach troubles. I have delayed expressing to you my opinion of your valuable remedy until such a time has elapsed as to convince me of my entire recovery. At the time I began to use Nau's Dyspepsia Cure, my health was in a critical condition and my friends had almost given up hopes of my recovery, and I am satisfied in my opinion that had it not been for Nau's Dyspepsia Cure, I would not be alive to write this letter." IT IS SERIOUS

Some East Liverpool People Fail to Realize the Seriousness.

The constant aching of bad back,
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected.
Dangerous urinary troubles follow.
An East Liverpool citizen shows you how to avoid them.

Mr. George Mount, of 165 Fourth street, teamster and dealer in coal, says: "For three years I had attacks of kidney complaint, some of them laying me up for two or three weeks at a time. The symptoms were pain in the back, particularly severe when stooping or moving around. Physicians called it lumbago and advised by friends to use Doan's Kidney Pills, I procured two boxes at the W. & W. Pharmacy. They cured me."

Sold for 50 cents a box by all dealers. Foster-Milburn company, Buffalo, N. Y., sole agents for the United States.

Remember the name Doan's and take no other.

Sold at the W. & W. Pharmacy.

"Public Policy," of Chicago, calling attention to the importance of the constitutional amendments to be voted upon by the electors of Ohio in November, states an important point, which voters should not lose sight of. It says: "The Ohio constitution provides that a proposal to amend the constitution must first be submitted to the people by a two-thirds vote of all the members of the general assembly, and then it must receive an affirmative majority of all votes cast at a general election at which members of the general assembly are elected, before it can be proclaimed as having been adopted by the people. Under this rule a voter who casts a vote for a candidate and fails to vote for a pending constitutional amendment permits his negligence to count one vote against the amendment not voted for. At the general election in 1901 the total vote for governor was 840,147. Upon this basis 420,079 votes would have been the lowest number by which a constitutional amendment could have been adopted. Those favoring an amendment must not only overcome the votes of those who actually vote against it; they must also overcome the negligence of voters who do not vote upon the amendment. To be sure this will be done those favoring the taxation and double liability amendments should at once organize and see that there are active workers in every voting district, and as near every polling place as the law will allow, to obtain a promise from every voter that he will vote for these two amendments. He may work for other amendments if he desires, but these two amendments are of paramount importance and must be worked for with all the energy those favoring their adoption can command. We want the address of every person who will volunteer to organize a committee for this purpose in his voting district. This must be done if these amendments are to be adopted."

An automobilist has accomplished a 5,000 mile journey from the Pacific to the Atlantic with his machine. He was 73 days on the road, which is not wonderfully great speed. But the wonder is that he was able to make any speed at all on some of the many bad roads he must have encountered.

OBITUARY

William A. Davies.

William A. Davies, formerly a well known steel man of Pittsburg, is dead in the Englewood hospital, Chicago. His brother, T. H. Davies, of this city, went yesterday to take charge of the body. A sad feature of the death of Mr. Davies is the fact that his mother, who has been visiting her children in this country for the last year, sailed for her home in England last Friday, and will not learn of her son's death until after she lands on the other side. Mr. Davies was 37 years old. He is survived by his widow and three children, four brothers and one sister. Three of the brothers, John, Owen and Gladstone, and his sister, Mrs. T. R. Reese, live in England. The other brother, T. H. Davies, lives in this city.

Mrs. Lizzie Rogers.

Lisbon, August 22.—(Special)—Samuel Todd received word yesterday afternoon of the sudden death of his sister, Mrs. Lizzie Rogers, wife of Charles Rogers, which occurred at Davenport, Ia., Monday evening. Mrs. Rogers was 55 years old, and was born at Dobson's Mill, Wayne township, and was the daughter of Mr. and Mrs. Lloyd Todd, both of whom are dead She leaves a husband and four grown sons, the oldest a soldier in the Philippines. Two brothers, Samuel, of Lisbon, and William, of Cincinnati, also survive her.

Death of An Infant.

Ruth, the two-weeks-old daughter of Mr. and Mrs. J. H. Chapman, of Calhoun's addition, East End, died this morning. The interment will be made at Spring Hill cemetery, Wellsville, tomorrow.

Death of An Infant.

The funeral of the 13-months-old baby of Mr. and Mrs. Thomas Clark will be held at the home, Sheridan avenue and West Market street, tomorrow afternoon at 2:30 o'clock.

NON-UNION MILLS TO BECOME OPEN

Ninety-Eight Plants Now Operated Non-Union—Sheet Trade Is Dull.

Pittsburg, Aug., 22.—Owing to the idleness of a large number of the union sheet mills of the American Sheet Steel Co., it is probable that a meeting of the advisory board of the shortly for the purpose of declaring the non-union mills of the American Sheet Steel Co. open mills, to enable the idle sheet workers of the Amalgamated association to secure employment in them With few exceptions the non-union mills of the sheet company are in operation at the present time.

Of the 164 mills of the country 98 the operated non-union, and the remaining 66 mills are manned by sneet workers affiliated with the Amalgamated association. The non-union plants of the American Sheet Steel Co. are as follows: Scottdale, Scottdale, Pa., eight mills; Old Meadows, Scottdale, Pa. six mills; Saltsburg, Saltsburg, Pa. four mills; Hyde Park, Hyde Park, Pa., five mills; Canal Dover, Canal Dover, O., 10 mills; Wood plant, McKeesport, Pa., 13 mills; Wellsville Wellsville, O., six mills; Apollo, Apollo, Pa., six mills; Vandergrift, Vandergrift, Pa., 23 mills; Kirkpatrick, Leechburg, Pa., 10 mills. The following plants containing 66 mills, are controlled by the Amalgamated association Aetna-Standard, Midland, Piqua, Struthers, Cambridge, Canton, Naw Philadelphia, Dennison, Falcon and Dresden.

The advisory board will meet some time bfore the end of the month to consider suggestions from the membership. The situation is explained in the following notice, which was sent out yesterday morning from the headquarters of the Amalgamated association:

"The condition of the sheet trade is a deplorable one. At a season of the year when business should be at its best, there is every evidence of extreme dullness in the sheet trade, and most of the mills are doing but little work. The mills of the American Sheet Steel Co., both union and non union, are running by fits and starts and most of the independent mills are doing little or nothing. The condition of many of the workmen who have been standing the brunt of the unfavorable working conditions that have existed in the trade during the past two years is one that is really grave and if there is any way that the association can relieve the stress of circumstances it ought to be done."

Go Prepared.

In preparing for your summer outing a little forethought may save you no end of trouble. Mr. John H. Manly, a dry goods merchant, of Bellville, R. I., while packing an outfit for camping a few weeks on Narragansett Bay, put in a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy for emergency use. The second day in camp his little boy was taken with cramp colic. The first dose of this remedy gave relief and the second dose effected a cure. Think of the pain and suffering this boy would have had to endure without this remedy at hand to relieve him. Such cases often result fatally. For sale by Alvin H. Bulger.

Robbed and Murdered by Tramps.

Wichita, Kan. Aug. 22.—An unknown young man from Indiana was shot in the side by one of four tramps near Augusta, 20 miles west of Wichita. He died several hours later. He and two companions lay down to sleep with tramps during the night. The tramps robbed them of watches and money while asleep. On awakening they showed fight and one was shot. Two men were arrested at Rose Hill upon suspicion. The dead man had been searching for work.

Chose Awful Method of Suicide.

Chicago, Aug. 22.—After saturating her clothing with kerosene and setting it on fire in an effort to commit suicide, Mrs. Mabel Lathey, 2009 Wabash avenue, fell upon the floor of the hallway in her home and awaited death. A boarder in the house discovered the unfortunate woman and with the aid of a policeman succeeded in extinguishing the flames, but not until the woman had been so severely burned that it is feared she will die

NEAR THE THRONE

Ever since the marvellous success of "The Prisoner of Zenda," theatrical managers and playwrights have been turning eagerly to the popular novels of the day in search of new dramatic and spectacular possibilities for the footlights. The latest novel that has been dramatized and played with great success is "Near the Throne" by W. J. Thorold. This vivid and stirring

tale of Napoleon's conquest of Egypt will be produced at the Grand Opera house Thursday, Aug. 27.

The production, it is said, is on a marvelously elaborate scale; no detail is omitted either in costume or scenery that can add to the beauty or picturesqueness of this fascinating romance.

The star role of 'Marcel Balzar' will be essayed by Thomas B. Alexander of "Prinoser of Zenda" fame, who will he supported by a company of 20 metropolitan artists including Miss Izetta Jewel, of the Castle Squire theatre, Boston.

A Woman's Complexion.

It is rank foolishness to, attempt to remove sallowness or greasiness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New size trial bottle, 25 cents: regular size, 75 cents. WELLSVILLE

A GARBAGE FURNACE

Appears to Be a Pressing Need in Wellsville At Present.

Many complaints have been heard recently from a number of citizens regarding the matter of allowing garbage to accumulate along the rear alleys and in the back yards of a number of properties throughout the city. These complaints are more frequently heard from residents in the West End.

At the rear of a certain restaurant near the railroad shops, several barrels packed with garbage have been allowed to stand uncovered for several days and as a result foul fumes issue from the same, a nuisance which is much to the aversion of people residing in the neighborhood. This is only one of many of such cases which it is thought should be taken up by the board of health and some remedy brought to bear.

These matters have brought about the general discussion of the need of a garbage furnace in the city. It has been suggested by many that petitions be circulated among the citizens in which council and the board of health be requested to use their efforts toward having a garbage furnace established here. No petitions have been circulated as yet, although it is believed that this will be done in the near future.

BIDS WERE OPENED.

For the Improvement of Eve Alley and Other Streets—Several Bidders.

The board of public service met at 12 o'clock today and bids were opened for the improvement of Eve alley, Steubenville street and Lisbon road. The bids were as follows:

Eve alley—H. S. Rinehart, East Liverpool, $1.15 per yard; J. H. French, Salem, $1.40; E. A. Freshwater, New Cumberland, $1.20.

Steubenville street, from Clark avenue to corporate limits—Rinehart, $1.50; French, $1.47; Freshwater, $1.33.3.

Lisbon road—Freshwater, $1.32; Rinehart, $1.45; A. B. Clark, $1.30; French, $1.50.

The bids were placed in the hands of the city engineer, who will look them over and report at a meeting of the board to be held Tuesday morning.

NO WORK THIS WEEK

On the New Pumping Station—Several Reasons For Delay.

The manager of the Duquesne Engineering company, of Pittsburg together with his force of men to start work on the new water works pumping station, have not yet arrived in the city and are not expected by the water works officials before the first of next week.

Superintendent Ewing states that the company has been delayed, because of inability to secure the necessary tools with which to do the work and also because of the non-arrival of the material ordered from the east. As soon as the work is started, it will be rushed with all possible haste.

NEW BAND BENEFIT

A Dance Being Arranged for to Raise Funds for the Organization.

A meeting of the organization of Wellsville's Greater Band was held last evening in the council chamber at the city hall for the purpose of determining the success of the men who have been busy selling tickets for the benefit dance to be held here next Thursday evening.

The meeting was presided over by Mayor Fogo, who is the prime mover in the new enterprise. Only a few of the men reported, but their efforts were more satisfactory and judging from the number of tickets sold the dance for the benefit of the band will be a grand success.

Harry Hale has been employed to run an ice cream stand in connection with the dance, the proceeds of which will go into the benefit fund. The organization adjourned to meet Monday evening when all of the ticket sellers are expected to report.

HAY FEVER'S CONQUEROR

Breathe Hyomei and Escape This Dreaded Summer Visitor.

By the use of Hyomei, you can save an expensive trip to the mountains and escape weeks of suffering. This remarkable remedy for the cure of hay fever, kills the germs of the disease, soothes and heals the irritated mucous membrane, if used two or three weeks before the time of the usual appearance of hay fever, will prevent the attack.

The complete Hyomei treatment consists of a neat pocket inhaler, through which Hyomei is breathed, a bottle of Hyomei, and a medicine dropper. The air taken into the lungs in this way is filled with healing balsams and forms a perfect safeguard against attacks of hay fever or rose cold.

Those who have had hay fever, know how little help can be gained by stomach dosing in this disease. Hyomei is the only scientific yet common sense treatment for the trouble.

It is easy enough for any one to say that a remedy will give satisfaction, but Will Reed's offer to refund the money if Hyomei does not do all that is claimed for it, certainly inspires faith in the treatment.

Hyomei really gives you in your own home, a change of climate, and hay fever sufferers know from past experience that this has been the only thing that afforded them relief. By breathing Hyomei a few times daily, you can save the expense and trouble of a mountain trip and avoid all danger of hay fever.

BLAZE DESTROYS VALUABLE LUMBER

A Loss of Perhaps $350 to the J. T. Smith Lumber Company Today.

The fire department was called to the corner of Bradshaw avenue and Ravine street this afternoon, where a barn belonging to the J. T. Smith Lumber company was on fire.

Damage to the amount of about $350 was done, considerable valuable lumber in the building destroyed and more damaged. Prompt work on the part of the department prevented greater loss.

SOUTH SIDE

LOTS OF WORK NEEDED BEFORE WINTER COMES

Chester Council Awakens to the Fact That Many Things Must Be Remedied.

The Chester town council seems to have at last awakened to the knowledge that there is a vast amount of work before it which will have to be looked after before winter comes if the citizens may hope to be relieved of the many inconveniences and annoyance with which they were compelled to contend during last winter.

Many matters left in the hands of committees have been hanging fire for months, and it had been determined during the interval since the last meeting to have at least a part of them settled up last night. The citizens of upper Chester registered a complaint through Councilman Dunn against the practice of dumping garbage and other rubbish over the bank at Louisiana avenue. In connection with this complaint, Mr. Anderson mentioned the fact that a cow has been left standing in Tenth street night and day, and that the residents of that part of town were objecting to its presence declaring it a nuisance.

Before any action could be taken Henry Riley secured permission to speak, and stated that he, with a large number of other citizens, objected to paying taxes for lights which they received no benefit from. Councilman Johnston informed him that the light committee had been given the assurance that the new appliances and lighting fixtures would be ready for use within a very short time. Recorder Maxwell thought the gas company would make some allowance for the fact that there was little gas used.

Freshwater & Sons' bid for grading Fairview street was read, asking 50 cents per yard for dirt and $150 for the excavation of rock. The entire job involved the removal of 2,442 yards of the road. The bid was thought to be too high. The question was raised as to where the money for the improvement was to come from and no one seemed to know. Mr Cunningham made an eloquent appeal in behalf of the First ward taxpayers, who were anxious that the work be done this fall. On the condition that the contractor would accept the city's note the contract was let. The engineer and solicitor were instructed to prepare the specifications and contract.

It was reported that the proceeds from this year's levy had all been spent, and that barely sufficient was left to keep up current expenses.

A number of bills were ordered paid and the engineer was authorized to proceed with the paving of First street. When this work is started, trouble is apt to begin. John Shrader claims title to that part of First street lying between the railroad bridge and Virginia avenue. It is surmised, too, he does not want it improved. Council, however, claims that this street was dedicated to the town as evidenced by the old plat.

HANCOCK PICNIC

Promises to Attract a Great Crowd to the ark September 12.

The Hancock county picnic on Saturday, September 12, will be the gala day of this county. Preparations are being made to handle the crowd. A special low rate will be given on the railroad and several excursion trains will be run on that day. Manager Maxwell promises a good show at the summer theatre. There will be dancing afternoon and evening, the big roller coaster and merry-go-round will have charms for the young people. The old mill is a new feature at the park and it is enjoyed by all.

From reports people are coming from far and near to attend the reunion and picnic of the Hancock county people. Former residents who have not seen their friends in this section for a number of years are making arrangements for a meeting on Saturday, September 12.

NINETIETH BIRTHDAY

Celebrated With An Enjoyable Family Reunion at Mrs. Eliza Moore's Home.

The 90th birthday anniversary of Mrs. Eliza Moore, who resides a short distance south of Hookstown, was celebrated this week, several Chester people being present. The occasion was made memorable by a family union, attended by a large number of relatives from far and near.

Mrs. Moore was born in 1813, and has spent the greater portion of her life in this vicinity. Her husband has been dead for many years, and of the eight children born to the union but three yet survive. A large number of grandchildren and great grandchildren were present and assisted the old lady in the celebration of the event.

Rev. Moore Buchanan, of Morgantown, one of the descendants of the family, made a splendid address, touching upon the various branches of the relationship, and recalling many incidents of family history long since forgotten.

Justice J. M. Reed, of Hookstown, had been slated for a speech upon the history of the community in which Mrs. Moore resided for so many years. The address was one of the very best efforts of the speaker's life, and teemed with interesting points in connection with the people who had lived and died in and about Hookstown. The review was intensely interesting and was listened to with wrapt attention.

ACTIVITY IS SHOWN

In Oil and aGs Circles—Hadley Well Again Looks Promising.

There was more activity in oil and gas circles this morning tha has been noted in several weeks, and the men interested in the Chester Oil and Gas company have determined to bring the business of the concern to a sudden end or have something done toward the further development of their territory without delay.

Information reached Chester this morning to the effect that the well drilled by the company on the Hadley farm had blown out of its own accord and was now boiling over the top at an alarming rate so strong was the pressure of gas. Mr. Hadley discovered the break, and hastened to town to acquaint the stockholders with the fact. John Marshall and John Evans made a trip to the well this afternoon, and upon their report will depend the future course of the company.

It is probable the two other wells called for in the contract with the Stewarts will be put down soon, but not by the latter parties.

WORK IS STOPPED

On First Street Grading Pending Decision of Court on the Matter.

When the work of grading for the proposed paving of First avenue from Virginia avenue to Carolina was started by Contractor Freshwater this morning notice was served upon him to cease the grading at once pending a decision from the court as to the ownership of the way for the street.

The minutes of the town council showed that the property was condemned for street purposes, and the authorities believe they have the right to proceed with the task of paving. Mr. Shrader on the other hand holds that the street right of way is on his property.

Hurt the Manager.

A number of base ball players were playing at Rock Springs yesterday and William Hawkins, the amusement manager, requested them to desist from throwing the ball toward the roller coaster. They did so, but as Mr. Hawkins was leaving a ball was thrown, striking him on the back of the head with great force and causing him much suffering.

Matinee Well Attended.

The children's matinee given at the Rock Springs theater this afternoon was well attended, and a very large crowd was present from East Liverpool and Chester. The management of the theater had announced a free ticket to each child under a certain age, and several hundred youngsters took advantage of the offer.

CHESTER NOTES.

Bert Mercer is visiting friends in the country.

Harry Conkle left yesterday for the Port Homer oil field.

J. A. Beveridge, who came here on business a few days ago, was compelled to return home to Sterling, Ky., on account of illness.

Mrs. Margaret Allison, is the guest of her brotner, and sister-in-law, Mr. and Mrs. Robert Hobbs, of First street.

Arrangements are being made by the Chester base ball team for a trip to East Palestine on Labor day. A game will be played with the team of that village.

It is announced the bricklayers will complete their part of the contract on the Pool building today, and Contractor Silverthorn will at once begin the completion of the carpenter work.

DEATH DUST
...Roaches...

A big, black roach, is a big, mean nuisance; and the sooner they are driven out or killed, the better. They not only eat food and spoil infinitely more than they eat, but they destroy many fine things, such as book covers, etc. Numerous are the ways and means employed to rid premises and places of them but without permanent result.

The very best thing to kill roaches is Death Dust.

It kills them in their tracks before they reach their haunts. Sprinkle it freely about the places they are seen. They breathe it and DIE. Just what every good housekeeper wants them to do.

NEW CASTLE GOT ONLY ONE RUN

Would Not Have Had That Except For Heckathorn's Wild Throw.

A GREAT SURPRISE GIVEN

To the Pennsylvania Lads and Their Twirler Batted Unmercifully. Enough Done in Two Innings to Insure East Liverpool Victory.

Because Big Fred Heckathorn, the star first baseman of eastern Ohio forgot that he was not playing practice ball and tried to see how high he could throw, the locals were undeservedly restrained from a shut-out game yesterday afternoon in West End park when they went against the crack aggregation of New Castle. Capt. Reark had the same team on the field that he mustered together last week and they excepting two plays, put up a faultless game. The score resulted 9 to 1 in favor of the home boys.

With a reputation sufficient to carry them to victory in the National league and with strides that plainly demonstrated their feeling of ability the Pennsylvania lads walked into the park and their appearance being decidedly with them local fans were a little nervous over the outcome. Their fears were not of long duration, however, every member of the Crockery City team having his batting eye and in great shape they landed on the visiting twirler. Had the manager of the New Castle boys seen fit to give the first slabbist a rest in the fourth inning there is no telling what the score would have been. He was removed to second for the inning while Forkum, who lost a game, 19 to 2, on the day previous, made a miserable attempt to hold the score down. When Cline was replaced he had nerved considerably and his stunts from that time were some better.

In two innings the locals did enough to insure their victory. They made an avalanche of hits and they combined with errors and wild plays on the part of New Castle gave them easy sailing.

"Big" Heck may be forgiven by his team mates and by the fans for his episode in the sixth, but there is room for doubting it. New Castle had failed to even smell third base and everything was favorable for a shut-out when Fred grabbed the ball and threw it sky high. Klinedes had landed for two bases. Forkburn bunted and was caught at first. Heckathorn saw Klinednst running like wild to third, thought he might intercept him, but not so. The little sphere went out of Brown's reach and the only run was scored. After that three hits were made, giving them an even six, but they were unable to land farther than second.

In the first inning the locals scored three runs, in the third, one; the fourth, three; the seventh, two. All of them were made on good hits and fast base running. In fact the locals exerted themselves on the latter score and played the bases just as hard as they would had Jamestown been the opposition.

Webb did more hitting than for many a day. He got three pretty little singles. Brown was also there with the stick. Heckathorn was not slow either. And Lawrence surprised himsveif.

TORONTO BEATEN IN TWO GAMES

Crockery City and East End Grays Each Administer a Defeat.

Toronto was twice beaten yesterday afternoon by teams from the local league, the first being administered by the Crockery Citys and the second by the East End Grays. The scores were 9 to 3 and 7 to 1. Davidson, who pitched for the Crockety City, allowed but four hits and struck out seven men. Myers excelled in the field. Following is the score and the lineups:

Crockery City .....5 0 1 0 0 0 3—9
Toronti .....1 0 1 0 0 0 1—3

Toronto—Booth, s; Carson, lf; Paisley, 2b; Bray, 1b; Maley, 3b; Clark, rf; Stahl, c; Myers, m; Evans, p.

Crockery City—Jones, 1b; Mountfird, c; Coleman, lf; Bridge, 3b; Miller, 2b; Ivers, rf; Wheeler, rf; Lynch, m; Myers, s; Davidson, p.

The East End Grays kept up their winning streak by defeating the Toronto team yesterday afternoon at Rock Springs park, by a score of 7 to 1. The team accompanied the excursionists from that city yesterday and was the best to be had in Toronto. Bridge and Mountford, of the Crockery Citys, played with the Grays and did good work. Dunn had a slashing home run drive. Score:

East End Grays ....1 0 2 0 2 0 2—7
Toronto .....1 0 0 0 0 0 0—1

Following is the lineup of the two teams:

East End—Mountford, c; Bolton, p; Walker, 1b; Owens, 2b; Bridge, 3b; Meek, s; Phillips, lf; H. Herbert, m; Dunn, rf.

Lisbon Footballists Organizing.

Lisbon, August 22.—(Special)—A meeting held in the Young Men's Lyceum rooms last evening at which preliminary steps were taken for the organization of a football team in Lisbon, was well attended. Arrangements are under way for the organization of a good team. Another meeting soon will be held to elect a manager.

Won In Straight Heats.

Will Larkins' fast horse, Robert L., won the 2:25 pace at the Petersburg fair yesterday in straight heats. Mr. Larkins and George Smith of this city were present at the races. Robert L's best time was 2:21. Baker Boy, Jesse Fisher's fine animal, took 4th place in the 3:00 class, which had 8 enteries.

Moons vs. Stars.

The Pleasant Heights Moons were again beaten last evening by the Lisbon road Stars in a well played game by a score of 8 to 2. The teams are playing a series of eight games.

PAINFUL PERIODS

are overcome by Lydia E. Pinkham's Vegetable Compound.

Miss Menard cured after doctors failed to help her.

"**Lydia E. Pinkham's Vegetable Compound** cured me after doctors had failed, and I want other girls to know about it. During menstruation I suffered most intense pain low in the abdomen and in my limbs. At other times I had a heavy, depressed feeling which made my work seem twice as hard, and I grew pale and thin. The medicine the doctor gave me did not do me one bit of good, and I was thoroughly discouraged. The doctor wanted me to stop work, but, of course, I could not do that. I finally began to take **Lydia E. Pinkham's Vegetable Compound** and felt better after taking the first bottle, and after taking six bottles I was entirely cured, and am now in perfect health, and I am so grateful for it."—Miss Georgie Menard, 537 E. 152nd St., New York City.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

THE TWENTY-THIRD ANNUAL WEST VIRGINIA STATE FAIR.

To Be Held on Wheeling Island, Commencing Monday, September 7.

An annual announcement to which the people of East Liverpool and of Columbiana county look forward with anticipation of pleasure is the date of the annual state fair in Wheeling. This year the big educational and amusement enterprise will open September 7 and continue until the 11th, inclusive. It is customary to say in advance notices that the "show will be bigger than ever," but the trite phrase is certainly a verity when applied to the state fair, for the catalogues, scores of which are in the hands of citizens of this county, show larger premiums, more and better departments, and the greatest speed program ever offered to lovers of horseflesh in this section.

The State Fair is a permanent institution, which has long since outgrown its name. It is in reality a tri State fair, and the geographical circle from which its patrons come is being gradually extended. Considered from the standpoint of the exhibitor, the amusement lover or the mere sightseer, it is a great big enterprise, and the people are fortunate in being enabled, through the medium of excursion rates, to see it at small expense.

BANK PROMOTER HAS DISAPPEARED

Now His Pessonal Checks Are Turning Up From Many Towns.

Lancaster, O., August 22.—The recently incorporatd bank of Amand, Fairfield county, will probably never open its doors. It was promoted by J. O. Thomas, who claimed to hail from New York. Thomas succeeded in interesting local and Columbus people in the enterprise, and it was incorporated about two months ago for $25,000. Very little stock was subscribed and none paid in.

Thomas rented a store room and fitted it out with excellent furniture. Sunday last he disappeared and Thursday nearly $1,000 worth of his personal checks, drawn on the bank of Amand, have turned up from Southern Ohio and West Virginia points. Creditors of Thomas have attached the bank furniture and a search is being made for the missing man.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

GOVERNOR'S VETO.

Be it resolved by the General Assembly of the State of Ohio:

Section 1. That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, A. D. 1903, to amend section 16, of article II, of the constitution of the state of Ohio, so that it shall read as follows:

Article II.

Sec. 16. Every bill shall be fully and distinctly read three different days, unless in case of urgency three-fourths of the house in which it shall be pending, shall dispense with the rule. No bill shall contain more than one subject, which shall be clearly expressed in its title, and no law shall be revived, or amended unless the new act contains the entire act revived, or the section or sections amended, and the section or sections so amended shall be repealed.

Every bill passed by both houses of the general assembly shall, before said bill can become law, be presented to the governor. If he approves he shall sign said bill and thereupon said bill shall be law. If he object he shall not sign and shall return said bill, together with his objections thereto in writing, to the house wherein said bill originated, which house shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members elect of that house vote to repass said bill it shall be sent, together with said objection, to the other house, which shall enter at large upon its journal said objection and shall proceed to reconsider said bill. If, after said reconsideration, at least two-thirds of the members-elect of that house vote to pass said bill it shall be law, otherwise it shall not be law. The votes for the repassage of said bill shall in each house respectively be no less than those given on the original passage. If any bill passed by both houses of the general assembly and presented to the governor is not signed and is not returned to the house wherein it originated and within ten days after being so presented, exclusive of Sunday and the day said bill was presented, said bill shall be law as in like manner as if signed, unless final adjournment of the general assembly prevents such return, in which case shall be law, unless objected to by the governor and filed, together with his objection thereto in writing, by him in the office of the secretary of state within the prescribed ten days; and the secretary of state shall at once make public said fact and shall return said bill, together with said objection, upon the opening of the next following session of the general assembly, to the house wherein said bill originated, where it shall be treated in like manner as if returned within the prescribed ten days.

If any bill passed by both houses of the general assembly and presented to the governor contains two or more sections, or two or more items of appropriation of money, he may object to one or more of said sections or to one or more of said items of appropriation of money, and approve the other portion of said bill, in which case said approved portion may be signed and then shall be law; and such section or sections item or items of appropriation of money objected to shall be returned within the time and in the manner prescribed for, and shall be separately reconsidered as in the case of, a whole bill; but if final adjournment of the general assembly prevents such return the governor shall file said section or sections, item or items of appropriation of money, together with his objection thereto in writing, with the secretary of state as in the case of a whole bill, and the secretary of state shall then make public said fact, but shall not further act as in the case of a whole bill."

Section 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words "Constitutional amendment—governor's veto—yes;" and those opposed to such amendment shall have placed upon their ballots the words, "Constitutional amendment—governor's veto—no."

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

MUNICIPAL CLASSIFICATION.

Be it resolved by the General Assembly of the State of Ohio:

Section 1. That a proposition shall be submitted to the voters of the state on the first Tuesday after the first Monday in November, 1903, to amend article 13, section 6, of the constitution of the state of Ohio, so that it shall read as follows:

"Article 13, Section 6. The general assembly shall provide by general laws for the organization of cities, incorporated villages and hamlets and restrict their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power; provided, that the general assembly may divide cities into not more nor less than three classes, and if such division is made the classification shall be as follows and not otherwise. All cities having a population of more than one hundred thousand shall be cities of the first class; all cities having a population of not more than one hundred thousand nor less than twenty-five thousand shall be cities of the second class; all others shall be cities of the third class."

Section 2. At such election those electors desiring to vote for such amendment shall have placed upon their ballots the words: "Municipal classification amendment, yes"; and those opposed to such amendment shall have placed upon their ballots the words: "Municipal classification amendment, no."

Section 3. This amendment shall take effect on the first day of January, 1904.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

TAXATION.

Be it resolved by the General Assembly of the State of Ohio: That a proposition shall be submitted to the electors of this state, on the first Tuesday after the first Monday in November, 1903, to amend section 2 of article XII, of the constitution of the state of Ohio, so that it shall read as follows:

Article XII.

Sec. 2. The general assembly shall provide for the raising of revenue for all state and local purposes in such manner as it shall deem proper. The subjects of taxation for state and local purposes shall be classified, and the taxation shall be uniform on all subjects of the same class, and shall be just to the subject taxed. Only burying grounds, public schoolhouses, houses used exclusively for public worship, institutions of purely public charity, public property used exclusively for any public purpose, and personal property to an amount not exceeding in value two hundred dollars for each individual, may, by general laws, be exempted from taxation; and the value of all property so exempted shall, from time to time, be ascertained and published, as may be directed by law.

At such election those electors desiring to vote for such amendment may have placed upon their ballots the words, "Taxation amendment," "Yes;" and those opposed to such amendment may have placed upon their ballots the words, "Taxation amendment" "No."

Section 3. This amendment shall take effect on the first day of January 1904.

PROPOSED AMENDMENT TO THE CONSTITUTION OF OHIO.

COUNTY LEGISLATIVE DISTRICTS.

Be it resolved by the General Assembly of the State of Ohio: (Three-fifths of all the members elected to each house concurring therein), That a proposition shall be submitted to the electors of the state of Ohio, on the first Tuesday after the first Monday in November, 1903 to amend section 2, article 11, of the constitution of the state, so that it shall read as follows:

Section 2, Article 11.—Every county having a population equal to one-half of said ratio, shall be entitled to one representative; every county, containing said ratio, and three-fourths over, shall be entitled to two representatives; every county containing three times said ratio, shall be entitled to three representatives; and so on, requiring after the first two, an entire ratio for each additional representative. Provided, however, that each county shall have one representative.

Section 2. At said election the voters in favor of the adoption of the amendment to section 2, article 11, shall have placed upon their baliots the words, "Amendment to section 2, article 11, of constitution—Yes," and those who do not favor the adoption of said amendment shall have placed upon their ballots the words, "Amendment to section 2 article 11, of constitution—No."

A Quart Baby.

Now and again there is an item in the newspapers concerning the birth of a puny baby so small that a quart cup holds it comfortably. If the article told all the facts it would probably tell also of a mother who in weakness and misery had looked forward to the baby's advent with shrinking and fear.

To have fine, healthy children the mother must be healthy, and it is the common testimony of mothers that the use of Dr. Pierce's Favorite Prescription not only promotes the mother's health but also gives her strength to give her child.

"Favorite Prescription" accomplishes these results by tranquilizing the nerves, promoting a healthy appetite, and giving refreshing sleep. It increases physical vigor and gives great muscular elasticity, so that the baby's advent is practically painless. It is the best of tonics for nursing mothers.

"I gladly recommend Dr. Pierce's Favorite Prescription," writes Mrs. J. W. G. Stephens, of Mila, Northumberland County, Va. "Before my third little boy was born I took six bottles. He is the finest child and has been from birth, and I suffered very much less than I ever did before. I unhesitatingly advise expectant mothers to use the 'Favorite Prescription.'"

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser, containing 1008 pages, is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 31 one-cent stamps for the cloth-bound volume, or only 21 stamps for the book in paper covers. Address Dr. R. V. Pierce, Buffalo, N. Y.

For all summer complaints such as indigestion, mal-assimilation, low vitality, poor appetite, weak, thin blood, Hagee's Cordial of Cod Liver Oil is particularly efficacious. It promptly removes the fault; repairs the waste; builds new and healthy tissue full of vigorous strength and vitality. GRAUSTARK

...By...

Synopsis of Preceding Chapters.

CHAPTER I.—Grenfall Lorry, a wealthy occupant who refuses or neglects to do quaintance with a charming foreign girl on the train from Denver to Washington. The pair are left behind when the her stops for repairs in West Virginia. II.—Lorry wires ahead to hold the train. He and the unknown girl ride twenty miles at a tearing pace in a mountain coach. Lorry knows it is a dangerous ride. There is no love-making, but a near approach to it as the rolling stage tumbles the passengers about. III.—Lorry dines with the foreign party, consisting of Miss Guggenslocker, Uncle Caspar and Aunt Yvonne. They are natives of Graustark, a country Lorry had never heard of before. IV.—Lorry shows the foreigners the sights of Washington. They leave for New York to sail on the Kaiser Wilhelm. Miss Guggenslocker naively calls Lorry her "Ideal American" and invites him to come and see her at Edelweiss. V.—Wildly infatuated, Lorry hurries to New York. The name Guggenslocker is not on the steamer list. He sees the steamer off. Miss G. waves him a kiss from the deck. VI.—Lorry joins his old friend, Harry Anguish, an American artist in Paris. Graustark and its capital, Edelweiss, are located by a guide book. The Americans get no trace of the Guggenslockers there. VII.—Lorry sees his charmer driving in a carriage with a beautiful companion of her own sex. He gets a glance of recognition, but the carriage rolls on, leaving the mystery unsolved. Later he receives a note at his hotel signed Sophia Guggenslocker, inviting him to visit her next day. VIII.—In the evening Lorry and Anguish ramble about the grounds of the castle where dwells the court of the princess of Graustark. They overhear a plot to abduct the princess and resolve to capture the plotters red handed. IX.—Following the conspirators, Lorry finds himself in a room he heard them designate as that of the princess. X.—Lorry tells the princess of the plot. Mutual recognition; she is Miss Guggenslocker. Dannox, the guard, is in the abduction plot. He fells Lorry with a terrible blow. Anguish to the rescue. XI.—Lorry quartered in the castle. The princess visits him, but forbids all talk of love. XII.—Graustark is bankrupt and owes the neighboring princedom of Axphain $30,000,000. The creditor demands cash or the cession of the richest districts of Graustark. XIII.—The Prince of Axphain offers to extend the loan if the princess will marry his son Lorenz. Prince Gabriel, of Dawsbergen, also bids for the princess' hand with offer of a loan. Yetive tells Lorry that she belongs to her people and will marry Lorenz. XIV.—Lorry discovered kissing the princess while she is seated on the throne. He quits the castle by royal command. XV.—Betrothal of the princess to Lorenz. The Americans recognize Gabriel as chief conspirator in the abduction plot. XVI.—Lorenz toasts the princess lightly in a cafe. Lorry dashes the glass from his hand. Challenge to a duel. Lorenz assassinated. Lorry charged with the crime. XVII.—Princess Yetive commits Lorry to prison.

CHAPTER XVII.—Continued.

In the privacy of her room the stricken princess collapsed from the effects

She sank back with a moan, fainting.

of the ordeal. Her poor brain had striven in vain to invent means by which she might save the man she loved. She had surrendered to the inevitable because there was justice in the claims of the inexorable duke and his vindictive friends. She signed the decree as if in a dream, a nightmare, with trembling hand and broken heart. His death warrant! And yet, like all others, she believed him guilty—guilty for her sake!

Mizrox and his friends departed in triumph, revenge written on every face. She walked blindly, numbly, to her room, assisted by her uncle, the count. Without observing her aunt or the Countess Dagmar, she staggered to the window and looked below. The Axphainians were crossing the parade ground jubilantly. Then came the clatter of a horse's hoof, and Captain Quinnox, with the fatal papers in his possession, galloped down the avenue. She clutched the curtains distractedly and, leaning far forward, cried from the open window:

"Quinnox! Quinnox! Come back! I forbid—I forbid! Destroy those papers, Quinnox!"

But Quinnox heard not the pitiful wail. Seeing him disappear down the avenue, she threw her hands to her head and sank back with a moan, fainting. Count Halfont caught her in his arms. It was nightfall before she was fully revived. The faithful young countess clung to her caressingly, lovingly, uttering words of consolation until long after the shades of night had dropped. They were alone in the princess' boudoir, seated together upon the divan, the tired head of the one resting wearily against the shoulder of the other. Wide and dark and troubled were the eyes of the ruler of Graustark.

An attendant appeared and announced the arrival of one of the American gentlemen, who insisted on seeing her royal highness. The card on the tray bore the name of Harry Anguish. At once the princess was a-flutter with eagerness and excitement.

"Anguish! Show him to this room quickly! Oh, Dagmar, he brings word from him! He comes from him! Why is he so slow? Ach, I cannot wait!"

Far from being slow, Anguish was exceedingly swift in approaching the room to which he feared admittance might be denied.

"Tell me! What is it?" she cried as he stopped in the center of the room and glared at her.

"I don't care whether you like it, and it doesn't matter if you are a princess," he exploded, "there are a few things I'm going to say to you. First, I want to know what kind of a woman you are to throw into prison a man like—like—oh, it drives me crazy to think of it! I don't care if you are insulted. He's a friend of mine, and he is no more guilty than you are, and I want to know what you mean by ordering his arrest."

Her lips parted as if to speak, her face grew deathly pale, her fingers clutched the edge of the divan. She stared at him piteously, unable to move, to speak. Then the blue eyes filled with tears, a sob came to her lips, and her tortured heart made a last brave effort at defense.

"I—I—Mr. Anguish, you wrong me—I—I"— She tried to whisper through the closed throat and stiffened lips. Words failed her, but she pleaded with those wet, imploring eyes. His heart melted, his anger was swept away in a twinkling. He saw that he had wounded her most unjustly.

"You brute!" hissed the countess, with flashing, indignant eyes, throwing her arms about the princess and drawing her head to her breast.

"Forgive me," he cried, sinking to his knee before the princess, shame and contrition in his face. "I have been half mad this whole day, and I have thought harshly of you. I now see that you are suffering more intensely than I. I love Lorry, and that is my only excuse. He is being foully wronged, your highness, foully wronged."

"I deserve your contempt after all. Whether he be guilty or innocent, I should have refused to sign the decree. It is too late now. I have signed away something that is very dear to me—his life. You are his friend and mine. Can you tell me what he thinks of me—what he says—how he feels?" She asked the triple question breathlessly.

"He believes you were forced into the act, and said as much to me. As to how he feels, I can only ask how you would feel if you were in his place, innocent and yet almost sure of conviction. These friends of Axphain will resort to any subterfuge now that one of their number has staked his life. Mark my word, some one will deliberately swear that he saw Grenfall Lorry strike the blow, and that will be as villainous a lie as man ever told. What I am here for, your highness, is to ask if that decree cannot be withdrawn."

"Alas, it cannot! I would gladly order his release if I could, but you can see what that would mean to us—a war, Mr. Anguish," she sighed miserably.

"But you will not see an innocent man condemned?" cried he, again indignant.

"I have only your statement for that, sir, if you will pardon me. I hope from the bottom of my heart that he did not murder the prince after being honorably challenged."

"He is no coward!" thundered Anguish, startling both women with his vehemence. "I say he did not kill the prince, but I'll stake my life he would have done so had they met this morning."

"He may be able to clear himself," suggested the countess nervously.

"And he may not; so there you have it. What chance have two Americans over here with everybody against us?"

"Stop! You shall not say that! He shall have full justice at any cost, and there is one here who is not against him!" cried the princess, with flashing eyes.

"I am aware that everybody admires him because he has done Graustark a service in ridding it of something obnoxious—a prospective husband. But that does not get him out of jail."

"You are unkind again," said the princess slowly. "I chose my husband, and you assume much when you intimate that I am glad because he was murdered."

"Do not be angry," cried the countess impatiently. "We all regret what has happened, and I, for one, hope that Mr. Lorry may escape from the tower and laugh forevermore at his pursuers. If he could only dig his way out!"

The princess shot a startled look toward the speaker as a new thought entered her wearied brain. A short, involuntary gasp told that it had lodged and would grow. She laughed at the idea of an escape from the tower, but as she laughed a tiny spot of red began to spread upon her cheek and her eyes glistened strangely.

Anguish remained with them for half an hour. When he left the castle, it was with a more hopeful feeling in his breast. In the princess' bedchamber late that night two girls in loose silken gowns sat before a low fire and talked of something that caused the countess to tremble with excitement when first her pink cheeked sovereign mentioned it in confidence.

RECKLESS CHAUFFEUR ARRESTED

Owner of Automobile Secures His Release and Settles Claims for Damages.

Kingston, N. Y., Aug. 22.—Judge Alton B. Parker and County Judge John G. Vanetten caused the arrest of Joseph H. Bridge, chauffeur of Mayor Julius Fleischman, of Cincinnati.

The mayor and a party of friends were on their way to Fleischman's in the Catskills, Mr. Fleischman's summer home. Bridge sped past Judge Parker's carriage on Broadway at an estimated speed of 40 miles an hour. The team became frightened and only the combined efforts of Judge Parker, Judge Vanetten and a liveryman prevented their running away. Meanwhile the automobile caused another team to run away, the horses plunging into the office windows of the Kingston Electric company.

Mr. Fleischman was served with papers in an action for damages when he appeared at the court house. He settled all claims for $250 and secured the release of Bridge. He was accompanied by Henry Ackerland and Joseph Wilshir, of Cincinnati, and Charles J. Christie, his secretary.

Numerous Resolutions Passed.

Seattle, Aug. 22.—The following are among the resolutions passed by the Trans-Mississippi congress: Favoring statehood for Oklahoma and Indian territory combined; a territorial government for Alaska; an American merchant marine; closer trade relations with Canada; placing the consular service under civil service; favoring more stringent pure food laws; favoring a differential of 4 per cent in favor of Pacific coast bidders on battleships; recommending the construction of an isthmus canal; favoring The Hague tribunal as a court of last resort, and discountenancing the sale of large tracts of Philippine lands and the introduction of coolie labo into those islands.

Antarctic Relief Expedition.

Dundee, Scotland, Aug. 22.—The auxiliary relief ship Terra Nova, formerly a Newfoundland steam whaler, sailed for the Antarctic regions to relieve the British exploring vessel Discovery. The Discovery had then been frozen in for 11 months at the foot of Mount Erebus, in south latitude 77.50, east longitude 166.42. The Terra Nova will carry guncotton, which will be used to blast out a channel, and if the Discovery cannot be extricated her officers and men will be transferred to the Terra Nova and the Discovery will be abandoned.

Another Fort Taken.

Manila, Aug. 22.—After four months of unsuccessful efforts to arrest by peaceable means the Moro assailants of Sergeant Painter and regain the guns stolen at the time, the American troops attacked the stronghold of the datto of Binang-Binang. At the outset of the attack a Moro fanatic, brandishing a kriss, rushed at Major Bullard, of the Twenty-eighth infantry, and slashed the hat on the commander's head. Before he could strike another blow, however, the Moro was shot dead by Corporal Doyle. The fighting lasted for half a day in a waist-deep morass on the shore of Lake Lanao. The insurgent fort was at last captured.

A Great Agency

We Have Secured Control for This City of the Fulton Compounds, the Only Things Known to Medicine That Cure Kidney Diseases in Both the Primary and Secondary Stages.

The kidneys are not sensitive and the disease is sometimes fastened and already chronic with the very first symptoms. If it has hung on eight to ten months it is surely chronic. In either case why take chances? Why not take at first the only thing known that cures kidney disease in the chronic as well as the primary stages. The Pell case cited below, by permission, is especially valuable, for its incurability was doubly confirmed by consulting physicians and after recovery under the Fulton Compounds the recovery was also doubly attested.

On May 1st, 1902, the son of R. C. Pell, the manager of the Pacific Coast Biscuit Company of Second and Folsom streets, San Francisco was declared by the family physician to have chronic kidney disease and incurable. Another physician was called in and confirmed the diagnosis. The whole body was swollen with dropsy, and a fatal termination looked for. The Fulton Compounds were then turned to as the only hope. On September 15 the dropsy had disappeared and the boy was well, and after double examinations the physician declared the recovery complete and gave Mr. Pell a written report which he now has.

Judge G. A. Cabaniss, the Police Judge of San Francisco, also attests the recovery under his own observation of a friend of his who also recovered when the case (chronic Bright's Disease of the kidneys) was well known to be incurable according to all medical authorities.

Up to the advent of the Fulton Compounds medicine knew nothing that would cure kidney troubles after they became chronic. About nine-tenths of all cases are now curable, even after they have developed into the dreaded chronic forms of Bright's Disease and diabetes. No statements are published or invited except from chronic cases that, like the above, are incurable by all other known medicines. If your kidney trouble is recent Fulton's Renal Compound will cure it quickly. If it is of over eight to ten months standing it is the only thing known that will save your life. John J. Fulton Co., 400 Washington street, San Francisco, sole compounders. Fulton's Renal Compound for Bright's and Kidney Diseases, $1; for Diabetes, $1.50. Free analyses made for patients. NO ENNUI FOR PRINCE LUDWIG

Is a Physician and Musician and Time Is Fully Occupied With Self-Imposed Duties.

Berlin, Aug. 22.—Prince Ludwig Ferdinand of Bavaria, who is a physician, a musician and nephew of the regent of Bavaria, has told the Hungarian writer, Desider Szomomey, that he is a prince who never suffers from weariness.

"I go to the Prince Regent theater every morning," he said, "and take part in the rehearsals. I find that submitting myself to the sharp discipline of the director is amusing rather than depressing. After leaving the rehearsals I occupy myself until 3 o'clock in attending to my patients and fulfilling my duties as a doctor. Then I must go off to the theater and play in the orchestra."

The spectacle of the prince playing the horn is one of the sights of the Munich opera house.

Cleveland, Aug. 22.—L. J. Hammond was appointed receiver for the General Automobile and Manufacturing company upon application of the W. M. Pattison Supply company. The petition states that the concern owes amounts aggregating $50,000.

WHISKEY AND BEER HABIT

PERMANENTLY CURED BY

"ORRINE"

Physicians and scientists throughout the world have long since pronounced drunkenness a disease of the nervous system, creating a morbid craving for a stimulant. Systems vary as to the kind of drink that will satisfy this craving—some want whiskey, others beer, wine, kimmel, etc., the use of which will eventually result in ruining the health and bringing on disease, in many cases ending in death.

"ORRINE" permanently removes the craving for liquor, restores the organs of the stomach to their natural condition and improves the appetite and digestion. It contains no injurious drugs of any description. "ORRINE" can be given without the patient's knowledge, if desired, in tea, coffee, water or milk. It requires no office or sanitarium treatment, but can be taken at home. We will refund the money if it fails to do all that is claimed for it.

Mr. E. T. Sims, Brooklyn, N. Y., writes: "Use my name as a twenty-year drunkard restored to manhood and health by 4 boxes of 'ORRINE.' It is a wonderful and marvelous cure for the drink habit."

The price of "ORRINE" is $1 per box, 6 boxes for $5. Mailed in plain, sealed wrapper, by ORRINE Co., 817 14th St., N. W., Washington, D. C. Interesting booklet (sealed) free on request. Sold and recommended by

Letters from Women

Cured by the use of Kodol are received daily. Their troubles nearly all begin with indigestion or other stomach disorder.

If the food you eat fails to give strength to your body, it is because the juices secreted by the stomach and digestive organs are inadequate to transform the nutrient properties of the food into blood. That is indigestion. The system is deprived of the amount of nourishment required to keep up the strength, and the result is that one or more of the delicate organs gradually grows weak, and then weaker, until finally it is diseased. Here a great mistake is made. That of treating the diseased organ. The best doctors in the land make this very mistake. Why should they? It is so easy to see that the trouble is not there.

Kodol Cures

This famous remedy puts the stomach and digestive organs in a healthy condition so that rich, red blood is sent coursing through the veins and arteries of every muscle, tissue and fiber throughout every organ of the entire body, and by Nature's law of health, full strength and vigor is soon restored to each.

Kodol cures indigestion, dyspepsia and all stomach disorders.

I have taken Kodol for nearly two months after each meal and it is the only remedy that gave relief from the terrible pains I endured. After a time I would take it but once a day, and now, while I keep a bottle handy, I seldom need it, as it has cured me. MRS. J. W. COOLBAUGH, Milo Center, N. Y.

SINFUL HABITS IN YOUTH

MAKE NERVOUS, WEAK, DISEASED MEN.

THE RESULT of ignorance and folly in youth, overexertion of mind and body induced by lust and exposure are constantly wrecking the lives and future happiness of thousands of promising young men. Some fade and wither at an early age, at the blossom of manhood, while others are forced to drag out a weary, fruitless and melancholy existence. Others reach matrimony but find no solace or comfort there. The victims are found in all stations of life—the farm, the office, the workshop, the pulpit, the trades and the professions. Nervous Debility and Seminal Weakness are guaranteed cured by our New Method Treatment or No Pay. You run no risk. 25 years in Ohio. Bank security.

CURED WHEN ALL ELSE FAILED. No names used without written consent.

"I am 33 years of age and married. When young I led a gay life. Early indiscretions and later excesses made trouble for me. I became weak and nervous. My kidneys became affected and I feared Bright's Disease. Married Life was unsatisfactory and my home unhappy. I tried everything—all failed till I took treatment from Drs. Kennedy & Kergan. Their New Method built me up mentally, physically and sexually. I feel and act like a man in every respect. They treated me six years ago. They are honest, skilful and responsible financially, so why patronize Quacks and Fakirs when you can be cured by reliable doctors."—W. A. Belton.

THE MODERN SPECIFIC THAT PRODUCES

Beauty and Strength!

Every man and woman wants to possess these, and there is no reasnn why they should not.

NERVAN TABLETS

The great nerve tonic and blood remedy, produce plumpness, rounds out hollowness, bring the bloom of youth to the cheeks, and all who take them enjoy good health and strength. Nervan Tablets act on the nerves and blood and contain all the elements of life. Positively

CURES KIDNEY AND BLADDER TROUBLES,

Rheumatism, All Diseases of the Blood, Backache, Nervous Dyspepsia, Clear the Complexion and Aid Digestion.

Give you a good appetite, renew life cells in young and old. Permanently restore youthful vigor and vitality. They tone up the whole system and make you feel like a new person. No remedy in the world to equal them. Take a few Nervan Tablets and note the wonderful effect.

ALCOHOL IN ALL LIQUID KIDNEY AND RHEUMATIC REMEDIES CONDEMNS THEM.

An ignorantly compounded remedy, containing alcohol, as nearly all kidney remedies do, will stimulate them so violently that an inflammation will be set up, and instead of being merely lazy the kidneys will become diseased. Alcohol congests the kidneys with blood and retards their activity.

There is no Alcohol in Nervan Tablets to interfere with the removal of all harmful sediment from the body. The Tablets soothe and heal the kidneys when they are irritated and inflamed. They cure the kidney diseases that make you dizzy, restless, sleepless and irritable; that make you pass water often during the day and night; that cause rheumatism, catarrh of the bladder, pain in the back, joints and muscles; that make your head ache and indigestion, stomach and liver trouble, and a sallow, yellow complexion.

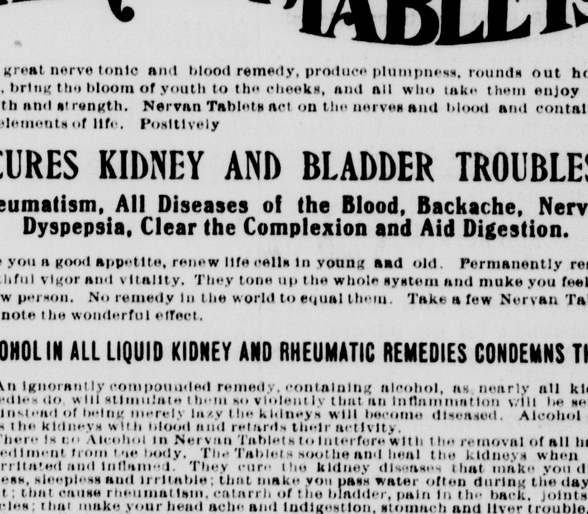

No matter how many other remedies you may have tried and found useless, remember the great modern remedy, Nervan Tablets.

FRIGHTFUL PLUNGE DOWN AN ELEVATOR

A Salem Colored Man Crazed By a Terrible Fall Last Evening.

Salem, August 22.—(Special)—As a result of a plunge down an elevator shaft, "Pink" Healy, colored, is in a demented condition and so seriously injured that he may die. The accident occurred at the Greiner-Brainard hotel last night at about 6 o'clock. Healy was at work on the second floor of the building and fell from there to the basement, a distance of 18 to 20 feet.

Healy was picked up in an unconscious condition and has since suffered several concussions of the brain. He has been irrational but the physicians state the chances for his recovery are good.

Bright Spick Span New Dwellings.

$2500 Six rooms, slate roof, front and rear portico, cellar, gas, electric light wiring, sanitary plumbing, bath, hot and cold water, golden oak grain throughout, just finished and within five minutes walk of the Diamond, on Minerva street. No hill to climb. Terms—$500 down, balance $20 monthly.

$3100 Seven rooms and finished attic, slate roof, cabinet mantle, good cellar, sanitary plumbing, bath, hot and cold water, electric light wiring, grained in golden oak, front and rear porticos. No hill to climb. One half square east of Walnut street on Minerva. Terms—$500 down and balance $25 monthly.

$2175 Six rooms, slate roof, large front portico, good cellar, wired for electricity, bath, hot and cold water, all sanitary plumbing complete, grained in oak, new and never occupied. Within four squares of the Diamond. Terms—$375 down and $18 per month.

$3750 Six room dwelling and store room 20x30 feet. A chance for one who wants a home and to go into the retail grocery business. The location for a grocery store is one of the best in the city, being in a closely built up neighborhood with no stores conveniently located. It is sure to command the trade of its district and neighborhood and it is grocery stores located as this is that make the money. Location overcomes the necessity of meeting ruinous competition and with less expenses and with regular trade the merchant prospers when his contemporary in the city's center does five times the business and makes less. The dwelling is modern, containing bath, hot and cold water, sanitary sewer connections, porticos, gas, electric light wiring, china closets, cabinet mantel, etc. This is an opportunity for some one—will it be you? Terms—$750 down; balance $30 monthly.

$1650 Six rooms, slate roof, front, back and side porticos, grained inside, well arranged, comfortable and convenient. Good cellar, drilled well with force pump. Lot 40x100. Commands a fine view, is easy of access, within one minute's walk of north side street car line. It is located one-half square east of the Calcutta road just beyond Riverview cemetery. Terms—$450 down; balance $10 per month.

Other properties we would note as follows as being on sale with us (particulars furnished upon inquiry). Ten room brick house, lot 33x133, Sixth street, $5,200; new ten room house, lot 40x100, Ogden street, $2,500; six room modern house, Spring street, $2,900; four rooms, water and gas, lot 30x100 Minerva street, $1,850; ten room modern double house near Second street, $3,000; four rooms, new, just completed, McKinnon addition, $1,200; three rooms and small lot, Cadmus street, $700; two rooms and large lot Gardendale, $400; four rooms, lot 30x100, Pennsylvania avenue, East End, $1,450; six rooms, new, Sheridan avenue, $2,750; five rooms, pantry, lot 30x100, Bradshaw avenue, $1,850; six rooms, furnace, gas, lot 30x100, Eighth street, $2,400; four rooms, just new, Oakland addition, $1,200; four rooms, new, Maple street, East End, $1,250; four rooms, Ohio avenue, East End, $1,750; seven rooms and five rooms on Third street, $5,500; seven rooms on Pine street, $2,500.

Restaurant and dwelling of 12 rooms furnished in part. Well suited and located for a boarding or mealing house. See us for terms and price.

We have 25 times as many more properties. Call and see us about any or all of them. We will sell on terms to suit your income. Why pay rent when you can own a home? Don't you know that by paying a dollar on each $100 you owe will wipe out the debt and interest in ten years? For instance, fifteen dollars paid monthly for ten years will pay off a $1,500 debt and interest. It's not how much money one spends but how one spends it that makes one's financial weal or woe.

ZOAR COMMUNITY ALMOST A MEMORY

The Once Famous Sect Offers Its Church to the Lutheran Synod.

Pittsburg, August 22.—By the action of the Ohio Joint Synod of the Lutheran church in appointing a committee to establish a church at Zoar, O., the absorption of the famous old Zoar community by the Lutherans was practically assured, and the old communistic organization, which flourished for many years, will be but a memory.

The Zoarites have already tendered their church building to the Lutheran synod. Services in it have been all but abandoned for a year. Other property will soon be transferred, now that the Lutheran denomination promises to take up the work. The rapid disintegration of the organization resulted in the dissolution of the community and the abandonment of the church.

WILLING WORKERS

Tender a Delightful Surprise to Mrs. John Hohman, of Fourth Street.

A delightful entertainment was given last evening as a surprise on Mrs. John Hohman, of Fourth street, who yesterday celebrated her birthday anniversary. The surprise was given by the Willing workers, an enthusiastic organization of St. John's Evangelical Lutheran church.

Those present were: Mr. and Mrs. Edwin Oppelt, Mr. and Mrs. Mear, Mr. and Mrs. Steinfeld, Mr. and Mrs. Burton, Mr. and Mrs. Shiver, Mrs. Potem, Mrs. Aosman, Mr. and Mrs. Deitz, Miss Sarah Rowe, Mrs. Wagner, Miss May Rahrew, Mrs. Hipner, Mrs. Agner, Rev. and Mrs. J. G. Reinartz, Mrs. Kratz, Miss Pepin.

Mr. and Mrs. Louis Kartlock, of Pittsburg, who are the guests of Mr. and Hohman, were also present. The evening was spent enjoying the music of the Ironquois quartet which rendered a number of pleasing selections. A luncheon was served during the evening, the table being beautifully decorated with cut flowers. The hostess was ably assisted by Mrs. Willis Cunning. Mrs. Hohman was unexpectedly surprised by a number of useful gifts, among them being a handsome vase which was presented by the Willing Workers.

Adams-Miller.

A wedding which will come as a surprise to a number of East Liverpool citizens was the marriage of Miss Mary Adams, daughter of Rev. and Mrs. Samuel Hawley Adams, of Clifton, N. Y., and Prof. William James Miller, who was formerly a resident of this city. Prof. Miller, who is the son of Mr. and Mrs. George Miller, of Cannon's Mills, for several successive years has been a teacher in the local public schools and last year completed a successful term as principal of the Horace Mann school. Among those who were present at the marriage were Mr. and Mrs. George Miller and Mrs. J. W. Gipner. Prof. and Mrs. Miller will make their future home at Wooster.

Two Couples Wedded.

Lisbon, August 22.—(Special)—There was a double wedding in the probate court room just before noon today when William Maloney and Mrs. Cora Tarbet and David Clayton and Miss Lulu Tarbet, all of Bayard, were united in marriage by Justice Lodge Liddle.

CONFERENCE END IS NOT IN SIGHT

Sanitary Ware Scale Still Occupying President Duffy's Attention.

A DECISION NEXT WEEK

The President Finds the East Well Well Organized—The Outlook Is Very Bright for the Potteries of New Jersey.

From a Staff Correspondent.

Trenton, N. J., August 22.—It is highly probable that the conference between the sanitary manufacturers and the committee representing the National Brotherhood of Operative Potters will run over into next week. Thus far the conference has done nothing but discuss the points at issue and it may take a few more meetings before anything definite is accomplished. Although the manufacturers have conceded the men a few of the propositions, their final acceptance depends entirely upon the action they may take on the few remaining.

The conference is one of the most important that has taken place in this city in several years and around the result is gathered considerable interest. The result will affect not only the pressers, but other branches of the pottery industry employed in sanitary plants. The manufacturers all through have shown a peaceful attitude and there is no doubt as to the result. It is possible that some of the proposals may have to be amended but the majority are likely to meet with the bosses' approval.

President Thomas J. Duffy has been present at the three conferences which have been held in the Y. M. C. A. building. In speaking to a News Review representative as to the outcome of the meetings, he said:

"I do not think there is any question as to what the outcome will be. The manufacturers are very careful in what they say and do and for that reason the conference has been prolonged. The manufacturers have already conceded us several points, but their final acceptance depends largely on the attitude they display toward the others."

It was Mr. Duffy's intentions to leave for East Liverpool about the last of this week, but the chances are that his departure will have to be deferred. The result of the referendum vote on the proposition of the western manufacturers in reference to the uniform price list awaits his attention and he prefers to be on hand after the votes are counted, instead of conducting the affairs of the organization by long distance.

Mr. Duffy, when he was not engaged in the work of the conference, accompanied by Vice President Hutchins, attended the meetings of the locals and before each delivered a short address upon matters pertaining to the welfare of the organization.

"I find the east thoroughly organized," said Mr. Duffy last night. "The potters today are better organized than at any time in their history. I look for great things from the east. It is under good officers who have the affairs of the organization at heart. I find that here in the east, as the result of the organization, that the condition of the potters has greatly improved. There is, however, still much to do in the way of legislation but what the potters of the east need is a subject for the next convention to consider."

President Duffy, and, in fact, none of the national officers has taken any hand in the dippers' strike at the Keystone pottery which is still unsettled. In fact, the matter has not been officially reported at headquarters, and no effort has been made as yet to effect a settlement. The trouble arose over the firm discharging one of the dippers. The company claims that his discharge was necessitated by the fact that he was unable to turn out the ware satisfactory and his services were dispensed with. The other members of this branch of the trade employed in the shop held that his discharge was brought about through discrimination and they all struck. Notices have been published in all the local papers warning dippers not to go near the plant until the strike is settled.

A general feeling of satisfaction prevails among Trenton pottery manufacturers over the prospect for the fall trade. Domestic crockery is in big demand. Some of the local potteries report that their business for August so far has been equal to or better than last year. In most instances the business eminates from the traveling men on the road, although a number of prominent New York and Philadelphia buyers have run in here during the past week to inspect stock. Hotel china, the manufacturers say, is experiencing a season of popularity, also dinner sets while toilet ware appears to be running ahead of last year.

A SHORT SESSION OF SERVICE BOARD

General Manager Healy's Letter of Explanation Was Not Ready. Routine Business.

The regular meeting of the board of public service held last evening was of very short duration. It was expected that the letter of explanation from General Manager Healy would be presented, but it was not and Clerk Gipner was instructed to notify him to have it before the body on Monday night. It will then be turned over to council.

A number of bills were presented to the board and all of them were paid as recommended, except the bill of the Ceramic City Light company, which was curtailed considerably owing to the discovery of a number of lights being out during the past month. The board rather expects some wrangling over the action but is only very desirous that there should be. Then a thorough investigation will be made as to the service in the city. President Taylor is of the opinion that the city is paying for scores of lights that do not burn and is hot on the trail of the light company.

MET THE DIRECTORS

Mr. Hale, Called As Y. M. C. A. Secretary, Favorably Impressed With East Liverpool.

W. R. Hale, the North Adams, Mass., man who came to this city a few days ago to look over the field before accepting the call extended by the Y. M. C. A. directors to succeed M. C. Wright as general secretary of the association, left for his home at noon today without having given a final answer. Mr. Hale and the directors of the association held a conference at the association parlors last night, at which they became pretty well acquainted. It is known that Mr. Hale was favorably impressed with the city but he will reserve his decision until he consults with near relatives at his home.

The question of a physical director to succeed Professor Stephens was not taken up.

so badly crushed that very little hops is entertained of his recovery. Laura Dinger was knocked down. The wheels struck her upon the chest and limbs, wounding her seriously. The horses ran through the town and were not caught until the fire had been extinguished. The loss of the engine was a severe handicap to the firemen.

The total loss on the three buildings is about $50,000 covered by an insurance of about $40,000.

DISORDERLY HOUSES MUST BE ABATED

Mayor Weaver Announces That Warfare Will be Waged Against Them in Near Future.

Mayor Weaver having become cognizant of the fact that there are a number of disorderly houses in the West End, and that they have been running openly for some time, has decided to wage strenuous wartare against them.

The proprietos of one of the houses evidently thought the mayor intended to start something of the sort as he sold his house to another party a few days ago and left the city saying: "I don't want to be in East Liverpool when the grand jury meets. I know there will be something doing."

Burned Himself to Death.

Washington, Pa., Aug. 22.—Driven to distraction because accused of theft, Samuel Rosenberg, aged 20, residing in Midland No. 1, committed suicide in a horrible manner. He saturated his clothes with kerosene and applied a match to them. He was so badly burned that he died in three hours. Thinking, however, that his attempt was not a successful one, he endeavored to jump from a second-story window, but was prevented.
